Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: On July 7, 2020, the Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337"), based on a complaint filed by Cabot Microelectronics Corporation ("CMC") of Aurora, Illinois. 85 FR 40685–86 (July 7, 2020). The complaint, as supplemented, alleges violations of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain chemical mechanical planarization ("CMP") slurries and components thereof by reason of infringement of one or more of claims 1, 3–6, 10, 11, 13, 14, 18–20, 24, 26–29, 31, 35–37, and 39–44 of U.S. Patent No. 9,499,721 ("the '721 patent"). *Id.* at 40685. The Commission's notice of investigation named as respondents DuPont de Nemours, Inc. of Wilmington, Delaware; Rohm and Haas Electronic Materials CMP, LLC of Newark, Delaware; Rohm and Haas Electronic Materials CMP Asia Inc. (d/b/a Rohm and Haas Electronic Materials CMP Asia Inc., Taiwan Branch (U.S.A.)) of Taoyuan City, Taiwan; Rohm and Haas Electronic Materials Asia-Pacific Co., Ltd. of Miaoli, Taiwan; Rohm and Haas Electronic Materials K.K. of Tokyo, Japan; and Rohm and Haas Electronic Materials LLC of Marlborough, Massachusetts (collectively, "Respondents" or "DuPont"). *Id.* at 40686. The Office of Unfair Import Investigations ("OUII") is participating in this investigation. *Id.*

On October 1, 2020, the ALJ issued an initial determination granting CMC's unopposed motion to amend the complaint and notice of investigation to assert infringement of claims 17 and 46 of the '721 patent. Order No. 7 (Oct. 1, 2020), *unreviewed by Notice* (Oct. 16, 2020).

On November 10, 2020, the ALJ issued an initial determination granting

CMC's unopposed motion to amend the complaint and notice of investigation to change the name of Complainant from Cabot Microelectronics Corporation to CMC Materials, Inc. Order No. 8 (Nov. 10, 2020), *unreviewed by* Notice (Nov. 24, 2020).

On January 26, 2021, the ALJ issued an initial determination granting CMC's unopposed motion to amend the complaint and notice of investigation to reflect the conversion of Rohm and Haas Electronic Materials, Inc. to Rohm and Haas Electronic Materials CMP, LLC. Order No. 13 (Jan. 26, 2021), *unreviewed by* Notice (Feb. 11, 2021).

On January 26, 2021, the ALJ issued an initial determination granting CMC's unopposed motion to terminate the investigation as to claim 5 of the '721 patent. Order No. 12 (Jan. 26, 2021), *unreviewed by* Notice (Feb. 16, 2021).

On July 8, 2021, the ALJ issued the subject final ID finding a violation of section 337. The ID found that the parties do not contest personal jurisdiction, and that the Commission has *in rem* jurisdiction over the accused products. ID at 11. The ID further found that the importation requirement under 19 U.S.C. 1337(a)(1)(B) is satisfied. ID at 11–30. The ID also found that CMC established the existence of a domestic industry that practices the '721 patent. ID at 144–169, 297–314. The ID concluded that CMC proved that Respondent's accused products infringe the asserted claims of the '721 patent and that Respondents failed to show that the asserted claims are invalid. ID at 87–144. The ID included the ALJ's recommended determination on remedy and bonding ("RD"). The RD recommended that, should the Commission find a violation, issuance of a limited exclusion order and cease and desist orders would be appropriate. ID/RD at 316–331. The RD also recommended imposing a bond in the amount of one hundred percent of the entered value for covered products imported during the period of Presidential review. ID at 331.

On July 15, 2021, OUII filed a motion to extend the time for the parties to file petitions for review from July 20, 2021 (with responses due July 28, 2021) to July 29, 2021 (with responses due August 12, 2021). On July 16, 2021, the Chair granted the motion.

On July 29, 2021, Respondents and OUII filed separate petitions for review of the ID. On August 12, 2021, CMC submitted responses to the petitions filed by DuPont and OUII, and OUII submitted a response to DuPont's petition.

On August 30, 2021, the Commission extended the due date for determining

whether to review the final ID from September 8, 2021, to September 22, 2021.

Having examined the record of this investigation, including the ID, the petitions for review, and the responses thereto, the Commission has determined to review the ID's findings on importation, infringement, and domestic industry. The Commission has determined not to review the remainder of the ID. The parties are requested to brief their positions with reference to the applicable law and the evidentiary record regarding only the following issues:

(1) Please discuss whether, including under the framework articulated by Chair Kearns in his Additional Views in *Certain High-Density Fiber Optic Equipment and Components Thereof*, Inv. No. 337–TA–1194, the Fuso BS–3 particles should be considered articles that directly infringe the asserted claims of the '721 patent and therefore are articles that infringe under section 337. *See Certain High-Density Fiber Optic Equipment and Components Thereof*, Inv. No. 337–TA–1194, Comm'n Op. at 98–104, Additional Views of Chair Kearns Regarding "Articles that Infringe" (Aug. 23, 2021).

(2) The ID credits the entirety of investments in certain assets necessary for manufacturing the DI products, including a portion of the 845 Enterprise Facility and certain equipment at the 845 Enterprise Facility, even though these assets may also be used to manufacture other products. ID at 301–303. Please indicate why allocation to the DI products is not required under the facts of this investigation, and the percentage of these assets that are used for the DI products as opposed to other products.

In connection with the final disposition of this investigation, the Commission may issue: (1) An exclusion order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) a cease-and-desist order that could result in the respondent being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, *see Certain Devices for*

Connecting Computers via Telephone Lines, Inv. No. 337–TA–360, USITC Pub. No. 2843, Comm'n Op. at 7–10 (Dec. 1994).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation. In that regard, the parties are requested to also brief their positions on the following questions:

(1) Is there currently a shortage of semiconductor chips available in the United States, and if so, how long is this shortage likely to continue?

(2) How would an exclusion order or cease and desist order impact the availability of semiconductor chips in the United States?

(3) If the Commission issues an exclusion order directed to DuPont's infringing CMP products, including the BS–3 particle, are there other CMP products readily available that can meet domestic demand? Please identify sources of these alternatives and their capacity to replace the excluded products.

If the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve, disapprove, or take no action on the Commission's determination. *See Presidential Memorandum of July 21, 2005*, 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: The parties to this investigation are requested to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the recommended determination by the ALJ on remedy and bonding. In their initial submissions, Complainant is also requested to identify the remedy sought

and Complainant and OUI are requested to submit proposed remedial orders for the Commission's consideration. Complainant is also requested to state the date that the patent expires and the HTSUS subheadings under which the accused products are imported. Complainant is further requested to supply the names of known importers of the Respondent's products at issue in this investigation.

The parties' written submissions and proposed remedial orders must be filed no later than the close of business on October 6, 2021. Reply submissions must be filed no later than the close of business on October 13, 2021. Opening submissions are limited to 50 pages. Reply submissions are limited to 30 pages. Such submissions should address the ALJ's recommended determination on remedy and bonding. Interested government agencies and any other interested parties are also encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Third-party submissions should be filed no later than the close of business on October 6, 2021. No further submissions on any of these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. The Commission's paper filing requirements in 19 CFR 210.4(f) are currently waived. 85 FR 15798 (March 19, 2020). Submissions should refer to the investigation number ("Inv. No. 337-TA-1204") in a prominent place on the cover page and/or the first page. (See Handbook on Filing Procedures, https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf). Persons with questions regarding filing should contact the Secretary at (202) 205-2000.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment by marking each document with a header indicating that the document contains confidential information. This marking will be deemed to satisfy the request procedure set forth in Rules 201.6(b) and 210.5(e)(2) (19 CFR 201.6(b) & 210.5(e)(2)). Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. A redacted non-confidential version of the document must also be filed simultaneously with any confidential filing. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for

purposes of this investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements. All nonconfidential written submissions will be available for public inspection on EDIS.

The Commission's vote on this determination took place on September 22, 2021.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR 210).

By order of the Commission.

Issued: September 22, 2021.

Lisa Barton,

Secretary to the Commission.
