

appropriate entries covered by this review. For entries of subject merchandise during the POR produced by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁸ Where either the individually-selected respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies which were not selected for individual review, we intend to assign an assessment rate based on the methodology described in the "Rates for Non-Examined Companies" section. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be the rate established in the final results of this review, except if the rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1) (*i.e.*, less than 0.50 percent), in which case the cash deposit rate will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this

review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 8.91 percent, the all-others rate established in the less-than-fair-value investigation.¹⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: August 31, 2021.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Activated Carbon From the People's Republic of China: Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is initiating a changed circumstances review (CCR) of the antidumping duty (AD) order on certain activated carbon (activated carbon) from the People's Republic of China (China). Further, Commerce preliminarily determines that Jacobi Carbons AB (Jacobi AB) and its affiliates, Tianjin Jacobi International Trading Co. Ltd. (Tianjin Jacobi) and Jacobi Carbons Industry (Tianjin) Co. Ltd. (JCC) (collectively, Jacobi), should be collapsed with its new wholly-owned Chinese affiliate, Jacobi Adsorbent Materials (JAM), and the single entity, inclusive of JAM, should be assigned the same AD cash deposit rate assigned to Jacobi for purposes of determining AD liability in this proceeding. Interested parties are invited to comment on these preliminary results.

DATES: Applicable September 7, 2021.

FOR FURTHER INFORMATION CONTACT: Josh Simonidis or Jinny Ahn, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0608 or (202) 482-0339, respectively.

¹⁹ See *Order*, 82 FR at 40138.

SUPPLEMENTARY INFORMATION:**Background**

On April 27, 2007, Commerce published in the *Federal Register* an AD order on activated carbon from China.¹ In the original investigation, we selected Jacobi AB as a mandatory respondent which qualified for a separate rate.² In the third administrative review, Commerce determined that Jacobi AB and its two Chinese subsidiaries, JCC and Tianjin Jacobi, should be treated as a single entity (collectively, Jacobi) and assigned a single cash deposit rate.³ In the most recently completed administrative review covering the period April 1, 2018, through March 31, 2019, we assigned Jacobi a separate rate, as a non-individually examined exporter under review.⁴

On July 26, 2021, Jacobi requested that Commerce conduct a CCR of the *Order* to confirm that Jacobi AB and its two affiliated firms, Tianjin Jacobi and JCC, with the addition of its new wholly-owned subsidiary, JAM, is the successor-in-interest to Jacobi.⁵ Given the circumstances and evidence submitted by Jacobi, Commerce finds it more appropriate to instead evaluate Jacobi's CCR request through a collapsing analysis. No interested parties filed comments opposing the CCR request.

Scope of the Order

The merchandise covered by the scope of this *Order* is activated carbon. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.⁶

Methodology

We are conducting this CCR in accordance with section 751(b)(1) of the Tariff Act of 1930, as amended (the Act).

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Initiation and Preliminary Results of CCR

Pursuant to section 751(b)(1) of the Act, and 19 CFR 351.216, Commerce will conduct a CCR upon receipt of information concerning, or a request from an interested party for a review of, an AD order which shows changed circumstances sufficient to warrant a review of the order. The information submitted by Jacobi supports its claim that JAM should be treated as part of the Jacobi entity and demonstrates changed circumstances sufficient to warrant such a review.⁷ Therefore, in accordance with 751(b)(1)(A) of the Act and 19 CFR 351.216(d), we are initiating a CCR based on the information contained in the CCR request.

Pursuant to 19 CFR 351.221(c)(3)(ii), Commerce can combine the notice of initiation of a CCR and the notice of the preliminary results of a CCR into a single notice if Commerce concludes that expedited action is warranted. In this instance, because the record contains the information necessary to make a preliminary finding, we find that expedited action is warranted and have combined the notice of initiation and the notice of preliminary results.⁸

We preliminarily determine that Jacobi and JAM are affiliated and should be collapsed as a single entity. Specifically, we find that JAM is directly controlled by Jacobi, thereby meeting the affiliation criteria, in accordance with sections 771(33)(E) and (F) of the Act. In addition, we preliminarily find that the criteria of 19 CFR 351.401(f) are met and, thus, Jacobi and JAM should be treated as a single entity. A list of topics discussed in the Preliminary Decision Memorandum appears in the Appendix to this notice.

Should our final results remain unchanged from these preliminary results, we will instruct U.S. Customs and Border Protection to assign entries of subject merchandise exported by JAM the AD cash deposit rate applicable to Jacobi (*i.e.*, \$0.65/kg). Commerce will issue its final results of the review in accordance with the time limits set forth in 19 CFR 351.216(e).

Ripe Olives From Spain: Preliminary Results of Antidumping Duty Administrative Review; 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that producers or exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), August 1, 2019, through July 31, 2020. We invite interested parties to comment on these preliminary results.

DATES: Applicable September 7, 2021.

FOR FURTHER INFORMATION CONTACT: Jacob Keller or Christopher Williams, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482-4849 or (202) 482-5166, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2018, Commerce published in the **Federal Register** the antidumping duty order on ripe olives from Spain.¹ On October 6, 2020, Commerce initiated the administrative review of the *Order* for the period of August 1, 2019, to July 31, 2020.² On November 23, 2020, Commerce selected Angel Camacho Alimentacion, S.L. (Angel Camacho) and Agro Sevilla Aceitunas S.Coop. Andalusia (Agro Sevilla) as the mandatory respondents in the administrative review.³ On April 5, 2021, Commerce extended the deadline for issuance of the preliminary results of this review by 120 days, until

August 31, 2021, in accordance with 19 CFR 351.213(h)(2).⁴

Scope of the Order

The merchandise subject to the *Order* are ripe olives. For a complete description of the scope of this *Order*, see the Preliminary Decision Memorandum.⁵

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Act. Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/index.html>. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice.

Rates for Non-Examined Companies

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any

zero or de minimis margins, and any margins determined entirely {on the basis of facts available}.” In this review, we preliminarily calculated weighted-average dumping margins for the two mandatory respondents, Angel Camacho and Agro Sevilla, that are not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, Commerce preliminarily assigned to the companies not individually examined, listed in the chart below, a margin of 2.75 percent which is the weighted average of Angel Camacho’s and Agro Sevilla’s calculated weighted-average margins.⁶

Preliminary Results of Review

We preliminarily determine that the following weighted-average dumping margins exist for the period August 1, 2019, through July 31, 2020:

Producer/exporter	Weighted-average dumping margin (percent)
Agro Sevilla Aceitunas S.COOP Andalusia	1.48
Angel Camacho Alimentacion S.L	4.31

Review-Specific Weighted-Average Rate Applicable to the Following Companies:

Producer/exporter	Weighted-average dumping margin (percent)
Aceitunas Guadalquivir, S.L	2.75
Alimentary Group Dcoop S. Coop. And	2.75
Internacional Olivarera, S.A	2.75

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results.⁷ Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date
