Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If the weighted-average dumping margin for Sucroal (*i.e.*, the sole individually-examined respondent in this review) is not zero or *de minimis* (*i.e.*, greater than or equal to 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* assessment rates for the merchandise based on the ratio of the total amount of dumping calculated for the examined sales made during the POR to each importer and the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* assessment rate is zero or *de minimis* in the final results of the review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁴ If a respondent's weighted-average dumping margin is zero or *de minimis* in the final results of the review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*, *i.e.*, “{w}here the weighted-average margin of dumping for the exporter is determined to be zero or *de minimis*, no antidumping duties will be assessed.”¹⁵

For entries of subject merchandise during the POR produced by Sucroal for which the producer did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company (or companies) involved in the transaction.¹⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP

not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Sucroal will be equal to the weighted-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent, and therefore *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or in the investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 28.48 percent, the rate established in the investigation of this proceeding.¹⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h)(1).

Monosodium Glutamate From the Republic of Indonesia: Final Results of Antidumping Duty Administrative Review; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that PT. Miwon Indonesia (Miwon) made sales of subject merchandise below normal value, and that PT. Cheil Jedang Indonesia (CJ Indonesia) did not. The period of review (POR) is November 1, 2018, through October 31, 2019.

DATES: Applicable July 22, 2021.

FOR FURTHER INFORMATION CONTACT: Andrew Huston, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4261.

SUPPLEMENTARY INFORMATION:

Background

On March 25, 2021, Commerce published the *Preliminary Results* of the administrative review of the antidumping duty (AD) order on monosodium glutamate (MSG) from the Republic of Indonesia (Indonesia).¹ For a history of events that have occurred since the *Preliminary Results*, see the *Issues and Decision Memorandum*.²

Scope of the Order

The merchandise covered by the antidumping duty order is MSG, whether or not blended or in solution with other products. For a complete description of the scope of the order, see the Issues and Decision Memorandum.

Analysis of Comments Received

Commerce addressed all issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum. These issues are identified in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we have made certain changes to the margin calculation for Miwon since the *Preliminary Results*. We have recalculated Miwon’s general and administrative expense ratio and corrected a clerical error in Miwon’s home market program.³ We have made no changes to the margin calculation for CJ Indonesia.

Final Results of Review

As a result of this administrative review, we determine the following weighted-average dumping margins for the period November 1, 2018, through October 31, 2019:

Manufacturer/exporter	Weighted-average margin (percent)
PT. Cheil Jedang Indonesia	* 0.00
PT. Miwon Indonesia	6.75

*De minimis.

Disclosure

Commerce intends to disclose the calculations performed for Miwon in these final results to interested parties within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b). No changes were made to CJ Indonesia’s calculations since the

Preliminary Results, therefore we will not release the calculations for CJ Indonesia.

Assessment

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this administrative review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent reported reliable entered values, Commerce calculated importer- (or customer-) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer).⁴ Where Commerce calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer- (or customer-) specific assessment rates based on the resulting per-unit rates.⁵ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is greater than *de minimis* (*i.e.*, 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.⁶ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁷

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise that entered the United States during the POR that were produced by CJ Indonesia or Miwon for which the respondent did not know that its merchandise was destined to the United States, Commerce will instruct CBP to liquidate unreviewed entries at the all-

others rate of 6.19 percent,⁸ if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of the final results of this administrative review for all shipments of MSG from Indonesia entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) For the companies covered by this review, the cash deposit rate will be the rates listed above in the section “Final Results of Review”; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in a completed segment for the most recent period of review; (3) if the exporter is not a firm covered in this review or in the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 6.19 percent, the all-others rate established in the investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the

Corrosion-Resistant Steel Products From the Republic of Korea: Amended Final Results of Antidumping Duty Administrative Review; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending the final results of the antidumping duty administrative review of the antidumping duty order on certain corrosion resistant steel products (CORE) from the Republic of Korea (Korea) to correct a ministerial error with respect to Dongkuk Steel Mill Co., Ltd. (Dongkuk)’s final margin rate. The period of review is July 1, 2018, through June 30, 2019.

DATES: Applicable July 22, 2021.

FOR FURTHER INFORMATION CONTACT: Leo Ayala, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3945.

SUPPLEMENTARY INFORMATION:

Background

On May 27, 2021, Commerce published its *Final Results*.¹ On June 1, 2021, we received timely-filed ministerial error comments from Dongkuk alleging that Commerce made a ministerial error in the *Final Results*.² No other party made an allegation of ministerial errors. After reviewing the allegation, we determine that the *Final Results* included a ministerial error with respect Dongkuk’s final margin rate calculation. Therefore, we made a change, as described below, to the *Final Results*.

Scope of the Order

The products covered by this order is CORE from Korea. For a complete description of the scope of the order, see the *Final Results*.

Legal Framework

A ministerial error, as defined in section 751(h) of the Tariff Act of 1930, as amended (the Act), includes “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.”³ With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate, correct any ministerial error by amending . . . the final results of review.”

Ministerial Error

Dongkuk alleged that Commerce made a ministerial error in the *Final Results* within the meaning of section 751(h) of the Act and 19 CFR 351.224(f) by incorrectly calculating Dongkuk’s total cost of manufacturing. We agree. Therefore, pursuant to 19 CFR 351.224(e), we are amending the *Final Results* to correct this error. This correction results in a change to Dongkuk’s weighted-average dumping margin and also changes the rate calculated for the non-individually-examined companies. For a detailed discussion of the ministerial error allegation, as well as Commerce’s analysis, see the Ministerial Error Memorandum.⁴

Amended Final Results of the Review

We are assigning the following weighted-average dumping margins to the firms listed below for the period July 1, 2018, through June 30, 2019:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Dongkuk Steel Mill Co., Ltd. (Dongkuk)	0.66
Non-individually Examined Companies:	
POSCO	0.74
POSCO Coated & Color Steel Co., Ltd	0.74
POSCO Daewoo Corporation	0.74
POSCO International Corporation	0.74
