

ad valorem importer/customer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported.²¹ Where an importer/customer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer/customer-specific *ad valorem* assessment rate is zero or *de minimis*,²² Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For respondents not individually examined in this administrative review that qualified for a separate rate, the assessment rate will be equal to the weighted-average dumping margin assigned to the respondent in the final results of this review.²³

Pursuant to Commerce's refinement to its practice, for sales that were not reported in the U.S. sales database submitted by a respondent individually examined during this review, Commerce will instruct CBP to liquidate the entry of such merchandise at the dumping margin assigned to the China-wide entity.²⁴ Additionally, where Commerce determines that an exporter under review had no shipments of subject merchandise to the United States during the POR, any suspended entries of subject merchandise that entered under that exporter's CBP case number during the POR will be liquidated at the dumping margin assigned to the China-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of xanthan gum from China entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of the final results of this administrative review in the **Federal Register**, as provided for by section 751(a)(2)(C) of the Act: (1) For companies granted a separate rate in the final results of this review, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review for the company (except, if the rate is zero or *de minimis*, then a cash deposit rate of zero will be required); (2) for previously investigated or reviewed China and non-China exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity, which is 154.07 percent; and (4) for all non-China exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to China exporter(s) that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 351.221(b)(4).

Certain Corrosion-Resistant Steel Products From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain corrosion-resistant steel products (CORE) from the Republic of Korea (Korea) were sold in the United States at less than normal value (NV) during the period of review of July 1, 2019, through June 30, 2020.

DATES: Applicable August 5, 2021.

FOR FURTHER INFORMATION CONTACT: Jaron Moore or Brian Smith, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3640 or (202) 482–1766, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 3, 2016, Commerce published the antidumping duty order on CORE from Korea.¹ Commerce initiated this administrative review on September 3, 2020.² This review covers

¹ See *Certain Hot-Rolled Steel Flat Products from Australia, Brazil, Japan, the Republic of Korea, the Netherlands, the Republic of Turkey, and the United Kingdom: Amended Final Affirmative Antidumping Determinations for Australia, the Republic of Korea, and the Republic of Turkey and Antidumping Duty Orders*, 81 FR 67962 (October 3, 2016) (*Order*).

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 54983 (September 3, 2020) (*Initiation Notice*).

nine companies,³ of which we selected Dongkuk and Hyundai as mandatory respondents.⁴

On March 18, 2021, we extended the deadline for the preliminary results of this review until July 30, 2021.⁵ For a detailed description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁶

Scope of the Order

The merchandise covered by the Order is CORE from Korea. For a complete description of the scope of the Order, see the Preliminary Decision Memorandum.⁷

Methodology

Commerce is conducting this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Constructed export price and export price were calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of topics

discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/index.html>. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice.

Rate for Non-Examined Companies

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when

calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

In this review, the preliminarily estimated weighted-average dumping margin for Dongkuk is not zero, *de minimis*, or based entirely on facts otherwise available, whereas Hyundai’s preliminary estimated weighted-average dumping margin is zero. Therefore, Commerce has preliminarily assigned Dongkuk’s margin to the non-examined companies in this administrative review in accordance with its practice.⁸

Preliminary Results

We preliminarily determine the following weighted-average dumping margins for the period July 1, 2019, through June 30, 2020:

Exporter/producer	Weighted-average dumping margin (percent)
Dongkuk Steel Mill Co., Ltd	0.59
Hyundai Steel Company	0.00
KG Dongbu Steel Co., Ltd. (formerly Dongbu Steel Co., Ltd.)/Dongbu Incheon Steel Co., Ltd. ⁹	0.59
POSCO	0.59
POSCO Daewoo Corporation	0.59
POSCO International Corporation (formerly POSCO Daewoo Corporation)	0.59
POSCO Coated & Color Steel Co., Ltd	0.59

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and U.S Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. For any individually examined

respondent whose weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review and the respondent reported entered values, we will calculate importer-specific *ad valorem* assessment rates for the merchandise based on the ratio of the

total amount of dumping calculated for the examined sales made during the POR to each importer and the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). If the respondent has not reported entered values, we will calculate a per-unit assessment rate for each importer

³ The nine companies are: Dongbu Incheon Steel Co., Ltd., Dongbu Steel Co., Ltd., KG Dongbu Steel Co., Ltd. (formerly Dongbu Steel Co., Ltd.), Dongkuk Steel Mill Co., Ltd. (Dongkuk), Hyundai Steel Company (Hyundai), POSCO, POSCO Coated & Color Steel Co., Ltd., POSCO Daewoo Corporation, and POSCO International Corporation (formerly, POSCO Daewoo Corporation).

⁹ In a recently completed changed circumstances review, Commerce found that KG Dongbu Steel Co., Ltd. is the successor-in-interest to Dongbu Steel Co., Ltd. for purposes of determining antidumping cash deposits and liabilities. As the facts have not changed with respect to these companies, we continue to treat them as a single entity for purposes of this review.

by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity associated with those transactions. Where an importer-specific *ad valorem* assessment rate is zero or *de minimis* in the final results of review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If a respondent's weighted-average dumping margin is zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*, *i.e.*, “{w}here the weighted-average margin of dumping for the exporter is determined to be zero or *de minimis*, no antidumping duties will be assessed.”¹⁰

In accordance with Commerce's “automatic assessment” practice, for entries of subject merchandise during the POR produced by any of the above-referenced respondents for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate in the original less-than-fair-value (LTFV) investigation (as amended)¹¹ if there is no rate for the intermediate company(ies) involved in the transaction.¹²

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of

publication, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each specific company listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent, and therefore *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated companies not participating in this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the underlying investigation, but the producer is, then the cash deposit rate will be the rate established for the most recent segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 8.31 percent, the all-others rate established in the LTFV investigation (as amended).¹³ These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

We intend to disclose the calculations performed for these preliminary results of review to interested parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, the content of which is limited to issues raised in the case briefs, may be filed no later than seven days after the date for filing case briefs.¹⁴ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁵ Case and rebuttal briefs should be filed using ACCESS¹⁶ and must be served on interested parties.¹⁷ Executive summaries should be limited to five pages total, including footnotes.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via Commerce's electronic records system, ACCESS, within 30 days after the date of publication of this notice.¹⁸ Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold a hearing at a time and date to be determined.¹⁹ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

All submissions to Commerce must be filed using ACCESS²⁰ and must be served on interested parties.²¹ An electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time on the date that the document is due. Commerce has modified certain of its requirements for serving documents containing business proprietary information until further notice.²²

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any case or rebuttal briefs, no later than 120 days after the date of publication of this notice, unless this deadline is extended.²³

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

SUPPLEMENTARY INFORMATION:

I. Abstract

Title II, Section 203(o) of the United States-Colombia Trade Promotion Agreement Implementation Act (the "Act") [Pub. L. 112-42] implements the commercial availability provision provided for in Article 3.3 of the United States-Colombia Trade Promotion Agreement (the "Agreement"). The Agreement entered into force on May 15, 2012. Subject to the rules of origin in Annex 4.1 of the Agreement, pursuant to the textile provisions of the Agreement, fabric, yarn, and fiber produced in Colombia or the United States and traded between the two countries are entitled to duty-free tariff treatment. Annex 3-B of the Agreement also lists specific fabrics, yarns, and fibers that the two countries agreed are not available in commercial quantities in a timely manner from producers in Colombia or the United States. The fabrics listed are commercially unavailable fabrics, yarns, and fibers, which are also entitled to duty-free treatment despite not being produced in Colombia or the United States.

The list of commercially unavailable fabrics, yarns, and fibers may be changed pursuant to the commercial availability provision in Chapter 3, Article 3.3, Paragraphs 5-7 of the Agreement. Under this provision, interested entities from Colombia or the United States have the right to request that a specific fabric, yarn, or fiber be added to, or removed from, the list of commercially unavailable fabrics, yarns, and fibers in Annex 3-B of the Agreement.

Chapter 3, Article 3.3, paragraph 7 of the Agreement requires that the President "promptly" publish procedures for parties to exercise the right to make these requests. Section 203(o)(4) of the Act authorizes the President to establish procedures to modify the list of fabrics, yarns, or fibers not available in commercial quantities in a timely manner in either the United States or Colombia as set out in Annex 3-B of the Agreement. The President

delegated the responsibility for publishing the procedures and administering commercial availability requests to the Committee for the Implementation of Textile Agreements ("CITA"), which issues procedures and acts on requests through the U.S. Department of Commerce, Office of Textiles and Apparel ("OTEXA") (See Proclamation No. 8818, 77 FR 29519, May 18, 2012).

The intent of the U.S.-Colombia TPA Commercial Availability Procedures is to foster the use of U.S. and regional products by implementing procedures that allow products to be placed on or removed from a product list, on a timely basis, and in a manner that is consistent with normal business practice. The procedures are intended to facilitate the transmission of requests; allow the market to indicate the availability of the supply of products that are the subject of requests; make available promptly, to interested entities and the public, information regarding the requests for products and offers received for those products; ensure wide participation by interested entities and parties; allow for careful review and consideration of information provided to substantiate requests, responses and rebuttals; and provide timely public dissemination of information used by CITA in making commercial availability determinations.

CITA must collect certain information about fabric, yarn, or fiber technical specifications and the production capabilities of Colombian and U.S. textile producers to determine whether certain fabrics, yarns, or fibers are available in commercial quantities in a timely manner in the United States or Colombia, subject to Section 203(o) of the Act.

II. Method of Collection

Participants in a commercial availability proceeding must submit public versions of their Requests, Responses or Rebuttals electronically (via email) for posting on OTEXA's website. Confidential versions of those submissions which contain business confidential information must be delivered in hard copy to the Office of Textiles and Apparel (OTEXA) at the U.S. Department of Commerce.
