FEDERAL MEDIATION AND CONCILIATION SERVICE

29 CFR Part 1400

RIN 3076-AA19

Outside Employment, Business Activities, or Interests Regulation

AGENCY: Federal Mediation and Conciliation Service.

ACTION: Final rule; rescission of regulation.

SUMMARY: On August 7, 1992, the Office of Government Ethics (OGE) published a final rule entitled “Supplemental Agency Regulations” requiring Federal agencies creating supplemental ethics regulations to submit such regulations to OGE for concurrence and joint issuance within their regulations. In accordance with “Supplemental Agency Regulations,” this final rule rescinds the current Federal Mediation and Conciliation Service (FMCS) supplemental ethics regulation “Outside employment, business activities, or interests”.

DATES: This final rule is effective October 5, 2021.

FOR FURTHER INFORMATION CONTACT: Alisa Silverman, Attorney-Advisor, Office of General Counsel, Federal Mediation and Conciliation Service, 250 E St. SW, Washington, DC 20427; Office/Fax/Mobile 202-606-5488; asilverman@fmcs.gov.

SUPPLEMENTARY INFORMATION:

I. Discussion

On April 13, 1968, at 33 FR 5765, the Federal Mediation and Conciliation

Service (FMCS) published a final rule entitled “Outside employment, business activities, and interests.” This final rule implemented ethics regulations concerning outside activities.

On August 7, 1992, at 57 FR 35042, the Office of Government Ethics (OGE) published a rule “Supplemental Agency Regulations” requiring Federal agencies creating supplemental ethics regulations to submit such regulations to OGE for concurrence and joint issuance within title 5 of the Code of Federal Regulations.

In accordance with 5 CFR 2635.105, FMCS is working jointly with OGE to develop new supplemental agency regulations to be published by OGE within title 5 of the Code of Federal Regulations. Therefore, FMCS is issuing this final rule, which rescinds the current rule on outside employment, business activities, and interests within title 29 of the Code of Federal Regulations.

II. Final Rule

FMCS has determined that this rule is suitable for final rulemaking. The revisions to FMCS' policies and requirements surrounding outside activities are purely internal matters of agency management, as well as the agency's procedure, and practice. Accordingly, FMCS is not required to engage in a notice and comment process to issue this rule under the Administrative Procedures Act, See U.S.C. 553(a)(2), 553(b)(A). Furthermore, because this rule is procedural rather than substantive, the normal requirement of 5 U.S.C. 553(d) that a rule not be effective until at least 30 days after publication in the **Federal Register** is inapplicable. FMCS also finds good cause to provide an immediate effective date for this rule because it imposes no obligations on parties outside the Federal Government and therefore no advance notice is required to enable employers or other private parties to come into compliance.

PART 1400—STANDARDS OF CONDUCT, RESPONSIBILITIES, AND DISCIPLINE

I. General Information

A. Introduction

1. By the *Auction 111 Procedures Public Notice*, the Office of Economics and Analytics (OEA) and the Media Bureau (MB) establish the procedures to be used for Auction 111, a closed auction of construction permits for new or modified low power television (LPTV) stations and TV translator stations (collectively referred to as LPTV/translator stations). Auction 111 is a closed auction; only those parties listed in Attachment A to the *Auction 111 Procedures Public Notice* are eligible to file applications to participate in Auction 111 and to complete the remaining steps to become qualified to bid.

B. Background and Relevant Authority

2. Auction 111 will resolve groups of pending mutually exclusive (MX) engineering proposals for up to 17 new or modified LPTV/translator station construction permits. The MX groups and engineering proposals listed in Attachment A to the *Auction 111 Procedures Public Notice* consist of applications for new LPTV/translator stations, or major changes to existing stations, that were accepted on a first-come, first-served basis (*i.e.*, rolling one-day windows), pursuant to 47 CFR 74.787(a)(3) and displacement relief applications filed pursuant to a special filing window for eligible LPTV/translator stations displaced by the broadcast television spectrum incentive auction (Auction 1000). Any LPTV/translator station applications for new facilities, major changes to existing facilities, or displacement relief that are mutually exclusive with one another must be resolved via the Commission’s part 1 and part 73 competitive bidding rules.

3. In 2009, MB began accepting applications for new rural digital LPTV/translator stations on a limited basis and then later froze those filings. All but one of the MX groups listed in Attachment A to the *Auction 111 Procedures Public Notice* consist of applications for new or modified rural digital LPTV/translator stations that were submitted on the first day that MB began accepting such applications. The remaining MX group listed in Attachment A to the *Auction 111 Procedures Public Notice* consists of two displacement relief applications filed pursuant to a special displacement application filing window opened in
