SMALL BUSINESS ADMINISTRATION (SBA)

Proposed Rule Stage

227. Small Business Size Standards; Alternative Size Standard for 7(A), 504, and Disaster Loan Programs

Legal Authority: Pub. L. 111–240, sec. 1116

Abstract: SBA will propose amendments its size eligibility criteria for Business Loans, certified development company (CDC) loans under title V of the Small Business Investment Act (504) and economic injury disaster loans (EIDL). For the SBA 7(a) Business Loan Program and the 504 program, the amendments will provide an alternative size standard for loan applicants that do not meet the small business size standards for their industries. The Small Business Jobs Act of 2010 (Jobs Act) established alternative size standards that apply to both of these programs until SBA’s Administrator establishes other alternative size standards. For the disaster loan program, the amendments will provide an alternative size standard for loan applicants that do not meet the Small Business Size Standard for their industries. SBA loan program alternative size standards do not affect other Federal Government programs, including Federal procurement.

Legal Authority: 15 U.S.C. 632(a)
Abstract: The Small Business Jobs Act of 2010 (Jobs Act) requires SBA to conduct every five years a detailed review of all size standards and to make appropriate adjustments to reflect market conditions. As part of the second 5-year review of size standards under the Jobs Act, in this proposed rule, SBA

will evaluate all industries in North American Industry Classification System (NAICS) Sector 31–33 (Manufacturing) and industries with employee-based size standards in other sectors except Wholesale Trade and Retail Trade and make necessary adjustments to their size standards. This is one of a series of proposed rules that will examine groups of NAICS sectors. SBA will apply its revised Size Standards Methodology, which is available on its website at <http://www.sba.gov/size>, to this proposed rule.

230. Small Business Size Standards: Calculation of Number of Employees for all Programs and of Average Annual Receipts in Business Loan, Disaster Loan, and Small Business Investment Company Programs

Legal Authority: 15 U.S.C. 632(a)(2); Pub. L. 115–324; Pub. L. 116–238

Abstract: In accordance with section 863 of the National Defense Authorization Act for Fiscal Year 2021, Public Law 116–238, in this rulemaking SBA proposes to change the averaging period for employee-based size standards from 12 months to 24 months. In addition, the Small Business Runway Extension Act of 2018, Public Law 115–324, amended the Small Business Act to provide for calculation of average annual receipts using a 5-year average, rather than the prior 3-year average, in defined circumstances. In RIN 3245–AH16, SBA implemented the Small Business Runway Extension Act in programs other than SBA’s loan programs—including SBA’s procurement programs—and SBA issued its final rule in that first rulemaking on December 5, 2019 (84 FR 66561). This second rulemaking would consider how to address the Small Business Runway Extension Act in SBA’s business loan, disaster loan, and SBIC programs. Specifically, SBA also proposes to permit businesses in its Business Loan, Disaster Loan, and Small Business Investment Company (SBIC) Programs to use a 5-year averaging period, in addition to the existing 3-year averaging period, for the purposes of calculating annual average receipts. These proposed changes will allow larger small businesses to retain their small business size status for longer, and some mid-sized businesses to regain small business status.

231. National Defense Authorization Act of 2020, Credit for Lower Tier Subcontracting and Other Amendments

Legal Authority: Pub. L. 116–92
Abstract: Section 870 of the National Defense Authorization Act of 2020

(NDAA 2020) made a change that will require SBA to amend its regulations. Specifically, the language of NDAA 2020 requires SBA to alter the method and means of accounting for lower tier small business subcontracting. This proposed rule may also contain several smaller changes that might be necessary to implement this provision and other provisions in NDAA 2020.

Final Rule Stage

232. Small Business Timber Set-Aside Program

Legal Authority: 15 U.S.C. 631; 15 U.S.C. 644(a)

Abstract: The U.S. Small Business Administration (SBA or Agency) is amending its Small Business Timber Set-Aside Program (the Program) regulations. The Small Business Timber Set-Aside Program is rooted in the Small Business Act, which tasked SBA with ensuring that small businesses receive a fair proportion of the total sales of government property. Accordingly, the Program requires Timber sales to be set aside for small business when small business participation falls below a certain amount. SBA considered comments received during the Advance Notice of Proposed Rulemaking and Notice of Proposed Rulemaking processes, including on issues such as, but not limited to, whether the saw timber volume purchased through stewardship timber contracts should be included in calculations, and whether the appraisal point used in set-aside sales should be the nearest small business mill. In addition, SBA is considering data from the timber industry to help evaluate the current program and economic impact of potential changes.

237. Small Business Size Standards: Adjustment of Monetary Based Size Standards for Inflation

Legal Authority: 15 U.S.C. 632(a)

Abstract: In this final rule, the U.S. Small Business Administration (SBA or Agency) adjusts all monetary based industry size standards (*i.e.*, receipts, assets, net worth, and net income) for inflation since the last adjustment in 2014. In accordance with its regulations in 13 CFR 121.102(c), SBA is required to review the effects of inflation on its monetary standards at least once every five years and adjust them, if necessary. In addition, the Small Business Jobs Act of 2010 (Jobs Act) also requires SBA to conduct every five years a detailed review of all size standards and to make appropriate adjustments to reflect market conditions. This action will restore the small business eligibility of businesses that have lost that status due to inflation.
