Title: 7 CFR 1924—Common Forms Package for Rural Development Construction Forms.

OMB Number: 0575-New.

Expiration Date of Approval: Three years from approval date.

Type of Request: New information collection.

Abstract: The information collection under OMB Number 0575-New will enable the Agencies to effectively administer the policies, methods, and responsibilities in the planning and performing of construction and other development work for the related construction programs.

The Rural Housing Service (RHS) is authorized under various sections of Title V of the Housing Act of 1949, as amended, to provide financial assistance to construct, improve, alter, repair, replace, or rehabilitate dwellings, which will provide modest, decent, safe, and sanitary housing to eligible individuals in rural areas. The Consolidated Farm and Rural Development Act, as amended, authorizes the credit programs of the RHS, RBCS and RUS to provide financial assistance for essential community facilities such as construction of community facilities and water and waste systems; and the improvement, development, and financing of businesses, industries, and employment.

In several sections of both acts, loan limitations are established as percentages of development costs, requiring careful monitoring of those costs. Also, the Secretary is authorized to prescribe regulations to ensure that Federal funds are not wasted or dissipated and that construction will be undertaken economically and will not be of elaborate or extravagant design or materials. The collection of information covered by the forms allows for the planning and performing of construction and other development work.

Information for the RD forms and their usage in this collection package are included in this supporting statement.

The Agencies provide forms and/or guidelines to assist in the collection and submission of information; however, most of the information may be collected and submitted in the form and content which is accepted and typically used in normal conduct of planning and performing development work in private industry when a private lender is financing the activity. The information is usually submitted via hand delivery or U.S. Postal Service to the appropriate Agency office. Electronic submittal of information is also possible through email or USDA's Service Center eForms website.

If the information were not collected and submitted, the Agencies would not have control over the type and quality of construction and development work planned and performed with Federal funds. The Agencies would not be assured that the security provided for loans is adequate, nor would the

Agencies be certain that decent, safe, and sanitary dwelling or other adequate structures were being provided to rural residents as required by the different acts.

Estimate of Burden: RD is requesting approval for one respondent and a one-hour place holder in order for OMB to issue a control number for these forms. The burden for each of the forms will be accounted for within the individual Rural Development program collection packages using the form(s).

Respondents: Individuals or private entities; businesses or other for profit; not-for profit; small businesses; Federal, state, local or tribal governments; institutions of higher education or other research organizations and others.

Estimated Number of Responses per Respondent per Form in Package:

Form No.	Responses per Respondent
1924-1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 19 and 25	1
1924-13	1.25
1924-18	1.75

Comments from interested parties are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Chadwick Parker,

Acting Administrator, Rural Housing Service.

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below.

Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.
