Take notice that on September 15, 2021, Southern California Edison Company (SCE) requested that the Federal Energy Regulatory Commission (Commission) review and confirm SCE's Electric Quarterly Report submission practices for transaction information received from the California Independent System Operator Corporation (CAISO). In particular, given recent changes to the CAISO market settlement timeline, SCE requests that the Commission approve SCE's longstanding practices of (1) providing CAISO transaction data for a given quarter by the filing deadline for the following quarter; and (2) providing CAISO transaction data only once using final settlement data, as opposed to filing both initial and final settlement data.
