

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing countervailing duty (CVD) orders on seamless carbon and alloy steel standard, line, and pressure pipe (seamless pipe) from the Republic of Korea (Korea) and the Russian Federation (Russia).

DATES: Applicable August 23, 2021.

FOR FURTHER INFORMATION CONTACT: Caitlin Monks (Russia), or Moses Song and Natasia Harrison (Korea), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482–2670, (202) 482–7885, or (202) 482–1240, respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with section 705(d) of the Tariff Act of 1930, as amended (the Act), on July 2, 2021, Commerce published in the **Federal Register** its affirmative final determinations in the CVD investigations of seamless pipe from Korea and Russia.¹ On August 16, 2021, the ITC notified Commerce of its affirmative final determinations, pursuant to section 705(d) of the Act, that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act, by reason of subsidized imports of seamless pipe from Korea and Russia.²

² See ITC's Letter, "Notification of ITC Final Determinations," dated August 16, 2021; see also *Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from Korea, Russia, and Ukraine*, ITC Investigation Nos. 701–TA–654–655 and 731–TA–1530–1532 (August 16, 2021).

Scope of the Orders

The merchandise covered by these orders is seamless pipe from Korea and Russia. For a complete description of the scope of these orders, see the appendix to this notice.

Countervailing Duty Orders

In accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC has notified Commerce of its final determinations that the industry in the United States producing seamless pipe is materially injured by reason of subsidized imports of seamless pipe from Korea and Russia. Therefore, in accordance with section 705(c)(2) of the Act, we are issuing these CVD orders. Because the ITC determined that imports of seamless pipe from Korea and Russia are materially injuring a U.S. industry, unliquidated entries of such merchandise from Korea and Russia, entered or withdrawn from warehouse for consumption, are subject to the assessment of countervailing duties.

Countervailing duties will be assessed on unliquidated entries of seamless pipe from Korea and Russia entered, or withdrawn from warehouse, for consumption on or after December 11, 2020, the date of publication of the preliminary determinations,³ but will not include entries occurring after the expiration of the provisional measures period and before the publication of the ITC's final injury determination under section 705(b) of the Act, as further described below.

Continuation of Suspension of Liquidation and Cash Deposits

In accordance with section 706(a) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, countervailing duties for all relevant entries of seamless pipe from Korea and Russia in an amount equal to the net countervailable subsidy rates for the subject merchandise. On or after the publication of the ITC's final injury determination in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated import duties on this merchandise, cash deposits for each

Provisional Measures

Section 703(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months. In the underlying investigations, Commerce published the preliminary determinations on December 11, 2020. As such, the four-month period beginning on the date of the publication of the preliminary determinations ended on April 9, 2021. Furthermore, section 707(b) of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination. Therefore, in accordance with section 703(d) of the Act, we have instructed CBP to discontinue the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of seamless pipe from Korea and Russia, entered, or withdrawn from warehouse, for consumption, on or after April 10, 2021, the day after provisional measures expired, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC's final determination in the **Federal Register**.
