DEPARTMENT OF ENERGY

Southwestern Power Administration

Sam Rayburn Dam Rate Schedule

AGENCY: Southwestern Power Administration, DOE.

ACTION: Notice of extension of Sam Rayburn Dam rate schedule.

SUMMARY: The Administrator, Southwestern Power Administration (Southwestern) has approved and placed into effect on an interim basis Rate Order No. SWPA-78, which extends the following existing Southwestern Sam Rayburn Dam Hydropower Project rate schedule: *Rate Schedule SRD-15, Wholesale Rates for Hydro Power and Energy*. This is an interim rate action effective October 1, 2021, extending for a period of two years through September 30, 2023.

DATES: The effective period for the rate schedule specified in Rate Order No. SWPA-78 is October 1, 2021, through September 30, 2023.

FOR FURTHER INFORMATION CONTACT: Ms. Fritha Ohlson, Senior Vice President and Chief Operating Officer, Office of Corporate Operations, Southwestern Power Administration, U.S. Department of Energy, One West Third Street, Tulsa, Oklahoma 74103, (918) 595-6684 or email: fritha.ohlson@swpa.gov.

SUPPLEMENTARY INFORMATION: Rate Order No. SWPA-78 is approved and placed into effect on an interim basis for the period October 1, 2021, through September 30, 2023, for the following Southwestern Sam Rayburn Dam rate schedule: *Rate Schedule SRD-15, Wholesale Rates for Hydro Power and Energy*.

Decision Rationale

The Southwestern Administrator completed an annual review of the continuing adequacy of the existing rate schedule for the Sam Rayburn Dam. This review, as presented in the 2021 Sam Rayburn Dam Power Repayment Studies (PRSs), indicated the need for a 3.5 percent revenue increase to continue to satisfy cost recovery criteria. It is Southwestern practice for the Administrator to defer, on a case-by-case basis, revenue adjustments for an isolated project if such adjustments are within plus or minus five percent of the revenue estimated from the current rate schedule. The deferral of a revenue adjustment (rate change) provides for rate stability and savings on the administrative cost of implementation. The Administrator determined it to be prudent to defer the increase and allow the current rate schedule, which is set

to expire September 30, 2021, to remain in effect.

To ensure that Southwestern has a rate schedule in effect for collection of revenue in order to meet its repayment obligations, the Administrator has approved and placed into effect a two-year extension of the Sam Rayburn Dam rate schedule for the period October 1, 2021, through September 30, 2023.

The Administrator followed part 903, subpart A of title 10 of the Code of Federal Regulations (CFR), "Procedures for Public Participation in Power and Transmission Rate Adjustments and Extensions" for the extension to the rate schedule. The public was informed by publication in the **Federal Register** (86 FR 31500 (June 14, 2021)) of the proposed extension of the rate schedule and of the opportunity to provide written comments for a period of 30 days ending July 14, 2021. No comments were received.

Legal Authority

By Delegation Order No. 00-037.00B, effective November 19, 2016, the Secretary of Energy delegated: (1) The authority to develop power and transmission rates to the Southwestern Administrator; (2) the authority to confirm, approve, and place such rates into effect on an interim basis to the Deputy Secretary of Energy; and (3) the authority to confirm, approve, and place into effect on a final basis, or to remand or disapprove such rates, to the Federal Energy Regulatory Commission (FERC). By Delegation Order No. S1-DEL-S4-2021, effective February 25, 2021, the Acting Secretary of Energy also delegated the authority to confirm, approve, and place such rates into effect on an interim basis to the Under Secretary for Science (and Energy). By Redlegation Order No. S4-DEL-OE1-2021, effective March 25, 2021, the Acting Under Secretary for Science (and Energy) redelegated the authority to confirm, approve, and place such rates into effect on an interim basis to the Assistant Secretary for Electricity. And by Redlegation Order No. 00-002.10-04, effective July 8, 2020, the Assistant Secretary for Electricity further redelegated the authority to confirm, approve, and place such rates into effect on an interim basis to the Southwestern Administrator. This redelegation order, despite predating the February 2021 delegation and March 2021 redelegation, remains valid. By these delegations, and in accordance with 10 CFR 903.22(h) and 10 CFR 903.23(a), as amended (84 FR 5347, 5350 (Feb. 21, 2019)), the Administrator may approve and extend, on an interim basis, rates previously confirmed and approved by
