The federal notice for these rates can be found at the following:

Empirical Concepts developed the DARRP indirect rates for FY 19 and reaffirmed the Direct Labor Cost Base as the most appropriate indirect allocation for the development of the FY 2019 indirect cost rates.

The DARRP’s Indirect Cost Rates and Policies

The DARRP will apply the indirect cost rates for FY 2019 as recommended by Empirical for each of the DARRP component organizations as provided in the following table:

DARRP component organization	FY 2019 indirect rate (percent)
Office of Response and Restoration (ORR)	142.15
Restoration Center (RC)	76.99
General Counsel Natural Resources Section (GCNRS)	65.95

The FY 2019 rates will be applied to all damage assessment and restoration

case costs incurred between October 1, 2018 and September 30, 2019 effective October 1, 2021. DARRP will use the FY 2019 indirect cost rates for future fiscal years, beginning with FY 2020, until subsequent year-specific rates can be developed.

For cases that have settled and for cost claims paid prior to the effective date of the fiscal year in question, the DARRP will not re-open any resolved matters for the purpose of applying the revised rates in this policy for these fiscal years. For cases not settled and cost claims not paid prior to the effective date of the fiscal year in question, costs will be recalculated using the revised rates in this policy for these fiscal years. Where a responsible party has agreed to pay costs using previous year’s indirect rates, but has not yet made the payment because the settlement documents are not finalized, the costs will not be recalculated.

Director, Office of Response and Restoration, National Ocean Service, National Oceanic and Atmospheric Administration.
