

and 13-digit Global Local Number (GLN)) for the entry filer and the manufacturer/producer, seller and shipper, and optionally, for the exporter, distributor and packager. The GBI identifiers are the new optional data elements that are being collected to better identify the legal entity that is interacting with CBP. The data collected under the ACE Cargo Release program is intended to reduce transaction costs, expedite cargo release, and enhance cargo security. ACE Cargo Release filing minimizes the redundancy of data submitted by the filer to CBP through receiving carrier data from the carrier. This design allows the participants to file earlier in the transportation flow. Guidance on using ACE Cargo Release may be found at <http://www.cbp.gov/trade/ace/features>.

It should be noted that ACE Cargo Release was previously called Simplified Entry.

Overview of This Information Collection

Title: Global Business Identifier (GBI).

OMB Number: 1651-0NEW.

Form Number: N/A.

Current Actions: This is a new collection of information.

Type of Review: New Information Collection.

Affected Public: Businesses.

Abstract: U.S. Customs and Border Protection (CBP) is launching a Global Business Identifier (GBI) Evaluative Proof of Concept (EPoC) which aims to determine a single identifier solution that will uniquely discern main legal entity and ownership; specific business and global locations; and supply chain roles and functions. Entry filers must request permission to participate in the GBI EPoC and must obtain and submit all three GBI identifiers as part of the application. The identifiers provide additional information about trade entities and supply chain locations associated with U.S. imports, to CBP for enrollment into the GBI EPoC and, if selected, during the Entry process. The three identifiers are:

- Legal Entity Identifier (LEI)—owned and managed by the Global Legal Entity Identifier Foundation (GLEIF)
- Global Location Number (GLN)—owned and managed by GS1
- Data Universal Numbering System (DUNS)—owned and managed by Dun & Bradstreet (D&B)

GBI EPoC participants will also provide applicant information: Company/entity legal name, legal entity headquarters and/or manufacturing site address, business phone number (associated with provided address), company website, Manufacture/Shipper Identification Code (MID), and Authorized Economic Operator (AEO) identification number (optional).

Automated Broker Interface (ABI) filers (including brokers and self-filers)

will be required to complete a GBI enrollment process, via ABI, prior to submitting the identifiers on an electronic entry (CBP Form 3461). Filers are responsible for the associated costs to obtain all three identifiers and will submit each identifier for the following supply chain roles:

- Manufacturer/Producer (required)
- Shipper (required)
- Seller (required)
- Exporter (optional)
- Distributer (optional)
- Packager (optional)

Section 484 of the Tariff Act of 1930, as amended (19 U.S. Code 1484) and Part 141, Code of Federal Regulations, Title 19 (19 CFR part 141), pertain to the entry of merchandise and authorize CBP to require information that is necessary for CBP to determine whether merchandise may be released from CBP custody. Provisions of the U.S. Code and CBP regulations, in various parts and related to various types of merchandise, specify information that is required for entry. For reference, Part 163, Code of Federal Regulations, Title 19 (19 CFR part 163 Appendix A) refers to a wide variety of regulatory provisions for certain information that may be required by CBP.

By testing the identifiers CBP will take its first step in determining whether to amend regulations to mandate the GBI solution. Furthermore, CBP will understand the utility of collecting and/or combining the identifiers' data and will be able to make an informed decision on whether to mandate the use of the GBI solution as an alternative for the Manufacturer/Shipper Identification Code (MID).

Type of Information Collection: Electronic Submission of GBI Data and Enrollment Information.

Estimated Number of Respondents: 100.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 100.

Estimated Time per Response: 10 minutes.

Estimated Total Annual Burden Hours: 17.

Dated: September 30, 2021.
