BILLING CODE 7590–01–P

POSTAL SERVICE

Privacy Act of 1974; System of Records

AGENCY: Postal Service™.

ACTION: Notice of a modified system of records.

SUMMARY: The United States Postal Service® (Postal Service) is proposing to modify a General Privacy Act System of Records (SOR) to support the implementation of an online tool that will be used by the Government Relations and Public Policy department within the Postal Service to more effectively manage relationships with Congressional, federal, and state officials.

DATES: These revisions will become effective without further notice on September 10, 2021, unless, in response to comments received on or before that date result in a contrary determination.

ADDRESSES: Comments may be submitted via email to the Privacy and Records Management Office, United States Postal Service Headquarters (privacy@usps.gov). To facilitate public inspection, arrangements to view copies of any written comments received will be made upon request.

FOR FURTHER INFORMATION CONTACT: Janine Castorina, Chief Privacy and Records Management Officer, Privacy

and Records Management Office, 202–268–3069 or privacy@usps.gov.

SUPPLEMENTARY INFORMATION: This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service is proposing revisions to an existing system of records (SOR) to support the implementation of an online tool that will be used to track meetings and interactions for the Government Relations and Public Policy department within the Postal Service.

I. Background

The Government Relations and Public Policy (GRPP) department is responsible for managing public policy issues at all levels. This includes legislation and other policies affecting the Postal Service, as well as developing public policy strategy, tactics and messaging, and serving as the primary representative with Congress, the Executive Branch, and other government leaders. GRPP is implementing the use of an online tool used by public policy professionals across all industries to manage relationships with Congressional, federal, and state officials. The online tool also provides public policy professionals with enhanced legislative and public policy research and analysis tools. GRPP will primarily use the online tool to research and track legislative and public policy actions of members of Congress and Congressional committees to determine if such action could impact the Postal Service. Additionally, GRPP will use the communications features of the tool to send educational and advocacy

information to members of Congress and their staff, and to track the number of engagements with members of Congress and their staff for internal reporting purposes. GRPP will also enter notes in the tool to memorialize details of engagements with members of Congress and Congressional staff that will be maintained to provide historical perspectives to all GRPP personnel who may be involved in future engagements with the same officials.

II. Rationale for Changes to USPS Privacy Act Systems of Records

The Postal Service is proposing to modify USPS SOR 100.200 Employee Performance Records to support the implementation of an online tool by the GRPP department that will be used to more effectively manage relationships with Congressional, federal, and state officials. Implementation of the use of the online tool is expected to enhance legislative and public policy research, tracking and analysis capabilities, gain better insights on GRPP’s Congressional engagements, and to enhance the ability for more centralized and trackable delivery of information to Congress.

A new Purpose is being added to SOR 100.200, Employee Performance Records, along with a new Category of Records and record retention and disposal policy that pertain to records maintained by the online tool. The Postal Service is also proposing administrative changes for system managers within the SOR to reflect recent organizational changes.

III. Description of the Modified System of Records

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on

this proposal. A report of the proposed revisions to USPS SOR 100.200, Employee Performance Records, has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this modified system of records to have any adverse effect on individual privacy rights. Accordingly, for the reasons stated above, the Postal Service proposes revisions to this system of records as follows:

SYSTEM NAME AND NUMBER:

USPS 100.200 Employee Performance Records.

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

USPS facilities where employee performance is evaluated or measured.

SYSTEM MANAGER(S):

Vice President, Human Resources, United States Postal Service, 475 L'Enfant Plaza SW, Washington, DC 20260.

Vice President, Government Relations and Public Policy, United States Postal Service, 475 L'Enfant Plaza, SW, Washington, DC 20260.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

39 U.S.C. 401, 410, 1001, 1005, and 1206.

PURPOSE(S) OF THE SYSTEM:

1. To provide managers and supervisors with decision making information for training needs, promotion, assignment considerations, or other job-related actions.
2. To administer achievement award programs and pay for performance.
3. To improve relations and communication between managers and employees by soliciting employee feedback, and to improve management and supervisor leadership skills.
4. To document USPS Business interactions and meetings for historical purposes.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Current and former USPS employees, including supervisors and managers who are responsible for a work location.

CATEGORIES OF RECORDS IN THE SYSTEM:

1. *Employee information:* Name, Social Security Number, Employee Identification Number, postal assignment information, work contact information, username, email address, finance number(s), duty location, and pay location.
2. *Employee performance information:* Records related to

individual performance evaluation; reports about supervisors and managers who are responsible for a work location; employee recognition; and safe driver awards.

3. USPS Business information:

Records maintained regarding an employee's use of record tracking system; records maintained regarding employee's participation and/or presence representing the USPS in meetings and discussions; information regarding USPS meetings, such as time, place, topics discussed, and attendees.

RECORD SOURCE CATEGORIES:

Employees and employees' supervisor or manager.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

Standard routine uses 1. through 9. apply. In addition:

- a. When records about the receipt of an award by an employee, including driver safety records, are of news interest and consistent with the public's right to know, the records may be disclosed to the news media or the National Safety Council.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Automated database, computer storage media, digital files, and paper files.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

By employee name, email address, username, Social Security Number, Employee Identification Number, or duty or pay location.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

1. Pay for performance evaluation records are retained 5 years. Individual performance evaluations are retained 5 years or until separation of the employee, whichever comes first.
2. Incentive award records are retained 7 years. Length of service award records are retained 1 year. Non-USPS awards are retained 2 years. Letters of commendation and appreciation (excluding permanent copies filed in the OPF or eOPF) are retained 2 years.
3. Employee survey records are retained 5 years.
4. Safe Driver Award records are retained 2 years from date of separation, expiration of license, rescission of authorization, transfer of driver into a nondriving status, or other transfer, whichever comes first.
5. Active employee data is retained until the employee no longer is active or

has access to the tracking system; USPS business information which may contain employee names is retained indefinitely for historical purposes.

Records existing on paper are destroyed by burning, pulping, or shredding. Records existing on computer storage media are destroyed according to the applicable USPS media sanitization practice.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Paper records, computers, and computer storage media are located in controlled-access areas under supervision of program personnel. Access to these areas is limited to authorized personnel, who must be identified with a badge.

Access to records is limited to individuals whose official duties require such access. Contractors and licensees are subject to contract controls and unannounced on-site audits and inspections. Computers are protected by mechanical locks, card key systems, or other physical access control methods.

The use of computer systems is regulated with installed security software, computer logon identifications, and operating system controls including access controls, terminal and transaction logging, and file management software.

RECORD ACCESS PROCEDURES:

Requests for access must be made in accordance with the Notification Procedure above and USPS Privacy Act regulations regarding access to records and verification of identity under 39 CFR 266.5.

CONTESTING RECORD PROCEDURES:

See Notification Procedure and Record Access Procedures.

NOTIFICATION PROCEDURES:

Individuals wanting to know if information about them is maintained in this system must address inquiries to the facility head where currently or last employed. Headquarters employees must submit inquiries to Human Resources or Government Relations and Public Policy, 475 L'Enfant Plaza SW, Washington, DC 20260.

Inquiries must include full name, Social Security Number or Employee Identification Number, name and address of facility where last employed, and dates of USPS employment.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

June 17, 2011, 76 FR 35483; April 29, 2005, 70 FR 22516.

Ruth B. Stevenson,

Chief Counsel, Ethics and Legal Compliance.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-92573; File No. SR-NYSEArca-2021-53]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of a Proposed Rule Change To List and Trade Shares of Teucrium Bitcoin Futures Fund Under NYSE Arca Rule 8.200-E

August 5, 2021.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on July 23, 2021, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade the shares of the following under NYSE Arca Rule 8.200-E, Commentary .02 (“Trust Issued Receipts”): Teucrium Bitcoin Futures Fund. Teucrium Bitcoin Futures Fund [sic]. The proposed change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at

the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade shares (“Shares”) of the following under NYSE Arca Rule 8.200-E, Commentary .02, which governs the listing and trading of Trust Issued Receipts: Teucrium Bitcoin Futures Fund (the “Fund”).⁴

The Fund is a series of Teucrium Commodity Trust (the “Trust”), a Delaware statutory trust.⁵ The Fund is managed and controlled by Teucrium Trading, LLC (“Sponsor”). The Sponsor is registered as a commodity pool operator (“CPO”) and a commodity trading adviser (“CTA”) with the Commodity Futures Trading Commission (“CFTC”) and is a member of the National Futures Association (“NFA”).

The Fund’s Investment Objective and Strategy

According to the Registration Statement, the CME currently offers two Bitcoin futures contracts, one contract representing 5 Bitcoin (“BTC Contracts”) and another contract representing 0.10 Bitcoin (“MBT Contracts”). BTC Contracts began trading on the CME Globex trading platform on December 15, 2017 under the ticker symbol “BTC” and are cash-settled in U.S. dollars. MBT Contracts began trading on the CME Globex trading platform on May 3, 2021 under the ticker symbol “MBT” and are also cash-settled in U.S. dollars.⁶

BTC Contracts and MBT Contracts each trade six consecutive monthly

⁴ Commentary .02 to NYSE Arca Rule 8.200-E applies to Trust Issued Receipts that invest in “Financial Instruments.” The term “Financial Instruments,” as defined in Commentary .02(b)(4) to NYSE Arca Rule 8.200-E, means any combination of investments, including cash; securities; options on securities and indices; futures contracts; options on futures contracts; forward contracts; equity caps, collars, and floors; and swap agreements.

⁵ On May 20, 2021, the Trust filed with the Commission a registration statement on Form S-1 under the Securities Act of 1933 (15 U.S.C. 77a) (“Securities Act”) relating to the Fund (File No. 333-256339) (the “Registration Statement”). The description of the operation of the Trust and the Fund herein is based, in part, on the Registration Statement.

⁶ The daily settlements in MBT are derived directly from the settlements in BTC for each contract listing. See <https://www.cmegroup.com/confluence/display/EPICSANDBOX/Bitcoin#Bitcoin-NormalDailySettlementProcedure.1>.

contracts plus two additional December contract months (if the 6 consecutive months include December, only one additional December contract month is listed). Because BTC Contracts and MBT Contracts are exchange-listed, they allow investors to gain exposure to Bitcoin without having to hold the underlying cryptocurrency. Like a futures contract on a commodity or stock index, BTC Contracts and MBT Contracts allow investors to hedge investment positions or speculate on the future price of Bitcoin.

According to the Registration Statement, the investment objective of the Fund is to have the daily changes in the net asset value (“NAV”) of the Fund’s shares (“Shares”) reflect the daily changes in the price of a specified benchmark (the “Benchmark”). The Benchmark is the average of the closing settlement prices for the first to expire and second to expire BTC Contracts listed on the Chicago Mercantile Exchange, Inc. (“CME”). The first to expire and second to expire BTC Contracts and MBT Contracts are referred to as the Bitcoin Futures Contracts. Under normal market conditions,⁷ the Fund will invest in Bitcoin Futures Contracts and in cash and cash equivalents.⁸

According to the Registration Statement, the Fund seeks to maintain its holdings in Bitcoin Futures Contracts with a roughly constant expiration profile. Therefore, the Fund’s positions will be changed or “rolled” on a regular basis in order to track the changing nature of the Benchmark by closing out first to expire contracts prior to settlement that are no longer part of the Benchmark, and then entering into second to expire contracts. Accordingly, the Fund will never carry futures positions all the way to cash settlement—the Fund will price only off of the daily settlement prices of the Bitcoin Futures Contracts.⁹ To achieve this, the Fund will roll its futures

⁷ The term “normal market conditions” includes, but is not limited to, the absence of: Trading halts in the applicable financial markets generally; operational issues (e.g., systems failure) causing dissemination of inaccurate market information; or force majeure type events such as a natural or manmade disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance. See NYSE Arca Rule 8.600-E(c)(5).

⁸ The term “cash equivalents” includes short term Treasury bills, money market funds, demand deposit accounts and commercial paper.

⁹ As discussed in more detail below, the CME determines the daily settlements for Bitcoin futures based on trading activity on CME Globex between 14:59:00 and 15:00:00 Central Time (CT), which is the “settlement period.”
