3. *Type of submission:* New.

4. *The form number, if applicable:* Not applicable.

5. *How often the collection is required or requested:* Information would be requested: (1) Every five years, (2) after an Indian Tribe achieves Federal recognition, (3) when a transportation route is approved that is within an Indian Tribe’s reservation or that crosses a reservation boundary, and (4) when there are changes. Information is requested from those Indian Tribes

seeking to receive advance notifications. Some information is requested one time.

6. *Who will be required or asked to respond:* Federally recognized Indian Tribes. Only those federally recognized Indian Tribes with reservations and either receiving or seeking to receive the advance notifications would be asked to respond to the specific information request.

If the Tribal official is designating another person to receive the advance notifications, information on the designation will be provided. The Indian Tribe will also provide the contact information for the Tribal official or the Tribal official’s designee(s). The Indian Tribe will also provide an affirmation of the boundaries of the Indian Tribe’s reservation or the necessary corrections to a map provided by the NRC. The NRC will also collect the name and contact information for the Indian Tribe’s emergency response contact(s). The NRC makes this information available to others, including NRC licensees and agreement state licensees. NRC licensees will use the information to comply with the NRC’s regulations that require them to provide advance notice of certain shipments of radioactive material to participating Indian Tribes.
