

antennas' earth station operators. We have attached to DA 21–893 an Appendix listing this group of antennas.

We hereby presume, on a rebuttable basis, that earth station antennas included in the Appendix attached to DA 21–893 are no longer operational. Section 25.161(c) of the Commission's rules provides that an earth station authorization is automatically terminated if the station is not operational for more than 90 days.⁶ We also note that the Commission's rules require earth station operators to take the steps necessary to remove non-operational antennas from the active records in the IBFS.⁷ Moreover, under the Commission's rules, antennas must continue to be operational to qualify for incumbent status.⁸

Incumbent earth station operators who need to affirm the continued operation of the identified earth station antennas. We direct earth station operators with incumbent earth station antennas that appear on the inactive list appended to DA 21–893 to make either of two filings no later than 90 days after release of this Notice (*i.e.*, by October 21, 2021): (1) File to remove those antennas from IBFS as no longer operational as required by Commission rule and optionally make a filing in ECFS IB Docket No. 20–205 confirming the extent to which they are surrendering or removing antennas in IBFS, or (2) file in ECFS IB Docket No. 20–205 affirming that those antennas are still operational. An earth station operator may contact Bureau staff at IBFSINFO@fcc.gov if it has questions about the above or if it needs instructions on how to surrender entire Callsigns in IBFS or how to remove an inactive earth station antenna from a Callsign that includes other operational earth station antennas.

Earth station operators with earth station antenna(s) on the inactive list in the Appendix to DA 21–893 that do not respond by October 21, 2021, affirming the continued operation of the identified earth station antennas will be deemed to have had the authorizations for those antennas automatically terminated by rule. Those authorizations will be terminated in IBFS, *i.e.*, the IBFS records for those antennas will be shown with a terminated status. Such terminated earth stations will also be removed from the incumbent earth station list and will not be entitled to protection from

interference from the network deployments of new wireless licenses or be eligible for reimbursement of any transition costs, including the cost of any filters, that those earth stations may decide to incur. Of course, notwithstanding an affirmation of continued operation, the Bureau retains the authority to eliminate an earth station antenna's incumbent status if the Bureau receives additional evidence that the antenna has failed to satisfy applicable requirements for maintaining operation.

Incumbent earth station operators who need to provide additional information to avoid harmful interference. Apart from the foregoing group of earth station operators for which RSM received affirmative representations of nonoperational status, in the July 14 RSM filing, RSM separately reported that it had identified a limited number of incumbent earth station operators with which it has been able to establish contact but has not been able to get enough information from the earth station operator for it to be included in a satellite operator transition plan or for RSM to conclude that the earth station is in fact participating in the transition process. Further outreach by RSM with the earth station operator has not been successful.

Such earth station operators that do not provide the necessary information to the Relocation Coordinator or satellite operators may not be successfully transitioned before terrestrial wireless licensees initiate service in the band and, as a result, such earth station operators may experience harmful interference at their facilities as terrestrial wireless licensees deploy their networks.

Federal Communications Commission.

Troy Tanner,

Deputy Chief, International Bureau.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID 44726]

Ending 9–1–1 Fee Diversion Now Strike Force; Meeting

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In accordance with the Federal Advisory Committee Act, the Federal Communications Commission (Commission) announces and provides a preliminary agenda for the third

meeting of the “Ending 9–1–1 Fee Diversion Now Strike Force” (911 Strike Force).

DATES: Friday, September 17, 2021, beginning at 10 a.m. EDT.

ADDRESSES: Federal Communications Commission, 45 L Street NE, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: John A. Evanoff, Designated Federal Officer (DFO), Federal Communications Commission, Public Safety and Homeland Security Bureau, (202) 418–0848; or Jill Coogan, Deputy Designated Federal Officer (DDFO), Federal Communications Commission, Public Safety and Homeland Security Bureau, (202) 418–1499; or email: 911StrikeForce@fcc.gov.

SUPPLEMENTARY INFORMATION: Proposed Agenda: The agenda for the September 17, 2021 meeting will include presentations summarizing the recommendations and report of the 911 Strike Force and its working groups, and voting by the 911 Strike Force on the recommendations and report. This agenda may be modified at the discretion of the 911 Strike Force Chair and the DFO.

The September 17, 2021 meeting will be held in a wholly electronic format to accommodate continuing public health precautions related to the coronavirus (COVID–19) pandemic. The September 17, 2021 meeting will be open to members of the general public via live broadcast over the internet from the FCC Live web page at <http://www.fcc.gov/live/>. The public may also follow the meeting on [Twitter@fcc](https://twitter.com/fcc) or via the Commission's Facebook page at www.facebook.com/fcc. Members of the public may submit any questions that arise during the meeting to livequestions@fcc.gov.

Open captioning will be provided for the live stream. Other reasonable accommodations for people with disabilities are available upon request. To request an accommodation, or for materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418–0530 (voice), (202) 418–0432 (TTY). Such requests should include a detailed description of the accommodation needed. In addition, please include a way for the Commission to contact the requester if more information is needed to fulfill the request. Please allow at least five days' advance notice; last-minute requests will be accepted but may not be possible to accommodate.

⁶ 47 CFR 25.161(c). The Bureau has delegated authority to enforce the Part 25 rules. 47 CFR 0.261(a)(15).

⁷ 47 CFR 25.115(b)(8).

⁸ 47 CFR 25.138(c)(1).

Federal Communications Commission.

David Furth,

Deputy Bureau Chief, Public Safety and Homeland Security Bureau.

BILLING CODE 6712-01-P

GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0324; Docket No. 2021-0001; Sequence No. 10]

General Services Administration Acquisition Regulation; Information Collection; Foreign Ownership and Financing Representation for High-Security Leased Space

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) regulations, GSA invites the public to comment on an extension concerning disclosure of foreign ownership information under high-security lease space acquisitions. OMB has approved this information collection for use through January 31, 2022. GSA proposes that OMB extend its approval for use for three additional years beyond the current expiration date.

DATES: GSA will consider all comments received by October 26, 2021.

ADDRESSES: Submit comments on this information collection to <https://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching for “Information Collection 3090-0324”. Select the link “Comment Now” that corresponds with Information Collection 3090-0324. Follow the instructions provided at the “Comment Now” screen. Please include your name, company name (if any), and “Information Collection 3090-0324” on your attached document.

Instructions: Please submit comments only and cite “Information Collection 3090-0324” in all correspondence related to this collection. Comments received generally will be posted without change to [regulations.gov](https://www.regulations.gov), including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check [regulations.gov](https://www.regulations.gov) approximately two-to-three days after submission to verify posting.

FOR FURTHER INFORMATION CONTACT: Mr. Stephen Carroll, 817-253-7858, General Services Acquisition Policy Division, by email at gsarpolicy@gsa.gov.

SUPPLEMENTARY INFORMATION:

A. Purpose

The Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 *et seq.*) provides that an agency generally cannot conduct or sponsor a collection of information, and no person is required to respond to, nor be subject to, a penalty for failure to comply with a collection of information, unless that collection has obtained Office of Management and Budget (OMB) approval and displays a currently valid OMB Control Number.

Consistent with 5 CFR 1320.13, GSA requested and OMB authorized emergency processing of an information collection, as OMB Control Number 3090-0324, to identify the immediate or highest-level owner of high-security leased space, including any financing entity, and disclose whether that owner or financing entity is a foreign person or entity, including the country associated with the ownership or financing entity through GSAR 552.270-33. GSA has determined the following conditions have been met:

a. The collection of information is needed prior to the expiration of time periods normally associated with a routine submission for review under the provisions of the Paperwork Reduction Act, because the disclosure requirements of Section 3 of the Secure Federal LEASEs Act (Pub. L. 116-276) were effective on June 30, 2021.

b. The collection of information is essential to GSA’s mission to ensure GSA complies with Section 3 in order to reduce security risks such as espionage and unauthorized cyber and physical access in high-security leased space.

c. GSA cannot comply with the normal clearance procedures because public harm is reasonably likely to result if current clearance procedures are followed.

This requirement supports implementation of Section 3 of the Secure Federal LEASEs Act (Pub. L. 116-276) for high-security leased space. This section requires offerors to identify the immediate or highest-level owner of the space, including any financing entity, and disclose whether that owner or financing entity is a foreign person or entity, including the country associated with the ownership entity. The offerors shall (1) provide such identification and disclosure when first submitting a proposal in response to a solicitation; and, if awarded the lease, (2) update such information annually.

This requirement is partially implemented in the Federal Acquisition Regulation (FAR) through the provisions at FAR 52.204-3, Taxpayer Identification, FAR 52.204-7, System for Award Management, FAR 52.204-17, Ownership and Control of Offeror, and clause at FAR 52.204-13, System

for Award Management Maintenance. OMB Control Numbers 9000-0097 and 9000-0185 cover the FAR provisions and clause. However, the FAR does not account for foreign financing as required by the Act.

B. Annual Reporting Burden

This information collection applies to GSA lease procurements for high-security space. The annual public reporting burden for this collection of information through GSAR 552.270-33 is estimated based on the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows:

1. Initial Disclosure

Baseline Representation

Estimated annual responses: 542.

Estimated hours per response: 2.

Additional Representation

Estimated annual responses: 54.

Estimated hours per response: 10.

Total Initial Response Burden Hours: 1,624.

2. Annual Updates

Estimated annual responses: 542.

Estimated hours per response: 0.25.

Total Update Response Burden Hours: 136.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary; whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Jeffrey A. Koses,

Senior Procurement Executive, Office of Acquisition Policy, Office of Government-wide Policy.
