This rule involves a safety zone lasting 166 days that would prohibit vessel traffic to transit the area during construction operations. It is categorically excluded from further review under paragraph L60 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

40 CFR Part 52

[EPA–R04–OAR–2020–0129; FRL–8975–02–R4]

Air Plan Approval; AL; NO_x SIP Call and Removal of CAIR; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: The Environmental Protection Agency (EPA) published a final rule in the **Federal Register** on July 7, 2021, entitled “Air Plan Approval; AL; NO_x SIP Call and Removal of CAIR.” The July 7, 2021 rule, which became effective on August 6, 2021, contained an error in the amendatory instructions for the regulatory text. This correction

does not change any final action taken by EPA in the July 7, 2021, final rule but makes a correction to final regulations.

DATES: This action is effective October 1, 2021.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R04–OAR–2020–0129, FRL–10025–80–Region 4. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Andres Febres, Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. SUPPLEMENTARY INFORMATION: On July 7, 2021 (86 FR 35610), EPA published a final rule in the **Federal Register** entitled “Air Plan Approval; AL; NO_x SIP Call and Removal of CAIR” which became effective on August 6, 2021. The final rule approved the addition of regulations to Alabama’s State Implementation Plan (SIP) to maintain compliance with their nitrogen oxides (NO_x) SIP Call obligations for large non-electricity generating units (non-EGUs), the repeal of the State’s regulations previously sunsetted regarding the NO_x Budget Trading Program, and the repeal of the State’s Clean Air Interstate Rule (CAIR) regulations.¹ Additionally, the

¹ See 86 FR 35610 (July 7, 2021) for information on the NO_x SIP Call, NO_x Budget Trading Program, and CAIR.

final rule conditionally approved state regulations into the SIP that establish monitoring and reporting requirements for units subject to the NO_x SIP Call, including alternative monitoring options for certain sources.

However, the rule contained two errors in the instructions regarding amendments to the table titled “EPA-Approved Alabama Regulations” found at 40 CFR 52.50(c). See 86 FR at 35614. Because of the errors in the amendatory instructions, the Office of the Federal Register was not able to incorporate some of the changes and placed an editorial note at the bottom of 40 CFR 52.50. Although the rationale for incorporating these changes remains the same as presented in the July 7, 2021, rule, EPA is now correcting the CFR to appropriately display the approved rules in the South Carolina SIP.

I. What is the background for this action?

On July 1, 2021 (86 FR 35042), the EPA published a notice of proposed rulemaking that proposed to approve a revision to the State Implementation Plan (SIP) submitted by the State of New York on February 5, 2019, and supplemented on March 25, 2021, for purposes of revising Title 6 of the New York Codes, Rules and Regulations (6 NYCRR) Part 212, "General Process Emission Sources." The EPA is also approving attendant revisions to Part 200, "General Provisions," Subpart 200.1, "Definitions."

The revisions to Part 212, which is now entitled, "Process Operations," apply to process emission sources and/or emission points associated with a
