Coast Guard

33 CFR Part 165

[Docket Number USCG-2021-0597]

RIN 1625-AA00

Safety Zone; Lake of the Ozarks, Mile Marker 7, Lake of the Ozarks, MO

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on all navigable waters in the Lake of the Ozarks extending 420 feet in all directions around a fireworks barge at mile marker 7, located approximately 500 feet west of Shady Gators. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by a fireworks display. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector Upper Mississippi River or a designated representative.

DATES: This rule is effective from 9 p.m. on August 27, 2021 until 9:30 p.m. on August 28, 2021.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We must establish this safety zone by August 27, 2021 and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to respond to the potential safety hazards associated with the fireworks display on August 27, 2021 and August 28, 2021.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector Upper Mississippi River (COTP) has determined that potential hazards associated with a fireworks display on August 27, 2021 and August 28, 2021 will be a safety concern for anyone on the Lake of the Ozarks at Mile Marker 7. This rule resulted from a marine event notification stating that there will be a fireworks display to celebrate summertime on the Lake of the Ozarks. This rule is needed to protect personnel, vessels, and the marine environment in

the navigable waters within the safety zone before, during, and after the fireworks display.

IV. Discussion of the Rule

This rule establishes a safety zone that will be enforced on August 27, 2021 from 9 p.m. through 9:30 p.m. and August 28, 2021 from 9 p.m. through 9:30 p.m. The safety zones will be located on all navigable waters extending 420 feet in all directions around the fireworks barge at mile marker 7, located approximately 500 feet west of Shady Gators. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters before, during, and after a fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Upper Mississippi River. The COTP or a designated representative will inform the public of the enforcement dates and times for this safety zone, as well as any emergent safety concerns that may delay the enforcement of the zone.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the temporary safety zone. This action involves a fireworks display that impacts on all navigable waters extending 420 feet in all directions around the fireworks barge at mile marker 7, located approximately 500 feet west of Shady Gators on August 27, 2021 at 9 p.m. through 9:30 p.m. and August 28, 2021 at 9 p.m. through 9:30 p.m. Moreover, the Coast Guard will

publish a Local Notice to Mariners and mariners may seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct

effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting thirty minutes that will prohibit entry around a fireworks barge on the Lake of the Ozarks at mile marker 7, located approximately 500 feet west of Shady Gators. It is categorically excluded from further review under paragraph L60, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.2.

- 2. Add § 165.T08–0597 to read as follows:

§ 165.T08–0707 Safety Zone; Lake of the Ozarks, Mile Marker 7, Lake of the Ozarks, MO.

(a) *Location.* The following area is a safety zone: All navigable waters of the Lake of the Ozarks at mile marker 7, extending 420 feet in all directions around the fireworks barge located approximately 500 feet west of Shady Gators.

(b) *Period of enforcement.* This section will be enforced on August 27, 2021 from 9 p.m. until 9:30 p.m. and August 28, 2021 from 9 p.m. until 9:30 p.m.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, persons and vessels are prohibited from entering the safety zone unless authorized by the Captain of the Port Sector Upper Mississippi River (COTP) or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Upper Mississippi River.

(2) Persons or vessels desiring to enter into or pass through the zone must request permission from the COTP or a designated representative. They may be contacted on VHF radio Channel 16 or by telephone at 314–269–2332.

(3) If permission is granted, all persons and vessels shall comply with the instructions of the COTP or

designated representative while navigating in the regulated area.

(d) *Informational broadcasts.* The COTP or a designated representative will inform the public of the enforcement date and times for this safety zone, as well as any emergent safety concerns that may delay the enforcement of the zone through Broadcast Notice to Mariners (BNM) and or Local Notices to Mariners (LNMs).

Dated: August 13, 2021.

R.M. Scott,

Captain, U.S. Coast Guard, Captain of the Port Sector Upper Mississippi River.

33 CFR Part 165

[Docket Number USCG-2021-0451]

RIN 1625-AA00

Safety Zone; Ohio River, Newburgh, IN

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for all navigable waters of the Ohio River extending the entire width of the river, from mile marker (MM) 777.3 to MM 778.3. This action is necessary to provide for the safety of life on these navigable waters near Newburgh, Indiana during the City of Newburgh fireworks display on September 4, 2021. This regulation prohibits persons and vessels from being in the safety zone unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative.

DATES: This rule is effective from 9:30 p.m. through 10 p.m. on September 4, 2021.

NPRM Notice of proposed rulemaking
§ Section

II. Background Information and Regulatory History

On June 17, 2021, the Historic Newburgh, Inc notified the Coast Guard that it will be conducting a fireworks display from 9:30 p.m. through 10 p.m. on September 4, 2021. The fireworks are to be launched from the shore of the Ohio River at approximately mile marker (MM) 777.3 to MM 778.3. Hazards from firework displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Sector Ohio Valley (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone on a one-mile stretch of the Ohio River. In response, on July 2, 2021, the Coast Guard published a notice of proposed rulemaking (NPRM) titled "Safety Zone; Ohio River, Newburgh, IN" docket number USCG-2021-0451 (86 FR 35242). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended August 2, 2021, we received 1 comment.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest because we must establish the safety zone by September 4, 2021 to protect the public from the potential hazards associated with the fireworks event on that date.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector Ohio Valley (COTP) has determined that potential hazards associated with the fireworks to be used in this September 4, 2021 display will be a safety concern for anyone within the area. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received one comment on our NPRM published July 2, 2021. The comment was from a citizen concerned about environmental impact of this fireworks display. The environmental concerns raised by the commenter appear to be in regards to the potential dangers to the environment from the fireworks, and not the environmental impact of this safety zone. The Coast Guard is not sponsoring or conducting the fireworks; we are only establishing a safety zone around the display to protect persons and property from hazards associated with the display. During the development of this temporary final rule, the Coast Guard underwent an environmental review process and determined this safety zone fit a categorical exclusion under the National Environmental Policy Act as explained in greater detail in paragraph F of this document. The Coast Guard duly considered the environmental impacts in our decision to authorize the safety zone as part of the decision making process. No changes have been made to the final rule regulatory text from what was proposed in the NPRM.

This rule establishes a safety zone from 9:30 p.m. through 10 p.m. on September 4, 2021. The safety zone will cover all navigable waters, extending the entire width of the Ohio River from MM 777.3 to MM 778.3. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled 9:30 p.m. to 10 p.m. fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the
