

Continuations

A brief progress report will be submitted annually to NHANES. This report should describe work completed and timeline to project completion. If five years have elapsed since the initial approval of the protocol by the NCHS ERB a more detailed plan and timeline to complete the study will be required by NHANES. If at any time during the project a new investigator(s) are added or the Principal Investigator has changed, the NHANES Serum/plasma/urine Project Officer must be notified.

Disposition of Results and Samples

No samples provided can be used for any purpose other than those specifically requested in the proposal and approved by the NHANES Technical Panel and the NCHS ERB. No samples can be shared with others, including other investigators, unless specified in the proposal and so approved by the NHANES Technical Panel and the NCHS ERB. Any unused samples must be returned to the NHANES Serum, Plasma and Urine Repository or disposed of, after NHANES approval, upon completion of the approved project. The results, once returned to NCHS, will be part of the public domain. The investigator will have 60 days for quality control review of the data before public release by NHANES.

Cost Schedule for Providing NHANES Samples

There is a nominal processing fee of \$15.00 for each sample received from an NHANES Serum, Plasma and Urine Repository. If the investigator requests to use the samples for another project after the completion of the initial project, the additional cost will be \$5.50 per sample to handle the processing of the data and management of the subsequent proposal process. A new proposal must be submitted and go through the approval process before any additional use of the samples. The costs include the collection, processing, storage, and retrieval of the samples along with the review of proposals and the preparation of the data files. The costs listed are for the recurring laboratory materials to dispense and prepare the samples during collection and for shipping. The costs for the NHANES repository include long term

storage (including inventory management and materials and equipment) and accessioning of samples and pulling samples from the freezer for shipment to the investigator. Labor costs are based on a proposal administrator to manage the proposal process and computer programmers at NCHS who prepare the data files for the release of the data along with documentation on the NHANES web page.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; ORR-6 Performance Report (OMB #0970-0036)

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, Health and Human Services (HHS).

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF), Office of Refugee Resettlement (ORR) is

requesting a revision of the ORR-6 Performance Report (OMB #0970-0036, expiration 2/28/2022). Proposed revisions include new data collection primarily for the new Refugee Health Promotion (RHP) set-aside program, and reformatting and revisions of instructions and forms for clarity.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing *infocollection@acf.hhs.gov*. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation (OPRE), 330 C Street, SW, Washington, DC 20201, Attn: ACF Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: ACF/ORR requests information from the ORR-6 Performance Report to determine effectiveness of state Cash and Medical Assistance (CMA) and Refugee Support Services programs. ORR uses state-by-state CMA utilization rates, derived from the ORR-6 Performance Report, to formulate program initiatives, priorities, standards, budget requests, and assistance policies. Federal regulations require state Refugee Resettlement, Replacement Designee agencies, and local governments submit statistical or programmatic information that the ORR Director determines to be required to fulfill their responsibility under the Immigration and Nationality Act (INA). The existing ORR-6 was revised to include data collection for the new RHP set-aside program, add new data elements to better understand the meaning of existing data collection, and update the instructions and reformat some of the forms to provide clearer definitions and better distinguish the participation and performance results of different support services programs.

Respondents: State governments and Replacement Designees.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
ORR-6 Performance Report	69	6	19	7,866	2,622

Estimated Total Annual Burden Hours: 2,622.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 8 U.S.C 1522 of the Immigration and Nationality Act (the Act) (Title IV, Sec. 412 of the Act), and 45 CFR 400.28(b).

Mary B. Jones,

ACF/OPRE Certifying Officer.

Administration for Children and Families

Submission for OMB Review; National Advisory Committee (NAC) Recommendations and State Self-Assessment Survey (OMB #0970-0560)

AGENCY: Office on Trafficking in Persons, Administration for Children

and Families, Health and Human Services (HHS).

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting an extension to continue use of an existing information collection: The National Advisory Committee on the Sex Trafficking of Children and Youth in the United States (NAC) Recommendations and State Self-Assessment Survey (0970-0560). No changes are proposed.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing *infocollection@acf.hhs.gov*. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation (OPRE), 330 C Street, SW, Washington, DC 20201, Attn: ACF Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Preventing Sex Trafficking and Strengthening Families Act of 2014 mandated the NAC to develop a report describing how each state has implemented its recommendations to address sex trafficking in children and youth. The NAC proposed to administer a survey

allowing states to assess their progress in implementing NAC recommendations. Submissions allow states to document their efforts in the following sections: Multidisciplinary Response, Screening and Identification, Child Welfare, Service Provision, Housing, Law Enforcement and Prosecution, Judiciary, Demand Reduction, Prevention, Legislation and Regulation, Research and Data, and Funding. Each state will have the opportunity to provide a self-assessed tier ranking for each recommendation, a justification of their assessment, sources for their assessment, and the public or private nature of those sources. The survey was initially launched in March 2021 with a due date in June 2021. We are requesting an extension to allow states ample time to collaborate and compile their responses. There are no changes proposed.

Respondents: State Governors, child welfare agencies, local law enforcement, and other local agencies.

Annual Burden Estimates: Each state is responsible for collaborating with governors, law enforcement agencies, prosecutors, courts, child welfare agencies, and other local agencies and relevant groups to provide their self-assessment of their state's implementation efforts. The opportunity burden is calculated below, assuming five respondents for each state:

TABLE 1—OPPORTUNITY BURDEN

Instrument	Total number of respondents contributing for 50 states	Total number of responses per respondent	Average burden hours per response	Total/annual burden hours
NAC Recommendations and State Self-Assessment Survey	250	1	6.85	1,713
Estimated Opportunity Burden Totals	1,713

Estimated Total Annual Opportunity Burden Hours: 1,713.

States also have one designated point of contact responsible for aggregating information and submitting the state

response. The recordkeeping burden is calculated below:

TABLE 2—RECORDKEEPING B

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total/annual burden hours
NAC Recommendations and State Self-Assessment Survey	50	1	40	2,000
Estimated Recordkeeping Burden Totals	2,000
