

and pass-through entities) and entities responsible for administering Federal awards (e.g., state governing officials, county and city councils, board of directors of nonprofit organizations, and senior management of various auditees). The information is used in making decisions about which federal awards and recipients to fund in the future, identifying and resolving areas of noncompliance, and improving the administration and delivery of federal awards.

Federal agencies, non-federal entities, and pass-through entities use submitted Forms SF-SAC and Single Audit reporting packages to ensure federal awards are expended in accordance with applicable laws and regulations. The FAC uses the information on the Form SF-SAC to ensure proper distribution of audit reports to federal agencies and identify non-federal entities who have not filed the required reports. The FAC also uses the information on the Form SF-SAC to create a government-wide database, which contains information on audit results. This database is publicly accessible online at <https://facdissem.census.gov>.

The Uniform Guidance indicates that the FAC is authorized to make the reporting package and the Form SF-SAC publicly available on a website. There is an exception for Indian Tribes and Tribal Organizations (2 CFR 200.512(b)(2)). An auditee that is an Indian Tribe (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304) may opt not to authorize the FAC to make the reporting package publicly available on a website. For these exempted auditees, the text of the audit findings, the text of the corrective action plan, and the text portions collected as part of the Notes to the SEFA (all 3 are included in the reporting package) will not be publicly released on the Form SF-SAC.

The data collected by the FAC is used by federal agencies, pass-through entities, non-federal entities, auditors, the Government Accountability Office (GAO), OMB and the general public for information about and management of federal awards and the results of audits.

This information is essential in developing effective government-wide audit policies overseeing federal awards. The Single Audit Act Amendments of 1996 require OMB to perform a biennial review of the threshold that triggers an audit requirement, prescribe a risk-based approach to auditing major programs, and provide guidance on other matters necessary to implement the Single

Audit Act. OMB cannot perform its duties required by the Single Audit Act Amendments or develop audit policies without the information provided under this data collection.

This information is exclusively collected via FAC's web-based application, which is designed to assist the respondent in completing the data collection form. Uniform Guidance requires auditees to submit their information to the FAC nine months after their fiscal period has ended or 30 days after receipt of their audit report—whichever comes first. This is an ongoing collection process and there have been no changes to the collection requirements since the last approval.

Affected Public: States, local governments, Indian tribes, institutions of higher education, non-profit organizations (Non-Federal entities) and their auditors.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 31 U.S.C. Section 7501 et. seq. and 2 CFR part 200.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website: www.reginfo.gov. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0607-0518.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
