Closed Captioning of Video Programming; Telecommunications for the Deaf and Hard of Hearing Inc. Petition for Rulemaking

AGENCY: Federal Communications Commission.

ACTION: Correcting amendments.

SUMMARY: This document corrects the final rules portion of a **Federal Register** document published on August 23, 2016. That **Federal Register** document also prematurely amended rules to require video programmer registration and certification of compliance.

DATES:

Effective date: Effective on September 14, 2021.

Compliance date: The compliance date of section § 79.1(m) is stayed indefinitely. The Commission will publish a document in the **Federal Register** announcing the new compliance date.

Such contact information shall include the name of a person with primary responsibility for captioning issues and ensuring compliance with the Commission’s rules. In addition, such contact information shall include the person’s title or office, telephone number, fax number (if the video programming distributor or video programmer has a fax number), postal mailing address, and email address. (C) That the video programmer is exempt from the closed captioning rules under one or more properly attained exemptions.

(ii) For programmers certifying exemption from the closed captioning rules, the video programming distributor must obtain a certification from the programmer that specifies the exact exemption that the programmer is claiming. Video programming distributors may satisfy their best efforts obligation by locating a programmer's website or other widely available locations used for the purpose of posting widely available certifications. If a video programming distributor is unable to locate such certification on the programmer's website or other widely available location used for the purpose of posting such certification, the video programming distributor must inform the video programmer in writing that it must make widely available such certification within 30 days after receiving the written request.
