

TABLE 1—DRAFT RISK ASSESSMENTS BEING MADE AVAILABLE FOR PUBLIC COMMENT

Registration review case name and number	Docket ID No.	Chemical review manager and contact information
Copper 8 quinolinolate, Case: 5118	EPA-HQ-OPP-2010-0454.	Peter Bergquist, Bergquist.Peter@epa.gov , 703-347-8563.
DCNA, Case: 0113	EPA-HQ-OPP-2016-0141.	Kent Fothergill, Fothergill.Kent@epa.gov , 703-347-8299.
Nabam, Case: 0641	EPA-HQ-OPP-2012-0339.	Erin Dandridge, Dandridge.Erin@epa.gov , 703-347-0185.
Triadimefon & Triadimenol, Case: 2700 & 7008	EPA-HQ-OPP-2016-0114.	Matthew B. Khan, Khan.Matthew@epa.gov , 703-347-8613.

Pursuant to 40 CFR 155.53(c), EPA is providing an opportunity, through this notice of availability, for interested parties to provide comments and input concerning the Agency's draft human health and/or ecological risk assessments for the pesticides listed in the Table in Unit IV. The Agency will consider all comments received during the public comment period and make changes, as appropriate, to a draft human health and/or ecological risk assessment. EPA may then issue a revised risk assessment, explain any changes to the draft risk assessment, and respond to comments.

Information submission requirements. Anyone may submit data or information in response to this document. To be considered during a pesticide's registration review, the submitted data or information must meet the following requirements:

- To ensure that EPA will consider data or information submitted, interested persons must submit the data or information during the comment period. The Agency may, at its discretion, consider data or information submitted at a later date.

- The data or information submitted must be presented in a legible and useable form. For example, an English translation must accompany any material that is not in English and a written transcript must accompany any information submitted as an audiographic or videographic record. Written material may be submitted in paper or electronic form.

- Submitters must clearly identify the source of any submitted data or information.

- Submitters may request the Agency to reconsider data or information that the Agency rejected in a previous review. However, submitters must explain why they believe the Agency should reconsider the data or information in the pesticide's registration review.

As provided in 40 CFR 155.58, the registration review docket for each pesticide case will remain publicly accessible through the duration of the

registration review process; that is, until all actions required in the final decision on the registration review case have been completed.

Authority: 7 U.S.C. 136 *et seq.*

Dated: July 26, 2021.

Mary Reaves,

Acting Director, Pesticide Re-Evaluation Division, Office of Pesticide Programs.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-XXXX, OMB 3060-1270; FR ID 40994]

Information Collections Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees." The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments and recommendations for the proposed

information collection should be submitted on or before September 2, 2021.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418-2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed

collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

OMB Control Number: 3060-XXXX.

Title: 47 CFR Section 90.372, Dedicated Short-Range Communications (DSRC) Notification Requirement.

Form No.: N/A.

Type of Review: New information collection.

Respondents: Business or other for-profit, Not-for-profit institutions, Federal Government, and State, Local or Tribal Government.

Number of Respondents and Responses: 125 respondents; 125 responses.

Estimated Time Per Response: 2 hours.

Frequency of Response: Recordkeeping requirement; On occasion and one-time reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in sections 309 and 316 of the Communications Act of 1934, as amended, 47 U.S.C. 309 and 316.

Total Annual Burden: 250 hours.

Total Annual Cost: \$62,500.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: No information is requested that would require assurance of confidentiality.

Needs and Uses: The Commission will submit this information collection to OMB as a new collection after this 60-day comment period to obtain the full three-year clearance.

On November 20, 2020, the Federal Communications Commission released a First Report and Order, Further Notice of Proposed Rulemaking, and Order of Proposed Modification, Use of the 5.850–5.925 GHz Band, ET Docket No. 19–138. Among other things, the Commission repurposed 45 megahertz of the 5.850–5.925 GHz band (the 5.9 GHz band), specifically the spectrum

from 5.850–5.895 GHz, to allow for the expansion of unlicensed operations into the sub-band. At the same time, the Commission recognized that the 5.9 GHz band plays an important role in supporting intelligent transportation system (ITS) operations, and therefore continued to dedicate 30 megahertz of the 5.9 GHz band, specifically the sub-band from 5.895–5.925 GHz, for use by the ITS radio service. In addition, to promote the most efficient and effective use of the remaining ITS spectrum, the Commission will require ITS operations in the 5.895–5.925 GHz sub-band to transition from the current technology, Dedicated Short-Range Communications (DSRC), to the emerging Cellular Vehicle-to-Everything (C-V2X)-based technology by the end of a transition period to be decided following action on the Further Notice.

47 CFR New Section 90.372 requires DSRC licensees to notify the Commission that they have ceased operations in the 5.850–5.895 GHz sub-band. Below is section 90.372 as adopted in the First Report and Order.

§ 90.372 DSRC Notification Requirement

(a) DSRC licensees authorized pursuant to 90.370(b) must notify the Commission that as of the transition deadline of July 5, 2022, they have ceased operating in the 5.850–5.895 GHz portion of the band. This notification must be filed via ULS within 15 days of the expiration of the transition deadline.

(b) Continued operation in the 5.850–5.895 GHz portion of the band after the transition deadline, will result in automatic termination of that licensee's authorization without specific Commission action.

OMB Control Number: 3060-1270.

Title: Protecting National Security Through FCC Programs.

Form Number: N/A.

Type of Review: Revision of a currently approved information collection.

Respondents: Business or other for profit.

Number of Respondents and Responses: 3,500 respondents; 10,250 responses.

Estimated Time per Response: 0.5–12 hours.

Frequency of Response: Annual, semi-annual and recordkeeping requirements.

Obligation to Respond: Mandatory and required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 1603–1604.

Total Annual Burden: 27,400 hours.

Total Annual Cost: 1,125,000.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting that respondents submit confidential information to the FCC. However, respondents may request confidential treatment of their information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) as a revision during this comment period to obtain the full three year clearance from OMB. Under this information collection, the Communications Act of 1934, as amended, requires the "preservation and advancement of universal service." 47 U.S.C. 254(b). The information collection requirements reported under this collection are the result of the Federal Communications Commission's (the Commission) actions to promote the Act's universal service goals.

On November 22, 2019, the Commission adopted the *Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs*, WC Docket No. 18–89, Report and Order, Order, and Further Notice of Proposed Rulemaking, 34 FCC Rcd 11423 (2019) (*Report and Order*). The *Report and Order* prohibits future use of Universal Service Fund (USF) monies to purchase, maintain, improve, modify, obtain, or otherwise support any equipment or services produced or provided by a company that poses a national security threat to the integrity of communications networks or the communications supply chain.

On March 12, 2020, the President signed into law the Secure and Trusted Communications Networks Act of 2019 (Secure Networks Act), Public Law 116–124, 133 Stat. 158 (2020) (codified as amended at 47 U.S.C. 1601–1609), which among other measures, directs the FCC to establish the Secure and Trusted Communications Networks Reimbursement Program (Reimbursement Program). This program is intended to provide funding to providers of advanced communications service for the removal, replacement and disposal of certain communications equipment and services that poses an unacceptable national security risk (*i.e.*, covered equipment and services) from their networks. The Commission has designated two entities—Huawei Technologies Company (Huawei) and ZTE Corporation (ZTE), along with their affiliates, subsidiaries, and parents—as covered companies posing such a national security threat. See *Protecting Against National Security Threats to the*

Communications Supply Chain Through FCC Programs—Huawei Designation, PS Docket No. 19–351, Memorandum Opinion and Order, 35 FCC Rcd 14435 (2020); *Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs—ZTE Designation*, PS Docket No. 19–352, Memorandum Opinion and Order, DA 20–1399 (PSHSB rel. Nov. 24, 2020).

On December 10, 2020, the Commission adopted the *Second Report and Order* implementing the Secure Networks Act, which contained certain new information collection requirements. See *Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs*, WC Docket No. 18–89, Second Report and Order, 35 FCC Rcd 14284 (2020) (*Second Report and Order*). These requirements will allow the Commission to receive, review and make eligibility determinations and funding decisions on applications to participate in the Reimbursement Program that are filed by certain providers of advanced communications service. These new information collection requirements will also assist the Commission in processing funding disbursement requests and in monitoring and furthering compliance with applicable program requirements to protect against waste, fraud, and abuse.

On December 27, 2020, the President signed into law the Consolidated Appropriations Act, 2021, appropriating \$1.9 billion to “carry out” the Reimbursement Program and amending the Reimbursement Program eligibility requirements to expand eligibility to include providers of advanced communications service with 10 million or fewer subscribers. See Public Law 116–260, Division N-Additional Coronavirus Response and Relief, Title IX-Broadband Internet Access Service, §§ 901, 906, 134 Stat. 1182 (2020). The Commission has interpreted the term “provider of advanced communications service” to mean “facilities-based providers, whether fixed or mobile, with a broadband connection to end users with at least 200 kbps in one direction.” *Second Report and Order*, 35 FCC Rcd at 14332, para. 111. Participation in the Reimbursement Program is voluntary but compliance with the new information collection requirements is required to obtain Reimbursement Program support.

The Secure Networks Act requires all providers of advanced communications service to annually report, with exception, on whether they have purchased, rented, leased or otherwise obtained covered communications

equipment or service on or after certain dates. 47 U.S.C. 1603(d)(2)(B). The *Second Report and Order* adopted a new information collection requirement to implement this statutory mandate. See Secure Networks Act § 5. If the provider certifies it does not have any covered equipment and services, then the provider is not required to subsequently file an annual report, unless it later obtains covered equipment and services. *Second Report and Order* at para. 215.

This submission is for new information collection requirements contained in the *Second Report and Order* adopted by the Commission on December 10, 2020. The new requirements are necessary for the creation of a \$1.9 billion reimbursement program, as directed by Congress in the Secure Networks Act, as amended. This submission also covers a related information collection requirement necessitated by the Secure Networks Act and/or the *Second Report and Order* and proposes to eliminate a previously approved information collection requirement that is no longer necessary.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 40816]

Privacy Act of 1974; System of Records

AGENCY: Federal Communications Commission.

ACTION: Notice of a modified System of Records.

SUMMARY: The Federal Communications Commission (FCC or Commission or Agency) has modified an existing system of records, FCC/PSHSB–1, FCC Emergency and Continuity Alerts and Contacts System (ECACS), subject to the Privacy Act of 1974, as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the Agency. The FCC’s Public Safety and Homeland Security Bureau (PSHSB) uses the information in ECACS to prepare for and coordinate crisis response activities wherever they occur in the United States and its territories. The FCC is modifying FCC/PSHSB–1 to add information it will use to alert the designated emergency

contacts of Commission staff of an emergency involving the FCC or a staff member.

DATES: This action will become effective on August 3, 2021. Written comments on the system’s routine uses are due by September 2, 2021. The routine uses in this action will become effective on September 2, 2021 unless written comments are received that require a contrary determination.

ADDRESSES: Send comments to Margaret Drake, at privacy@fcc.gov, or at Federal Communications Commission (FCC), 45 L Street, NE, Washington, DC 20554 at (202) 418–1707.

FOR FURTHER INFORMATION CONTACT: Margaret Drake, (202) 418–1707, or privacy@fcc.gov (and to obtain a copy of the Narrative Statement and the Supplementary Document, which includes details of the modifications to this system of records).

SUPPLEMENTARY INFORMATION: The FCC’s Public Safety and Homeland Security Bureau (PSHSB) uses the information in ECACS to prepare for and coordinate crisis response activities wherever they occur in the United States and its territories. This notice serves to update and modify FCC/PSHSB–1 to add the personally identifiable information (PII) of Commission staff in the form of contact information and emergency contacts. The substantive changes and modifications to the previously published version of the FCC/PSHSB–1 system of records include:

1. Updating the Security Classification to follow OMB and FCC guidance.
2. Updating the Purposes for clarity and to include contacting the emergency contacts designated by FCC staff in case of an emergency involving a staff member.
3. Updating the Categories of Individuals to include emergency contacts designated by FCC staff.
4. Updating the Categories of Records to remove information that is no longer collected by this system and to include contact information for FCC employees’ emergency contacts.
5. Updating the System Location to show the FCC’s new headquarters address.
6. Adding two new Routine Uses: (1) FCC Program Management, to allow designated FCC staff to access the information in connection with the management and operation of a safe workplace, and (9) Non-Federal Personnel, to allow contractors performing or working on a contract for the Federal Government access to information in this system.
