BILLING CODE 6714-01-P

FEDERAL RESERVE SYSTEM

Notice of Proposals To Engage in or To Acquire Companies Engaged in Permissible Nonbanking Activities

The companies listed in this notice have given notice under section 4 of the Bank Holding Company Act (12 U.S.C. 1843) (BHC Act) and Regulation Y, (12 CFR part 225) to engage de novo, or to acquire or control voting securities or assets of a company, including the companies listed below, that engages either directly or through a subsidiary or other company, in a nonbanking activity that is listed in § 225.28 of Regulation Y (12 CFR 225.28) or that the Board has determined by Order to be closely related to banking and permissible for bank holding companies. Unless otherwise noted, these activities will be conducted throughout the United States.

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the question whether the proposal complies with the standards of section 4 of the BHC Act.

Unless otherwise noted, comments regarding the applications must be received at the Reserve Bank indicated or the offices of the Board of Governors,

Ann E. Misback, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551-0001, not later than September 9, 2021.

A. Federal Reserve Bank of Philadelphia (William Spaniel, Senior Vice President) 100 North 6th Street, Philadelphia, Pennsylvania 19105-1521. Comments can also be sent electronically to Comments.applications@phil.frb.org:

1. *Columbia Bank MHC and Columbia Financial, Inc., both of Fair Lawn, New Jersey*; to acquire Freehold MHC and Freehold Bancorp, and indirectly acquire Freehold Bank, all of Freehold, New Jersey, and thereby engage in operating a savings association pursuant to Section 225.28(b)(4)(ii) of Regulation Y.

Board of Governors of the Federal Reserve System, August 5, 2021.

Ann Misback,

Secretary of the Board.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[CFDA Numbers: 93.581, 93.587, 93.612]

Notice of Final Issuance on the Administration for Native Americans Program Policies and Procedures

AGENCY: Administration for Native Americans, (ANA), Administration for Children and Families (ACF), Department of Health and Human Services (HHS).

ACTION: Notice of final issuance.

SUMMARY: Pursuant to section 814 of the Native American Programs Act of 1974 (NAPA), as amended, ANA is required to provide members of the public an opportunity to comment on proposed changes in interpretive rules and general statements of policy and to give notice of the proposed changes no less than 30 days before such changes become effective. On February 19, 2021, ANA published a Notice of Public Comment (NOPC) in the **Federal Register** regarding its proposed interpretive rules and general statements of policy relative to its six FY 2021 Funding Opportunity Announcements (FOAs): Environmental Regulatory Enhancement (HHS-2021-ACF-ANA-NR-1907); Native American Language Preservation and Maintenance—Esther Martinez

Immersion (HHS–2021–ACF–ANA–NB–1958); Native American Language Preservation and Maintenance (HHS–2021–ACF–ANA–NL–1924); Social and Economic Development Strategies (HHS–2021–ACF–ANA–NA–1906); Social and Economic Development Strategies—Alaska (HHS–2021–ACF–ANA–NK–1902); and Social and Economic Strategies—Growing Organizations (HHS–2021–ACF–ANA–NN–1918). This Notice of Issuance responds to the public comments received from the NOPC.

DATES: The FY 2021 FOAs have been published, and these FOAs serve as the final notice of ANA’s proposed changes.

FOR FURTHER INFORMATION CONTACT:

Carmelia Strickland, Director, Division of Program Operations, Administration for Native Americans, (877) 922–9262, anacommments@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 814 of NAPA, as amended, ANA is required to provide members of the public an opportunity to comment on proposed changes in interpretive rules and general statements of policy and to give notice of the proposed changes no less than 30 days before such changes become effective.

ANA published a NOPC (86 FR 10283) on February 19, 2021, with proposed policy and program clarifications, modifications, and activities for the FY 2021 FOAs. The NOPC provided proposed clarifications, modifications, and new text for six FY 2021 FOAs. During the 30-day comment period, ANA received three responses to the NOPC. ANA reviewed the comments and determined them non-substantive and therefore would not require changes to the FOAs.

The following are the public comments received in response to the NOPC and ANA’s responses:

Comment: My comment is that I hope to have ANA implement a requirement that all data collected in Indian Country by non-Indigenous and Indigenous entities are collected in a manner that ensures the tribe and community will have ownership, guardianship, and access to that data.

Response: ANA highly encourages tribes to be aware of their rights to intellectual property rights and data sovereignty. In the past, ANA has provided trainings at grantee meetings and webinars through ANA’s training and technical assistance centers. In addition, ANA included a statement in all FY 2021 FOAs that encouraged applicants to educate themselves on intellectual property rights and the protection of ownership of Native language materials, ceremonies, music

and dance, and other forms of knowledge and cultural practices that originate from Native communities. However, due to the variety of laws, rights, and jurisdictions of these matters, ANA leaves this up to the discretion of grantees and applicants.

Comment: We urge ANA to discontinue the use of “normalized scoring.” While the intent of this practice is to normalize scoring across all review panels, it has had a negative impact on applications that obtain high scores in their review panels, but end up with a much lower scaled score, unjustly knocking them out of the competitive range for a funding award.

Response: ANA may use the statistical technique of “normalization” to convert raw scores from review panels to a standardized scale to negate any differences or biases in scoring behaviors among different panels and numerous reviewers. The decision to normalize scores occurs in advance of the panel session so as not to prejudice any specific competition and that all awards are made consistently across the different funding competitions when there are three or more panels. ANA has left the option for using normalized scores in the FY 2021 FOAs but will keep this comment in mind for planning the FY 2022 competitions.

Comment: We would like clarification about whether training and technical assistance information will still be available and accessible on the websites of the regional training and technical assistance providers, and that applicants who do not provide a letter of intent will be able to access such services.

Response: ANA provides technical assistance throughout all stages of the application process, regardless of providing a letter of intent.

Comment: Project-specific funding does not clearly define “essentially identical or similar in whole or in part.” It is not clear if the development of resources, like textbooks, would count as “essentially identical or similar” projects if they build on previous work and use similar project designs.

Response: ANA has a long-standing policy that it will not fund projects that are essentially identical or similar in whole or in part to previously funded projects proposed by the same applicant. While an applicant can have previously developed materials, the new project cannot duplicate the same materials and must address different subjects, populations, etc. If an applicant has concerns about whether ANA has funded them in the past for a project “essentially identical or similar in whole or in part,” ANA encourages them to reach out to ANA or an ANA

technical assistance center for clarification.

Comment: ANA is requiring applicants to the Esther Martinez Immersion (EMI) language FOA to submit “an official document that certifies the applicant has at least 3 years of experience in operating and administering” an immersion school or language nest as required by the statute. As it stands, there are very few immersion schools and language nests in the United States where applicants could gain experience. We propose that this be modified to provide a training alternative for applicants without access to existing immersion programs. We recommend that ANA provide examples of certifications that will be accepted.

Response: The requirement of a certification by the applicant having not less than 3 years of experience in operating and administering a Native American language survival school or a Native American language nest is in the authorizing legislation of the Native American Programs Act for the EMI. ANA only clarified in the FOA that this was a requirement. In the EMI FOA, it states that the application should include an official document signed by the authorized representative that certifies that the applicant has at least 3 years of experience operating and administering a Native American language nest, Native American language survival school, or any other education program in which instruction is conducted in a Native American language in accordance with Public Law 109–394 (42 U.S.C. 2991b–3(c)(7)). ANA’s training and technical assistance centers are available to help applicants meet the requirements of the EMI FOA.

Comment: We would like to commend ANA for the proposed changes to the FY 2021 FOAs. We appreciate the revision resulting from the Indian Community Economic Enhancement Act (ICEEA) of 2020, which added Native community development financial institutions (CDFIs) as eligible entities. Similarly, we strongly support the new economic development legislative priorities that will be incorporated into the program areas of interest for the SEDS FOA. We encourage ANA to make it clear that these economic development priority points are available for applications from existing Native CDFIs that proposed economic development projects as well as from eligible applicants who propose to develop new Native CDFIs. In addition, we applaud the proposed efforts to reduce the redundancy and the number of scoring criteria in the FY 2021 FOAs.

Response: Thank you for your comment. The new ICEEA law does allow for the development of existing Native CDFIs. Therefore, should a Native CDFI submit an application that proposes a project for any of the following projects: (1) The development of a tribal code or courts system for purposes of economic development, including commercial codes, training for court personnel, (2) the development of non-profit subsidiaries or other tribal business structures; or “(3) the development of a tribal master plan for community and economic development and infrastructure” and the application includes the economic priority area(s) in the project goal, all objectives and indicators as reflected in the project’s framework, project approach, OWP, and outcome tracker, they will be awarded points. ANA will instruct reviewers to provide all bonus points for applications that propose an economic priority project that expands or creates a Native CDFI.

Elizabeth Leo,

Senior Grants Policy Specialist, Office of Grants Policy, Administration for Children and Families.

BILLING CODE 4184-34-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Survey of the National Survey of Child and Adolescent Well-Being (NSCAW) Adopted Youth, Young Adults, and Adoptive Parents (0970-0555)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) seeks approval for an extension with no changes to a one-time study to examine familial outcomes 8 years or more after a child’s adoption from the child welfare system. The primary objective of this study is to estimate the prevalence of instability events that occur in families who have adopted children who have exited the foster care system. The second objective is to understand risk and protective factors associated with post adoption instability. Office of Management and Budget (OMB) approval expires September 30, 2021, and this request is to extend approval to allow for the completion of data collection.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after

publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: Through this study, ACF is conducting web or telephone surveys with adopted youth, young adults, and adults as well as adoptive parents who were participants in the first or second cohort of NSCAW (NSCAW I, II; OMB #0970-0202). The surveys are designed to collect information about instability events (such as foster care re-entry or running away that occurred after a child’s adoption) as well as family functioning, perceptions of the adoption relationship, and services and support received after adoption. Due to the COVID-19 pandemic, initial activities to contact potential respondents were delayed. As a result, ACF is requesting an extension to collect data beyond the current OMB expiration date of September 30, 2021.

Respondents: Adopted youth, young adults, adults, and their associated adoptive parents who participated in NSCAW I or II.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Average burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
Survey of NSCAW Adopted Youth, Young Adults, and Adults	588	1	.5	294	294
Survey of NSCAW Adoptive Parents	554	1	.5	277	277

Estimated Total Annual Burden Hours: 571.

Authority: Child Abuse Prevention and Treatment and Adoption Reform Act of 1978.

Mary B. Jones,

ACF/OPRE Certifying Officer.
