Abstract: In order for a State to obtain final authorization for a State hazardous waste program or to revise its previously authorized program, it must submit an official application to the EPA Regional office for approval. The State shall inform the EPA of any proposed modifications to its basic statutory or regulatory authority in accordance with 40 CFR 271.21. If a State is proposing to transfer all or any part of any program from the approved State agency to any other agency, it must notify the EPA in accordance with 40 CFR 271.21 and submit revised organizational charts as required under 40 CFR 271.6, in accordance with 40 CFR 271.21. These paperwork requirements are mandatory under section 3006(a). The EPA will use the information submitted by the State in order to determine whether the State’s program meets the statutory and regulatory requirements for authorization.
