

C. ITA Support

1. To what extent would the following ITA activities assist exporters of healthcare services:

a. How would ITA's collaboration directly with foreign governments to improve market preconditions and address market-specific challenges be useful?

b. How would ITA's implementation of U.S. export promotion activities, including those already offered such as trade missions or match-making activities, be useful?

c. What activities not currently offered would be helpful to U.S. exporters?

Monica Gorman,

Deputy Assistant Secretary, Manufacturing, Industry & Analysis, International Trade Administration.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; List of Gear by Fisheries and Fishery Management Council**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 21, 2021, (86 FR 20665) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: List of Gear by Fisheries and Fishery Management Council.

OMB Control Number: 0648-0346.

Form Number(s): None.

Type of Request: Regular submission.

Number of Respondents: 1.

Average Hours per Response: 1.

Total Annual Burden Hours: 0.33.

Needs and Uses: This request is for an extension of a currently approved information collection by the NOAA's National Marine Fisheries Service, Office of Sustainable Fisheries. Under the provisions of the Magnuson-Stevens Fishery and Conservation and Management Act (Magnuson-Stevens Act) [16 U.S.C. 1801 *et seq.*], as amended by the Sustainable Fisheries Act [Pub. L. 104-297], the Secretary of Commerce (Secretary) is required to publish a list of all fisheries under authority of each Regional Fishery Management Council (Council) and all such fishing gear used in such fisheries (see section 305(a) of the Magnuson-Stevens Act). The list has been published and appears in 50 CFR part 600.725(v). Any person wishing to use gear not on the list, or engage in a fishery not on the list, must provide the appropriate Council or the Secretary, in the case of Atlantic highly migratory species, with 90 days of advance notice. If the Secretary takes no action to prohibit such a fishery or use of such a gear, the person may proceed.

Affected Public: Business or other for-profit organizations.

Frequency: As needed.

Respondent's Obligation: Mandatory.

Legal Authority: Magnuson-Stevens Act.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648-0346.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648-XB335]

Magnuson-Stevens Act Provisions; Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Approved Monitoring Service Providers

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of approved monitoring service providers.

SUMMARY: NMFS has approved an additional company to provide Northeast multispecies sector electronic monitoring services in fishing years 2021 and 2022. Regulations implementing the Northeast Multispecies Fishery Management Plan require at-sea and electronic monitoring companies to apply to, and be approved by, NMFS in order to be eligible to provide monitoring services to sectors. This action will allow sectors to contract for at-sea and electronic monitoring services with any of the approved service providers for fishing years 2021 and 2022.

ADDRESSES: The list of NMFS-approved sector monitoring service providers is available at: <https://www.fisheries.noaa.gov/resource/data/observer-providers-northeast-and-mid-atlantic-programs>.

FOR FURTHER INFORMATION CONTACT:

Claire Fitz-Gerald, Fishery Policy Analyst, (978) 281-9255, email Claire.Fitz-Gerald@noaa.gov.

SUPPLEMENTARY INFORMATION: The Northeast Multispecies Fishery Management Plan includes a requirement for industry-funded monitoring of catch by sector vessels. Sectors must contract with independent third-party service providers to provide at-sea and/or electronic monitoring services to their vessels. In order to provide at-sea or electronic monitoring services to sectors, monitoring companies must apply to, and be approved by, NMFS. The regulations at 50 CFR 648.87(b)(4) describe the criteria for approval of at-sea and electronic monitoring service providers. We approve service providers based on: (1) Completeness and sufficiency of applications; and (2) determination of the applicant's ability to meet the performance requirements of a sector monitoring service provider. Once approved, service providers must meet

specified performance requirements outlined in § 648.87(b)(4), including required coverage levels, in order to maintain eligibility. We must notify service providers, in writing, if NMFS withdraws approval for any reason.

Approved Monitoring Service Providers

On February 4, 2021, NMFS approved 6 companies to provide monitoring services to the Northeast multispecies sectors in fishing years 2021 and 2022. Four of the six companies are approved to provide both at-sea and electronic monitoring services: A.I.S., Inc.; East West Technical Services, LLC; Fathom Research, LLC; and Saltwater, Inc. NMFS approved the other two

companies to provide electronic monitoring services: Flywire Cameras and Teem Fish.

Two additional companies also applied to provide electronic monitoring services, but we required additional information to complete their applications prior to making a determination. One company, New England Marine Monitoring, has since submitted a revised and complete application for our consideration. We approved New England Marine Monitoring to provide electronic monitoring services in fishing years 2021 and 2022 because the applicant has met the application requirements

and documented its ability to comply with service provider standards. The revised list of approved monitoring providers for fishing years 2021 and 2022 is provided in Table 1.

There will be an opportunity in the fall of 2021 for additional monitoring companies to apply for approval to provide at-sea and electronic monitoring services in fishing year 2022. We will closely monitor the performance of approved providers, and we will withdraw approval during the current approval term, or disapprove a provider in future fishing years, if we determine performance standards are not being met.

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of issuance of Letter of Authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, its implementing regulations, and NMFS' MMPA Regulations for Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico, notification is hereby given that a Letter of Authorization (LOA) has been issued to Anadarko Petroleum Corporation (Anadarko) for the take of marine mammals incidental to geophysical survey activity in the Gulf of Mexico.

DATES: The LOA is effective from September 18, 2021 through March 17, 2022.

ADDRESSES: The LOA, LOA request, and supporting documentation are available online at: www.fisheries.noaa.gov/action/incidental-take-authorization-oil-and-gas-industry-geophysical-survey-activity-gulf-mexico. In case of problems accessing these documents, please call the contact listed below (see **FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Kim Corcoran, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible
