FOR FURTHER INFORMATION CONTACT: For information on contract pilot and aircraft acceptance, contact Dr. Richard Johnson, National Policy Manager, PPQ, APHIS, 4700 River Road, Unit 26, Riverdale, MD 20737; (301) 851-2109. For more detailed information on the information collection reporting process, contact Mr. Joseph Moxey, APHIS' Paperwork Reduction Act Coordinator, at (301) 851-2483; joseph.moxey@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Contract Pilot and Aircraft Acceptance.

OMB Control Number: 0579-0298.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture, either independently or in cooperation with States, to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests and noxious weeds that are new to or not widely distributed within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS).

As part of this mission, APHIS' Plant Protection and Quarantine (PPQ) program responds to introductions of plant pests with eradication, suppression, or containment through various programs in cooperation with State departments of agriculture and other government agencies. These programs may include the aerial application of treatments to control plant pests.

APHIS contracts for these services, and prior to any aerial applications, requests certain information from the

contractors and/or contract pilots to ensure that the work will be done according to specifications. Among other things, APHIS asks to see the aircraft registration, the aircraft's airworthiness certificate, the pilot's license, the pilot's medical certification, the pilot's proof of flight review, the pilot's pesticide applicator's license, and the aircraft logbook. Information from these documents and aircraft inspection results are consolidated by APHIS for signature by the APHIS official and the contractor or contract pilot, indicating acceptance of the pilot and aircraft for the job.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.27 hours per response.

Respondents: Contractors and/or contract pilots of aircraft.

Estimated annual number of respondents: 30.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 30.

Estimated total annual burden on respondents: 8 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 24th day of August 2021.
