This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

**DEPARTMENT OF AGRICULTURE**

**Agricultural Research Service**

**Notice of Intent To Renew a Currently Approved Information Collection**

**AGENCY:** Agricultural Research Service, USDA.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act and Office of Management and Budget (OMB) regulations, this notice announces the intention of the Agricultural Research Service (ARS) to seek approval to collect information in support of research and related activities.

**DATES:** Comments on this notice must be received on or September 27, 2021 to be assured of consideration.

**ADDRESSES:** Address all comments concerning this notice to Jill Lake, ARS Webmaster, 5601 Sunnyside Avenue, Beltsville, Maryland 20705.

**FOR FURTHER INFORMATION CONTACT:** Jill Lake, ARS Webmaster, jill.lake@usda.gov.

**SUPPLEMENTARY INFORMATION:**

*Title:* Web Forms for Research Data, Models, Materials, and Publications as well as Study and Event Registration.

*Type of Request:* Extension and Revision of a Currently Approved Information Collection.

*OMB Number:* 0518–0032.

*Expiration Date:* February 28, 2022.

*Abstract:* Sections 1703 and 1705 of the Government Paperwork Elimination Act (GPEA), (Pub. L. 105–277) Title XVII, require agencies by October 21, 2003, to provide the public with the option of electronic submission of information. To advance GPEA goals, online forms are needed to allow the public to request from ARS research data, models, materials, and publications and to register for scientific studies and events. For the convenience of the public, the forms itemize the information needed to provide a timely response. Information from forms will be used by ARS only for the purposes identified.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 3 minutes per response (range: 1–5 minutes).

*Respondents:* Agricultural researchers; students; teachers; businesspeople; members of service organizations; community groups; other Federal, State, and local government agencies; and the general public.

*Estimated Number of Respondents:* 11,600. This is an increase of 2,850 from the 8,750 estimated respondents in the previous Approved Information Collection due to an annual increase in actual respondents since the 2018 estimate, as well as 10 more software models available for download. As of July 2021, 157 software models were available for download through the ARS website https://www.ars.usda.gov/research/software/.

*Estimated Number of Responses per Respondent:* 1.

*Estimated Total Annual Burden on Respondents:* 580 hours.

Copies of forms used in this information collection can be obtained from Jill Lake, ARS Webmaster, jill.lake@usda.gov.

The information collection extension requested by ARS is for a period of 3 years.

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Simon Y. Liu, Acting Administrator, ARS.

**Animal and Plant Health Inspection Service**

[Docket No. APHIS–2015–0058]

**Withdrawal of an Environmental Assessment and Finding of No Significant Impact for High Pathogenicity Avian Influenza Control in Commercial Poultry Operations—A National Approach**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Notice.

**SUMMARY:** We are advising the public that we are withdrawing a final environmental assessment and finding of no significant impact that the Animal and Plant Health Inspection Service prepared under the National Environmental Policy Act relative to a national approach for the control of highly pathogenic avian influenza outbreaks within the United States. We are withdrawing the final environmental assessment and the associated finding of no significant impact pending further evaluation.

**FOR FURTHER INFORMATION CONTACT:** Ms. Lori Miller, PE, Senior Staff Officer and Environmental Engineer, APHIS Veterinary Services, 4700 River Road, Unit 41, Riverdale, MD 20737; (301) 851–3512.

**SUPPLEMENTARY INFORMATION:** Highly pathogenic avian influenza (HPAI) is an infectious and often fatal disease of poultry. In December 2014, two mixed-origin H5 viruses of HPAI were discovered in the United States. These viruses were subsequently detected in both migratory waterfowl and domestic poultry and affected domestic poultry production within the United States.

On February 9, 2016, the Animal and Plant Health Inspection Service (APHIS) published a notice in the Federal Register (81 FR 6828, Docket No.
