Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Lava Ridge Wind Project in Jerome, Lincoln, and Minidoka Counties, Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: Consistent with the regulations implementing the National Environmental Policy Act (NEPA) and the Federal Land Policy and Management Act (FLPMA), the Bureau of Land Management (BLM) announces its intent to prepare an Environmental Impact Statement (EIS) for the proposed Lava Ridge Wind Project (Lava Ridge). This notice initiates the scoping process and temporary segregation of public lands from appropriation under the public land and mining laws. Additionally, this NOI seeks public comment and input under the National Historic Preservation Act (NHPA) and its implementing regulations.

DATES: The BLM requests comments concerning the scope of the analysis and identification of relevant information, studies, and analyses. All comments must be received by September 20, 2021. The Draft EIS is scheduled for the summer of 2022 and the Final EIS is scheduled for late 2022 with a Record of Decision issued no sooner than 30 days after the Final EIS is released. The BLM will hold public scoping meetings; the dates, locations, and times will be announced at least 15 days in advance through public notices, media releases and/or mailings.

ADDRESSES: Send written comments to: Lava Ridge Wind Energy EIS, BLM Shoshone Field Office, Attn: Kasey Prestwich, 400 West F Street, Shoshone, ID 83352. Send comments via email to BLM_ID_LavaRidge@blm.gov. Submit comments online at <https://go.usa.gov/>

SUPPLEMENTARY INFORMATION:

Purpose and Need for the Proposed Action

In Executive Order 14008, President Biden emphasized the need for the United States to "deploy the full capacity of its agencies to combat the climate crisis" in an approach that focuses attention on "innovation, commercialization, and deployment of clean energy technologies and infrastructure." The Department of the Interior (DOI) has prioritized "identifying steps to accelerate responsible development of renewable energy on public lands and waters."

Magic Valley Energy's, LLC (MVE) goal for Lava Ridge is to construct and operate a commercial-scale wind energy facility that reliably and economically produces wind energy for delivery to power markets in the western United States. This goal arises from regulatory, utility, and consumer-driven objectives to incorporate new renewable and carbon-free energy sources into energy supply portfolios. Substantial increases in new renewable energy are required to meet this need. Most western states have specific renewable energy goals. Based on the goals and objectives of the proponent and the BLM's authority, the BLM will evaluate the ROW grant application submitted by MVE in compliance with FLPMA, BLM regulations, and other applicable Federal laws and policies. The need for the BLM's action arises from FLPMA, which establishes a multiple use mandate for management of Federal lands, including "systems for generation, transmission, and distribution of electric energy" (FLPMA Title V). The BLM's action in considering MVE's ROW application is a delegated authority of the Secretary of the Interior to "grant issue or renew rights of way . . . for generation,
