DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-21-21GY; Docket No. CDC-2021-0079]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled “Performance Monitoring of CDC’s Comprehensive Suicide Prevention Program”. The proposed collection will allow award recipients to report progress and activity information to CDC on an annual schedule using a web-based Partners’ Portal.

DATES: CDC must receive written comments on or before October 5, 2021.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2021-0079 by any of the following methods:

- *Federal eRulemaking Portal:* Regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for

Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to Regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected;

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and

5. Assess information collection costs.

Proposed Project

Performance Monitoring of CDC’s Comprehensive Suicide Prevention Program—New—National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC) seeks OMB approval to collect information from recipients funded under the Comprehensive Suicide Prevention Program cooperative agreement (CE20-2001), hereafter known as CSP. OMB approval is requested for three years of the five-year funding period. The electronic collection of information for program and performance monitoring aligns with three of CDC’s Data Modernization Initiative Key Objectives to:

- Develop and implement cloud-based approaches for automating data collection and supporting multi-directional data flows among STLT partners and CDC.
- Reduce burden for data providers and public health agencies.
- Ensure systems and services are scalable, interoperable, and adaptable to meet evolving needs.

Recipients will report progress and activity information to CDC on an annual schedule using a web-based Partners’ Portal. The Partners’ Portal allows recipients to fulfill their annual reporting obligations efficiently by

employing user-friendly, easily accessible web-based instruments to collect necessary information for both progress reports and continuation applications including work plans. This approach enables recipients to save pertinent information from one reporting period to the next and reduces the administrative burden on the annual continuation application and the performance monitoring process. Awardee program staff can review the

completeness of data needed to generate required reports, enter basic summary data for reports annually, and finalize and save required reports for upload into other reporting systems as required.

Information to be collected will provide crucial data for program performance monitoring and provide CDC with the capacity to respond in a timely manner to requests for information about the program from the Department of Health and Human

Services (HHS), the White House, Congress, and other sources. Information will also strengthen CDC’s ability to monitor awardee progress, provide data-driven technical assistance, and disseminate the most current surveillance data on suicide and suicide attempts. CDC requests approval for an estimated 132 annual burden hours. There is no cost to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
CSP Program Recipients	Annual Progress Report	11	1	12	132
Total	132

Centers for Disease Control and Prevention

Temporary Halt in Residential Evictions in Communities With Substantial or High Transmission of COVID-19 To Prevent the Further Spread of COVID-19

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Agency Order.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces a new Order under Section 361 of the Public Health Service Act to temporarily halt residential evictions in communities with substantial or high transmission of COVID-19 to prevent the further spread of COVID-19.

DATES: This Order is effective August 3, 2021 through October 3, 2021.

FOR FURTHER INFORMATION CONTACT: Tiffany Brown, Deputy Chief of Staff, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-10, Atlanta, GA 30329. Phone: 404-639-7000. Email: cdreregulations@cdc.gov.

SUPPLEMENTARY INFORMATION:

Background

On September 4, 2020, the CDC Director issued an Order temporarily halting evictions in the United States for the reasons described therein. That Order was set to expire on December 31, 2020, subject to further extension, modification, or rescission. Section 502 of Title V, Division N of the Consolidated Appropriations Act, 2021 extended the Order until January 31, 2021, and approved the Order as an exercise of the CDC’s authority under Section 361 of the Public Health Service Act (42 U.S.C. 264). With the extension of the Order, Congress also provided \$25 billion for emergency rental assistance for the payment of rent and rental arrears. Congress later provided an additional \$21.55 billion in emergency rental assistance when it passed the American Rescue Plan. The Order was extended multiple times due to the changing public health landscape and expired on July 31, 2021 after what was intended to be the final extension.¹ Absent an unexpected change in the trajectory of the pandemic, CDC did not plan to extend the Order further.

Following the recent surge in cases brought forth by the highly transmissible Delta variant, the CDC Director now issues a new Order temporarily halting evictions for persons in counties or U.S. territories experiencing substantial or high rates of transmission, for the reasons described herein. It is more limited in scope than prior orders, intended to target specific

areas of the country where cases are rapidly increasing, which likely would be exacerbated by mass evictions.

Accordingly, subject to the limitations listed in the new Order, a landlord, owner of a residential property, or² person with a legal right to pursue eviction or possessory action, shall not evict any covered person from any residential property in any county or U.S. territory while the county or territory is experiencing substantial or high levels of community transmission levels of SARS-CoV-2. This Order will expire on October 3, 2021, but is subject to further extension, modification, or rescission based on public health circumstances.³

A copy of the Order is provided below. A copy of the signed Order and Declaration form can be found at <https://www.cdc.gov/coronavirus/2019-ncov/covid-eviction-declaration.html>.

¹ The CDC Director renewed the Order until March 31, 2021. On March 28, 2021, the CDC Director modified and extended the Order until June 30, 2021. On June 24, 2021 the CDC Director extended the Order until July 31, 2021.

² For purposes of this Order, “person” includes corporations, companies, associations, firms, partnerships, societies, and joint stock companies, as well as individuals.

³ To the extent any provision of this Order conflicts with prior Orders, this Order is controlling, as this is a new order.
