The IACC is requesting public comments on research, services, and policy issues related to the seven topics addressed by the IACC Strategic Plan: Screening and Diagnosis, Biology, Risk Factors, Treatments and Interventions, Services, Lifespan Issues, and Infrastructure and Surveillance. The IACC is also requesting information on two additional issues related to autism described in two supplemental questions that are included in this Request for Public Comment.

DATES: Responses to this notice are voluntary and the public comment period will be open from October 1, 2021–November 30, 2021.

SUPPLEMENTARY INFORMATION: The IACC <http://www.iacc.hhs.gov/> is a federal advisory committee composed of federal and public members that provides advice to the Secretary of Health and Human Services on autism spectrum disorder. The Committee is authorized under the Autism CARES Act of 2019, Public Law 116–60. The law requires that the IACC develop a Strategic Plan for autism research and update the Plan annually. The current IACC Strategic Plan can be viewed at: <https://iacc.hhs.gov/publications/strategic-plan/2019/>. The IACC last provided an update on the progress of the Strategic Plan in 2019, after which the committee went out of session as a new committee was being appointed. The IACC reconvened in July 2021 and is now developing a new update of the IACC Strategic Plan.

The IACC Strategic Plan chapters are organized around seven topic areas that are related to community-focused questions:

- Question 1. How Can I Recognize the Signs of ASD, and Why is Early Detection So Important? (Topic: Screening and Diagnosis)
- Question 2. What Is the Biology Underlying ASD? (Topic: Biology)

- Question 3. What Causes ASD, and Can Disabling Aspects of ASD be Prevented or Preempted? (Topic: Risk Factors)
- Question 4. Which Treatments and Interventions Will Help? (Topic: Treatments and Interventions)
- Question 5. What Kinds of Services and Supports Are Needed to Maximize Quality of Life for People on the Autism Spectrum? (Topic: Services)
- Question 6. How Can We Meet the Needs of People with ASD as They Progress into and through Adulthood? (Topic: Lifespan Issues)
- Question 7. How Do We Continue to Build, Expand, and Enhance the Infrastructure System to Meet the Needs of the ASD Community? (Topic: Infrastructure and Surveillance)

The Committee also seeks public comment related to the two following questions:

- Supplemental Question 1. What are important issues for the IACC to consider with regard to the impact of the COVID–19 pandemic on the autism community?
- Supplemental Question 2. What are important issues for the IACC to consider with regard to the needs of underserved populations within the autism community, including racial and ethnic minorities, economically disadvantaged communities, and rural populations?
