Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Swiss-U.S. Privacy Shield; Invitation for Applications for Inclusion on the Supplemental List of Arbitrators

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on July 28, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: International Trade Administration, Department of Commerce.

Title: Swiss-U.S. Privacy Shield; Invitation for Applications for Inclusion on the Supplemental List of Arbitrators.

OMB Control Number: 0625-0278.

Form Number(s): None.

Type of Request: Extension of a current information collection.

Number of Respondents: 20.

Average Hours per Response: 240 minutes.

Burden Hours: 80 hours.

Needs and Uses: As described in Annex I of the Swiss-U.S. Privacy Shield Framework, the Department of Commerce (the Department) and the Swiss Administration committed to implement an arbitration mechanism to provide Swiss individuals with the ability to invoke binding arbitration to determine, for residual claims, whether an organization has violated its obligations under the Privacy Shield. Organizations voluntarily self-certify to the Swiss-U.S. Privacy Shield Framework and, upon certification, the commitments the organization has made to comply with the Swiss-U.S. Privacy Shield Framework become legally enforceable under U.S. law. Organizations that self-certify to the Swiss-U.S. Privacy Shield Framework commit to binding arbitration of residual claims if a Swiss individual chooses to exercise that option. Under the arbitration option, a Privacy Shield

Panel (consisting of one or three arbitrators, as agreed by the parties) has the authority to impose individual-specific, non-monetary equitable relief (such as access, correction, deletion, or return of the Swiss individual's data in question) necessary to remedy the violation of the Swiss-U.S. Privacy Shield Framework only with respect to the individual. The Department and the Swiss Administration will seek to maintain a list of up to five arbitrators chosen on the basis of independence, integrity, and expertise from which the parties will select the arbitrators, which will supplement the list of arbitrators developed under the EU-U.S. Privacy Shield Framework. The arbitral mechanism outlined in Annex I of the EU-U.S. Privacy Shield Framework and Swiss-U.S. Privacy Shield Framework is a critical component of the Privacy Shield frameworks. Publishing this notice to collect information from individuals applying for inclusion on the list of arbitrators is a necessary step to maintain the arbitral mechanism. The Department previously requested and obtained approval of this information collection (OMB Control No. 0625-0278) and now seeks renewal of this information collection. Although the Department is not currently seeking additional applications, it may do so in the future as appropriate.

Affected Public: Private individuals.

Frequency: Recurrent, depending on the number of arbitrators required to retain an active list of 5 arbitrators.

Respondent's Obligation: Required to obtain or retain benefits.

Legal Authority: The Department's statutory authority to foster, promote, and develop the foreign and domestic commerce of the United States (15 U.S.C. 1512).

SUPPLEMENTARY INFORMATION:

Background

On June 25, 2021, Commerce published the *Preliminary Results* of the 2019–2020 administrative review of the antidumping duty order on CTL Plate from Korea.¹ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.²

Scope of the Order³

The products covered by the antidumping duty Order are certain CTL

plate from Korea. For a full description of the scope, see the Issues and Decision Memorandum.⁴

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we did not make changes to the preliminary calculation of the weighted-average dumping margin for the mandatory respondent, Hyundai Steel Company (Hyundai Steel), and the margin assigned to non-selected respondents.

Final Results of the Review

Commerce determines the following weighted-average dumping margins exist for the respondents for the period February 1, 2019, through January 31, 2020:

Producer/exporter	Weighted-average dumping margin (percent)
Hyundai Steel Company	0.68
Rate Applicable to the Following Non-Selected Companies:	
Dongkuk Steel Mill Co., Ltd	0.68
BDP International	0.68
Sung Jin Steel Co., Ltd	0.68

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protections (CBP) shall assess, antidumping duties on all appropriate entries of subject

and Antidumping Duty Orders: Certain Cut-To-Length Carbon-Quality Steel Plate Products from France, India, Indonesia, Italy, Japan and the Republic of Korea, 65 FR 6585 (February 10, 2000) (Order).

merchandise in accordance with the final results of this review. For the individually examined respondent, Hyundai Steel, whose weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for each importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).

For all non-selected respondents identified above, we will instruct CBP to liquidate all entries of subject merchandise that entered the United States during the POR at the rates listed above.

For entries of subject merchandise during the POR produced by Hyundai Steel for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for companies subject to this review will be equal to the weighted-average dumping margins established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash
