Background and Regulatory Impact Analysis

The Treasury Department and the IRS propose to amend paragraphs (a), (c), (d), and (g) of § 54.9815-2719 of the Miscellaneous Excise Tax Regulations to expand the scope of claims eligible for external review to include adverse benefit determinations related to compliance with the surprise billing and cost-sharing protections under the No Surprises Act.

The Treasury Department and the IRS also propose to add §§ 54.9816-8 and 54.9817-2 to establish a federal IDR process that nonparticipating providers or facilities, nonparticipating providers of air ambulance services, and group health plans may use following the end of an unsuccessful open negotiation period to determine the out-of-network rate for certain services.

The temporary regulations published elsewhere in this issue of the **Federal Register** add §§ 54.9815-2719T, 54.9816-8T, and 54.9817-2T. The proposed and temporary regulations are being published as part of a joint rulemaking with the OPM, DOL, and HHS. The text of temporary sections added elsewhere also serves as the text of the corresponding sections proposed

in this document. The preamble to the temporary regulations contains the agency's rationale and provides a regulatory impact analysis.

The principal author of this notice of proposed rulemaking is Kari DiCecco, Office of Associate Chief Counsel (Employee Benefits, Exempt Organizations and Employment Taxes). The proposed regulations, as well as the temporary regulations, have been developed in coordination with personnel from the OPM, DOL, and HHS.

RIN 0331–AA05

National Environmental Policy Act Implementing Regulations Revisions

AGENCY: Council on Environmental Quality.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Council on Environmental Quality (CEQ) is proposing to modify certain aspects of its regulations for implementing the procedural provisions of the National Environmental Policy Act (NEPA) to generally restore regulatory provisions that were in effect for decades before being modified in 2020. CEQ proposes these changes in order to better align the provisions with CEQ's extensive experience implementing NEPA, in particular its perspective on how NEPA can best inform agency decision making, as well as longstanding Federal agency experience and practice, NEPA's statutory text and purpose, including making decisions informed by science, and case law interpreting NEPA's requirements. The proposed rule would restore provisions addressing the purpose and need of a proposed action, agency NEPA procedures for implementing CEQ's NEPA regulations, and the definition of "effects." CEQ invites comments on the proposed revisions.

DATES:

Comments: CEQ must receive comments by November 22, 2021.

Public meeting: CEQ will conduct two online public meetings for the proposed rule on Tuesday, October 19, 2021, from 1 to 4 p.m. EDT, and Thursday, October 21, 2021 from 5 to 8 p.m. EDT. To register for the meetings, please visit CEQ's website at www.nepa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On January 1, 1970, President Nixon signed into law the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.* Congress enacted NEPA by a unanimous vote in the Senate and a nearly unanimous vote in the House¹ to declare a national policy to promote environmental protection for present and future generations. NEPA was established to "encourage productive and enjoyable harmony" between humans and the environment; to promote efforts that will prevent or eliminate damage to the environment and biosphere and stimulate the health and welfare of people; and to enrich the understanding of the ecological systems and natural resources important to the Nation. 42 U.S.C. 4321.

To achieve these objectives, NEPA makes it the continuing policy of the Federal Government to use all practicable means and measures to create and maintain conditions under which humans and nature can exist in productive harmony and fulfill the social, economic, and other requirements of present and future
