

meeting. During this 90-day comment period, if determined to be needed, the BLM will hold additional meetings in other areas of the State.

For a period until October 23, 2023, subject to valid existing rights, the National Forest System lands described in this notice will be temporarily segregated from operation of the United States mineral and geothermal leasing laws, unless the application is denied or canceled, or the withdrawal is approved prior to that date. All other activities currently consistent with the Superior National Forest Land and Resource Management Plan are not restricted by this segregation, including public recreation, mineral materials sales, and other activities compatible with preservation of the character of the area, subject to USFS discretionary approval.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Mitchell Leverette,

BLM Eastern States State Director.

Notice of Segregation of Public Land for the Copper Rays Solar Project, Nye County, Nevada

AGENCY: Bureau of Land Management, Department of Interior.

ACTION: Notice of segregation.

SUMMARY: Through this notice the Bureau of Land Management (BLM) is segregating public lands included in the right-of-way application for the Copper Rays Solar Project, from appropriation under the public land laws, including the Mining Law, but not the Mineral Leasing or Material Sales Acts, for a period of 2 years from the date of publication of this notice, subject to valid existing rights. This segregation is to allow for the orderly administration of the public lands to facilitate consideration of development of renewable energy resources. The public lands segregated by this notice total 5,518.18 acres.

DATES: This segregation for the lands identified in this notice is effective on October 21, 2021.

SUPPLEMENTARY INFORMATION:

Regulations found at 43 CFR 2091.3–1(e) and 2804.25(f) allow the BLM to temporarily segregate public lands within a right-of-way application area for solar energy development from the operation of the public land laws, including the Mining Law, by publication of a **Federal Register** notice. The BLM uses this temporary segregation authority to preserve its ability to approve, approve with modifications, or deny proposed rights-of-way, and to facilitate the orderly administration of the public lands. This temporary segregation is subject to valid existing rights, including existing mining claims located before this segregation notice. Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature which would not impact lands identified in this notice may be allowed with the approval of an authorized officer of the BLM during the segregation period. The lands segregated under this notice are legally described as follows:

Mount Diablo Meridian, Nevada

The area described contains 5,518.18 acres, according to the official plats of the surveys of the lands on file with the BLM.

As provided in the regulations, the segregation of lands in this notice will not exceed 2 years from the date of publication unless extended for an additional 2 years through publication of a new notice in the **Federal Register**. The segregation period will terminate and the land will automatically reopen to appropriation under the public land laws, including the mining laws, at the earliest of the following dates: Upon issuance of a decision by the authorized officer granting, granting with modifications, or denying the application for a right-of-way; without further administrative action at the end of the segregation provided for in the **Federal Register** notice initiating the segregation; or upon publication of a **Federal Register** notice terminating the segregation.

Upon termination of the segregation of these lands, all lands subject to this segregation would automatically reopen to appropriation under the public land laws, including the mining laws.

Polyethylene Retail Carrier Bags From China, Indonesia, Malaysia, Taiwan, Thailand, and Vietnam

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the antidumping duty orders on polyethylene retail carrier bags from China, Indonesia, Malaysia, Taiwan, Thailand, and Vietnam and the countervailing duty order on polyethylene retail carrier bags from Vietnam would be likely to lead to continuation or recurrence of material injury to an industry in the United

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).
