Endangered and Threatened Wildlife and Plants; Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications for a permit to conduct activities intended to recover and enhance endangered species survival. With some exceptions, the Endangered Species Act of 1973, as amended (ESA), prohibits certain activities that may impact endangered species unless a Federal permit allows such activity. The ESA also requires that we invite public comment before issuing these permits.

DATES: To ensure consideration, please submit your written comments by September 15, 2021.

ADDRESSES: *Document availability:* Request documents by phone or email: Beth Forbus, 505-248-6681, beth_forbus@fws.gov.

Comment submission: Submit comments by email to fw2_te_permits@fws.gov. Please specify the permit you are interested in by number (e.g., Application No. ESPER1234567).

FOR FURTHER INFORMATION CONTACT: Beth Forbus, Supervisor, Classification and Restoration Division, 505-248-6681. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION:

Background

With some exceptions, the Endangered Species Act (ESA; 16 U.S.C. 1531 *et seq.*) prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA’s definition of “take” includes hunting, shooting, harming, wounding, or killing but also such activities as pursuing, harassing, trapping, capturing, or collecting.

The ESA and our implementing regulations in the Code of Federal Regulations (CFR) at title 50, part 17, provide for issuing such permits and

require that we invite public comment before issuing permits for activities involving endangered species.

A recovery permit we issue under the ESA, section 10(a)(1)(A), authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or enhance the species’ propagation or survival. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

Documents and other information submitted with these applications are available for review by any party who submits a request as specified in **ADDRESSES**. Releasing documents is subject to Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552) requirements.

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. We invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies. Please refer to the application number when submitting comments.

Application No.	Applicant	Species	Location	Activity	Type of take	Permit action
ESPER001318	Wright, Marjorie; Los Alamos, New Mexico.	Jemez Mountains salamander (<i>Plethodon neomexicanus</i>).	New Mexico	Presence/absence surveys; capture.	Harm, harass	Renew.

Notice of Subcommittee Meeting for the Steens Mountain Advisory Council, Oregon

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act of 1976 and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management's (BLM) Steens Mountain Advisory Council (SMAC) Public Lands Access Subcommittee will meet as indicated below.

DATES: The SMAC will hold a field tour on September 23, 2021, from 7 a.m. to 5:30 p.m. Pacific Time to the the Nature's Advocate, LLC, inholding in the Fish Creek area on Steens Mountain, and an in-person meeting on September 24, 2021, from 8:30 a.m. to 12:45 p.m. Pacific Time.

ADDRESSES: The meeting will be held and the field tour will commence and conclude at the Frenchglen School, 39235 OR-205, Frenchglen, Oregon, 97736. A virtual meeting may substitute for an in-person meeting depending on local health restrictions at the time of the meeting. Additional information can be found on the SMAC's website at www.blm.gov/get-involved/resource-advisory-council/near-you/oregon-washington/steens-mac.

FOR FURTHER INFORMATION CONTACT: Tara Thissell, Public Affairs Specialist, 28910 Highway 20 West, Hines, Oregon 97738; telephone: 541-573-4519; email: tthissell@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Ms. Thissell during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The SMAC was established August 14, 2001, pursuant to the Steens Mountain Cooperative Management and Protection Act of 2000 (Steens Act) (Pub. L. 106-399). The SMAC provides recommendations to the BLM regarding new and unique approaches to management of the land within the bounds of the Steens Mountain Cooperative Management and Protection Area (CMPA), recommends cooperative programs and incentives for landscape management that meet human needs, and advises the BLM on potential maintenance and improvement of the

ecological and economic integrity of the area.

The SMAC's Public Lands Access Subcommittee was established in 2015 and serves to research, discuss, and evaluate any access issue in the Steens Mountain CMPA. Issues could relate to parking, hiking, motorized or non-motorized use, public to private land inholding routes and methods of travel, private to public land access by way of easement or other agreement, or purchase or exchange of public and private land for improved access and contiguous landscape. The Subcommittee reviews all aspects of any access issue, formulates suggestions for remedy, and proposes those solutions to the entire SMAC for further discussion and possible recommendation to the BLM.

On September 23, 2021, the Subcommittee will tour the Nature's Advocate, LLC, inholding in the Fish Creek area on Steens Mountain. The field tour will take all day and ATVs and/or UTVs will be utilized for the majority of the time—travel routes cannot support traditional vehicles in many places. Attending public participants must provide their own transportation at all times including traditional vehicles as road conditions allow, and ATVs or UTVs as otherwise needed, and be able to hike moderate distances of 1 to 2 miles each way across varied terrain. Attending council members, agency personnel, and public participants shall provide their own personal amenities for the duration of the field tour, including but not limited
