Disaster Grants—Public Assistance (Presidentially Declared Disasters); 97.039, Hazard Mitigation Grant.

Deanne Criswell,

Administrator, Federal Emergency Management Agency. [FR Doc. 2021–22428 Filed 10–12–21; 8:45 am] BILLING CODE 9111-23–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2021-0023; OMB No. 1660-0146]

Agency Information Collection Activities: Proposed Collection; Comment Request; Post Disaster Survivor Preparedness Research Survey

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning a collection to obtain information from recent disaster survivors while they have current memories of their experience to better provide necessary direction, coordination, and guidance for emergency preparedness for the protection of life and property in the United States from hazards.

DATES: Comments must be submitted on or before December 13, 2021.

ADDRESSES: Submit comments at *www.regulations.gov* under Docket ID FEMA–2021–0023. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at *http://www.regulations.gov*, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of *www.regulations.gov*. FOR FURTHER INFORMATION CONTACT: Christi Collins, Individual and Community Preparedness Branch Chief, Federal Emergency Management Agency, at (202) 646–2500 or *FEMA-Prepare@fema.dhs.gov.* You may contact the Information Management Division for copies of the proposed collection of information at email address: *FEMA-Information-Collections-Management@ fema.dhs.gov.*

SUPPLEMENTARY INFORMATION: The Stafford Act, Title VI, Emergency Preparedness (42 U.S.C. 5195-5195(a)) identifies the purpose of emergency preparedness "for the protection of life and property in the United States from hazards." It directs that the Federal Government "provide necessary direction, coordination, and guidance" as authorized for a comprehensive emergency preparedness system for all hazards. Emergency preparedness is defined as all "activities and measures designed or undertaken to prepare or minimize the effects of a hazard upon the civilian population. . ." The "conduct of research" is among the measures to be undertaken in preparation for hazards.

Collection of Information

Title: Post Disaster Survivor Preparedness Research Survey.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660–0146 FEMA Forms: FEMA Form FF–008– FY–21–112 (formerly FEMA Form 519– 0–54), Post Disaster Survivor Preparedness Research: Instruments

Abstract: The economic and human toll of major disasters in the United States is increasing and historically underserved communities are disproportionately impacted. Poverty, race, limited English proficiency, age, and other demographic, cultural, and socio-economic variables can significantly inhibit people's ability to take steps to prepare. To reverse this trend, emergency managers must ensure historically undeserved communities receive critical information that helps each person take steps to prepare themselves, their families, and their communities. To achieve equity in opportunities to prepare for disasters, FEMA proposes a series of qualitative focus groups, cognitive interviews, and targeted surveys to better understand individual experiences within historically underserved communities during recent disasters. FEMA Form 519–0–54 is a combined instrument that contains the script and question bank for conducting the focus groups, cognitive interviews, and surveys.

Affected Public: Individuals or households.

Estimated Number of Respondents: 3,120 respondents.

Estimated Number of Responses: 3,120 responses.

Estimated Total Annual Burden Hours: 740.

Estimated Total Annual Respondent Cost: \$29,045.

Estimated Respondents' Operation and Maintenance Costs: \$0.00.

Estimated Respondents' Capital and Start-Up Costs: \$0.00.

Estimated Total Annual Cost to the Federal Government: \$434,943.

Comments

Comments may be submitted as indicated in the ADDRESSES caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Millicent L. Brown,

Acting, Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

[Docket ID FEMA-2021-0002; Internal Agency Docket No. FEMA-B-2169]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS. **ACTION:** Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before January 11, 2022. ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location *https://hazards.fema.gov/femaportal/ prelimdownload* and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at *https:// msc.fema.gov* for comparison.

You may submit comments, identified by Docket No. FEMA–B–2169, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) *patrick.sacbibit@fema.dhs.gov;* or visit the FEMA Mapping and Insurance eXchange (FMIX) online at *https:// www.floodmaps.fema.gov/fhm/fmx_main.html.*

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/ srp overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location https:// hazards.fema.gov/femaportal/ prelimdownload and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at https://msc.fema.gov for comparison.
