

751(a)(2) of the Act: (1) The cash deposit rates for the companies subject to this review will be equal to the dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 12.45 percent, the all-others rate established in the less-than-fair-value investigation for this proceeding.<sup>9</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

#### Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections

751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: August 19, 2021.

**Ryan Majerus,**

*Deputy Assistant Secretary for Policy and Negotiations.*

#### DEPARTMENT OF COMMERCE

##### International Trade Administration

##### Notice of Scope Rulings

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Applicable August 25, 2021.

**SUMMARY:** The Department of Commerce (Commerce) hereby publishes a list of scope rulings and anti-circumvention determinations made during the period April 1, 2021, through June 30, 2021. We intend to publish future lists after the close of the next calendar quarter.

**FOR FURTHER INFORMATION CONTACT:** Marcia E. Short, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202–482–1560.

##### SUPPLEMENTARY INFORMATION:

##### Background

Commerce regulations provide that it will publish in the **Federal Register** a list of scope rulings on a quarterly basis.<sup>1</sup> Our most recent notification of scope rulings was published on May 28, 2021.<sup>2</sup> This current notice covers all scope rulings and anti-circumvention determinations made by Enforcement

and Compliance between April 1, 2021, and June 30, 2021.

##### *Scope Rulings Made April 1, 2021 Through June 30, 2021*

People's Republic of China (China)

A–570–112 and C–570–113: Certain Collated Steel Staples From China

*Requestor:* Zhejiang Best Nail Industrial Co., Ltd. Eleven models of insulated staples (JY01–01–JY11–01) are not covered by the scope of the antidumping or countervailing duty orders on certain collated steel staples from China because they are collated using plastic insulators which creates a distinct space between each staple in place of glue, adhesive, or paper tape; April 5, 2021.

A–570–979 and C–570–980: Certain Crystalline Silicon Photovoltaic Cells From China

*Requestor:* The Solaria Corporation (Solaria). Solaria's PowerXT photovoltaic cells and modules manufactured in the Republic of Korea (Korea) are included in the scope of the antidumping duty order on solar cells from China and the antidumping duty order on solar products from Taiwan because Solaria's solar cells are completed in China and Taiwan with a functioning p/n junction and imported into Korea for module assembly, a process that has already been determined to not substantially transform a cell to change its country of origin; April 8, 2021.

A–570–967 and C–570–968: Aluminum Extrusions From China

*Requestor:* Reflection Window + Wall, LLC. Four window wall kits are not covered by the scope of the antidumping and countervailing duty orders on aluminum extrusions from China because they meet the exclusion criteria for finished goods kits; April 26, 2021.

A–570–900: Diamond Sawblades and Parts Thereof From China

*Requestor:* Customs and Border Protection (CBP) (Enforcement and Protect Act (EAPA) referral). Diamond sawblades produced in Canada by Protech Diamond Tools, Inc. (Protech) with Chinese cores and Chinese segments, which are: (1) Exported by Protech and imported by Gogo International, Inc. (Gogo); or (2) exported by Gogo are covered merchandise subject to the antidumping duty order on diamond sawblades and parts thereof (diamond sawblades) from China; diamond sawblades produced in Canada by Protech with Chinese cores

<sup>9</sup> See *Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Bar from India*, 59 FR 66915, 66921 (December 28, 1994).

<sup>1</sup> See 19 CFR 351.225(o).

<sup>2</sup> See *Notice of Scope Rulings*, 86 FR 28751 (May 28, 2021).

and non-Chinese segments, which are: (1) Exported by Protech and imported by Gogo; or (2) exported by Gogo are covered merchandise subject to the order; diamond sawblades produced in Canada by Protech with non-Chinese cores or Chinese segments, which are: (1) Exported by Protech and imported by Gogo; or (2) exported by Gogo are not covered merchandise and not subject to the order, provided that CBP determines that the certification and/or documentation requirements identified in message 1007402 dated 01/07/2021 are met; April 27, 2021.

A-570-090 and C-570-091: Certain Steel Wheels 12 to 16.5 Inches in Diameter From China

*Requestor:* The Wheel Source, Inc. (Wheel Source). Certain passenger vehicle wheels which Wheel Source imports are outside the scope of the antidumping and countervailing duty orders because they have: (1) Different bolt patterns; (2) positive offsets; (3) different pilot diameters; and (4) lower load ratings that make them unsuitable for use on trailers or towable equipment. Certain other passenger vehicle wheels which Wheel Source imports are outside the scope of the antidumping and countervailing duty orders primarily because: (1) The expectations of the ultimate purchasers; (2) the ultimate use of the product; and (3) the manner in which the product is advertised and displayed are distinct from subject merchandise; April 30, 2021.

A-570-090 and C-570-091: Certain Steel Wheels 12 to 16.5 Inches in Diameter From China

*Requestor:* U.S. Wheel Corp (U.S. Wheel). Certain passenger vehicle and light truck rims and discs imported by U.S. Wheel are outside the scope of the antidumping and countervailing duty orders because they have: (1) Larger offsets; (2) different hub bore sizes; (3) multiple bolt patterns; and/or (4) lower load ratings that make them unsuitable for use on trailers or towable equipment; May 3, 2021.

A-570-947 and C-570-948: Certain Steel Grating From China

*Requestor:* Weihai Gaosai Metal Product Ltd. The steel decking of the tribar truss floor in the farrowing flooring system is covered by the scope of the antidumping and countervailing duty orders on certain steel grating from China because it has physical characteristics consistent with subject merchandise. However, the other components of the farrowing flooring system and the pig farrowing crate are

not covered by the order because those components are not steel grating; May 11, 2021.

A-570-947 and C-570-948: Steel Grating From China

*Requestor:* Ikadan Systems USA Inc. Ductile cast iron flooring is not covered by the scope of the antidumping and countervailing duty orders on steel grating from China. This is because the orders apply only to steel grating, not cast iron, and because the cast iron grating is made from a mold forming a solid, one-piece grate, while the orders apply only to grating formed by two or more pieces of steel that are connected through welding, riveting, or otherwise; May 13, 2021.

A-570-900: Diamond Sawblades and Parts Thereof From China

*Requestor:* CBP (EAPA referral) and Lyke Industrial Tool, LLC. Diamond Sawblades exported by Like Tools Co. Ltd. and imported by Lyke Industrial Tool, LLC are covered by the scope of the antidumping duty order on diamond sawblades and parts thereof from China because Commerce determined that they are not substantially transformed, and Like Tools Co. Ltd. was not able to demonstrate that the cores and segments were joined in Thailand; June 3, 2021.

A-570-112 and C-570-113: Certain Collated Steel Staples From China

*Requestor:* Stanley Black & Decker, Inc. The model DRS18100 collated insulated staple is not covered by the scope of the antidumping or countervailing duty order on certain collated steel staples from China because it is collated using plastic insulators which creates a distinct space between each staple in place of glue, adhesive or paper tape; June 8, 2021.

A-570-106 and C-570-107: Wooden Cabinets and Vanities and Components Thereof From China

*Requestor:* Homewerks Worldwide, LLC. Medicine cabinets with moveable shelves (model numbers: #HF01-MAT-WH and #HF01-MAT-ES) imported from China are outside the scope of the antidumping and countervailing duty orders; June 11, 2021.

A-570-979 and C-570-980: Crystalline Silicon Photovoltaic Cells From China

*Requestor:* ET Solar, Inc. (ET Solar). Commerce upheld the substantial transformation analysis used in its preliminary scope determination to conclude that certain solar modules imported by ET Solar from Vietnam containing unfinished solar wafers imported from China (*i.e.*, silicon wafers

with p/n junctions imparted in China) are within the scope of the antidumping and countervailing duty orders on solar cells from China. Commerce continued to find that further processing undertaken in Vietnam on unfinished solar cells from China was insufficient to transform them from Chinese-origin merchandise to Vietnamese-origin merchandise; June 15, 2021.

A-570-831: Fresh Garlic From China

*Requestor:* RJ Van Drunen & Sons Inc. Commerce analyzed factors provided in 19 CFR 351.225(d) and 351.225(k)(1) and determined that individually quick frozen one-eighth-inch diced garlic (diced garlic) is not covered by the scope of the antidumping duty order on fresh garlic from China because the description of the merchandise from the Petition, the investigation, and prior scope determinations are dispositive in determining that the diced garlic at issue is not within the scope of the Order. Therefore, Commerce did not analyze the additional factors provided in 19 CFR 351.225(k)(2); June 28, 2021.

Taiwan

A-583-853: Certain Crystalline Silicon Photovoltaic Products From Taiwan

*Requestor:* Solaria. Solaria's PowerXT photovoltaic cells and modules manufactured in Korea are included in the scope of the antidumping duty order on solar cells from China and the antidumping duty order on solar products from Taiwan because Solaria's solar cells are completed in China and Taiwan with a functioning p/n junction and imported into Korea for module assembly, a process that has already been determined to not substantially transform a cell to change its country of origin; April 8, 2021.

*Anti-Circumvention Determinations Made April 1, 2021 Through June 30, 2021*

China

A-570-026 and C-570-027: Certain Corrosion-Resistant Steel Products (CORE) From China

*Self-initiated:* CORE completed in Malaysia from hot-rolled steel or cold-rolled steel substrate manufactured in China, and subsequently exported to the United States is circumventing the antidumping and countervailing duty orders on CORE from China. CORE produced in South Africa is not circumventing the orders; June 1, 2021.

## Taiwan

A-583-856: Certain Corrosion Resistant Steel Products (CORE) From Taiwan

*Self-initiated:* CORE completed in Malaysia from hot-rolled steel or cold-rolled steel substrate manufactured in Taiwan, and subsequently exported to the United States is circumventing the antidumping order on CORE from Taiwan; June 1, 2021.

*Preliminary Determinations Made April 1, 2021, Through June 30, 2021*

## China

A-570-067 and C-570-068: Forged Steel Fittings From China

*Requestor:* Midwest Diversified Technologies, Inc. Fifteen self-drilling anchor bolt systems couplers are not covered by the scope of the antidumping duty and countervailing duty orders on forged steel fittings from China because they are not designed to connect pipes and cannot convey fluid at high pressure; May 17, 2021.

**Notification to Interested Parties**

Interested parties are invited to comment on the completeness of this list of scope inquiries and anti-circumvention determinations made during the period April 1, 2021, through June 30, 2021. Any comments should be submitted to James Maeder, Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to [CommerceCLU@trade.gov](mailto:CommerceCLU@trade.gov).

This notice is published in accordance with 19 CFR 351.225(o).

Dated: August 20, 2021.

**James Maeder,**

*Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.*

**BILLING CODE 3510-DS-P**

**DEPARTMENT OF COMMERCE****National Oceanic and Atmospheric Administration**

[RTID 0648-XB363]

**Marine Mammals; File No. 25740**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application.

**SUMMARY:** Notice is hereby given that the Center for Coastal Studies, 5 Holway Avenue, P.O. Box 1036, Provincetown, MA 02657 (Responsible Party: Richard

Delaney), has applied in due form for a permit to conduct research on 23 species of marine mammals.

**DATES:** Written, telefaxed, or email comments must be received on or before September 24, 2021.

**ADDRESSES:** The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 25740 from the list of available applications. These documents are also available upon written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov).

Written comments on this application should be submitted via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). Please include File No. 25740 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). The request should set forth the specific reasons why a hearing on this application would be appropriate.

**FOR FURTHER INFORMATION CONTACT:**

Shasta McClenahan, Ph.D., or Amy Hapeman, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant proposes to conduct research on North Atlantic right whales (*Eubalaena glacialis*; NARW) in U.S. and international waters of the North Atlantic Ocean. The objectives of the research are to collect data to inform the development and implementation of methods to mitigate the threat of entanglement, ship strike, and habitat degradation, and to collect basic data on NARW and their ecology. Four species of non-listed pinnipeds and 18 species of cetaceans may be unintentionally harassed and opportunistically studied during NARW research activities including endangered blue whales (*Balaenoptera musculus*); bowhead whales (*Balaena mysticetus*); fin whales (*B. physalus*); sei whales (*B. borealis*); and sperm whales (*Physeter microcephalus*). Marine mammals may be taken during vessel and aerial surveys, including an unmanned aircraft

system, for counts, photo-identification, photography, videography, behavioral observations, collection of sloughed skin or feces, underwater photography, and zooplankton sampling. See the application for complete numbers of animals requested by species, life stage, and procedure. The permit is requested for 5 years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: August 19, 2021.

**Julia Marie Harrison,**

*Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.*
