

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals in the areas of expertise described above. Individuals may self-nominate. Nominations should be submitted in electronic format (preferred) using the online nomination form under “Public Input on Membership” on the CASAC web page at <https://casac.epa.gov>. To be considered, all nominations should include the information requested below. EPA values and welcomes diversity. All qualified candidates are encouraged to apply regardless of sex, race, disability or ethnicity. Nominations should be submitted by September 29, 2021.

The following information should be provided on the nomination form: Contact information for the person making the nomination; contact information for the nominee; and the disciplinary and specific areas of expertise of the nominee. Nominees will be contacted by the SABSO and will be asked to provide a recent *curriculum vitae* and a narrative biographical summary that includes: Current position, educational background; research activities; sources of research funding for the last two years; and recent service on other national advisory committees or national professional organizations. Persons having questions about the nomination process or the public comment process described below, or who are unable to submit nominations through the CASAC website, should contact the DFO, as identified above. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff Office, will be posted in a List of Candidates on the CASAC website at <https://casac.epa.gov>. Public comments on each List of Candidates will be accepted for 21 days from the date the list is posted. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming this expert panel, the SAB Staff Office will consider public comments on the List of Candidates, information

provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; (e) skills working in committees, subcommittees and advisory panels; and (f) for the panel as a whole, diversity of expertise and viewpoints.

Candidates may be asked to submit the “Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency” (EPA Form 3110–48). This confidential form is required for Special Government Employees (SGEs) and allows EPA to determine whether there is a statutory conflict between that person’s public responsibilities as an SGE and private interests and activities, or the appearance of a loss of impartiality, as defined by Federal regulation. The form may be viewed and downloaded through the “Ethics Requirements for Advisors” link on the CASAC home page at <https://casac.epa.gov>. This form should not be submitted as part of a nomination.

Abstract: The U.S. Environmental Protection Agency's (EPA) Chesapeake Bay Program (the Program) is interested in tracking its progress at attaining its goals under the 2014 Chesapeake Bay Watershed Agreement (the Agreement). To do this, the Program plans to implement three surveys: The Citizen Stewardship Survey, the Diversity Profile Survey, and the Local Leadership Survey.

EPA has specified the target audience and the implementation approach for each to maximize the data that can be obtained. The Citizen Stewardship Survey will be implemented as a multi-mode survey that includes phone, web, and mail components of residents living the Chesapeake Bay area, stratified by jurisdiction (states and the District of Columbia). The Diversity Profile Survey will be implemented among people who work on partnership efforts within the Bay area as a web-based survey. The Local Leadership Survey will be implemented among state and local elected officials involved in policy making in the Bay area also as a web-based survey.

The Program will be using the data from these three surveys to track its progress under the Stewardship goal of the 2014 Agreement. The Stewardship goal includes three outcomes: (1) Citizen Stewardship, (2) Local Leadership, and (3) Diversity. Three surveys under this ICR each address one of the outcomes and contributes to EPA's Government Performance and Results Act (GPRA) goals (EPA Goal 1, A Cleaner, Healthier Environment; Objective 1.2: Provide for Clean and Safe Water).

Each of the surveys under this ICR were funded and implemented by other partners in the Chesapeake Bay area in prior years. The Program determined that the best approach for continued implementation of these surveys would be for the EPA assume the responsibility for implementing these surveys; thus, EPA is seeking approval for implementing these surveys under this ICR.

Collecting these data and publishing them for public review will allow the public to track how well the Agreement is working to preserve and protect the Chesapeake Bay region from the standpoint of the Stewardship goal outlined in the Agreement. Overall, the Agreement contains 10 goals and their associated outcomes; data for the other nine goals are collected through other means. Combining the data for Stewardship goal outcomes from these surveys with the data for the other nine

goals will provide the public will have a comprehensive picture of the progress being made to preserve and protect Chesapeake Bay.

Form Numbers: None.

Respondents/affected entities: Stewardship survey: Members of the general public; Local Leaders survey: Individuals in local government leadership roles; Diversity Profile survey: Individuals working at organizations to conserve/restore Chesapeake Bay.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 6,430 (total).

Frequency of response: Once.

Total estimated burden: 2,298 hours (total). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$100,931 (total), includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: This is a new collection.

Octamethylcyclotetra-Siloxane (D4); Draft Scope of the Risk Evaluation To Be Conducted Under the Toxic Substances Control Act; Notice of Availability and Request for Comments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with implementing regulations for the Toxic Substances Control Act (TSCA), the Environmental Protection Agency (EPA) is announcing the availability of and soliciting public comment on the draft scope of the risk evaluation to be conducted for octamethylcyclotetra-siloxane (D4). D4 (Cyclotetrasiloxane, 2,2,4,4,6,6,8,8-octamethyl-; Chemical Abstracts Service Registry Number (CASRN) 556-67-2), is a chemical substance for which EPA received a manufacturer request for risk evaluation. The draft scope for this chemical substance includes the conditions of use, hazards, exposures, and the potentially exposed or susceptible subpopulations that EPA plans to consider in conducting the risk evaluation for this chemical substance.

EPA is also opening a 45-calendar day comment period on the draft scope to allow for the public to provide additional data or information that could be useful to the Agency in finalizing the scope of the risk evaluation; comments may be submitted to this docket.

DATES: Comments must be received on or before October 25, 2021.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2018-0443, online using the Federal eRulemaking Portal at <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.
