

consisting of grassland, cropland, scattered trees, and abandoned buildings, is available for redevelopment. Treasury would construct a new entrance road connecting its proposed parcel to Powder Mill Road and would construct several minor modifications to Powder Mill Road in the vicinity of the new intersection. The entrance road and Powder Mill Road modifications require construction activities in an additional 18-acre area, bringing the combined Project Site to a total of approximately 122 acres.

Treasury also carried forward the No Action Alternative for detailed analysis in the Final EIS. While the No Action Alternative would not satisfy the purpose of or need for the Proposed Action, Treasury retained this Alternative to provide a comparative baseline against which to analyze the effects of the Preferred Alternative as required under the Council on Environmental Quality's NEPA regulations (40 Code of Federal Regulations 1502.14[c]).

Resource areas analyzed in the Final EIS include: Land use; visual resources; air quality; noise; topography and soils; water resources; biological resources; cultural resources; traffic and transportation; utilities; socioeconomic and environmental justice (EJ); hazardous and toxic materials and waste; and human health and safety. Treasury dismissed air space, recreation, and geology from detailed study. Treasury determined the Proposed Action has no potential to cause significant adverse impacts to these resource areas.

Based on the Final EIS analysis, without implementation of mitigation measures, significant adverse impacts could occur to visual resources, water resources, cultural resources, traffic and transportation, and EJ communities (*i.e.*, due to disproportionate adverse traffic impacts). Impacts to all other resource areas would be less-than-significant adverse, negligible, or beneficial. However, in the ROD, Treasury has adopted all practicable means to avoid or minimize environmental harm from the Preferred Alternative. These mitigation measures will further minimize identified potential adverse impacts to each of these resource areas. Importantly, all potential significant adverse impacts will be reduced to less-than-significant levels.

The Preferred Alternative for the Proposed Action will also adversely impact wetlands. Accordingly, Treasury has prepared a FONPA to comply with Executive Order 11990. As described in the Final EIS and ROD, regulatory

compliance measures (*e.g.*, permitting under Sections 404/401 of the CWA) and adopted mitigation measures will be implemented to minimize adverse impacts on wetlands.

A Notice of Intent to prepare an EIS for the proposed project was published in the **Federal Register** on November 15, 2019 (84 FR 62565) and the public scoping period closed on December 15, 2019. Treasury held one public scoping meeting on December 3, 2019. A Notice of Availability of the Draft EIS was published in the **Federal Register** on November 6, 2020 (85 FR 71074) and the public review and comment period closed on December 21, 2020. Treasury held a Virtual Public Meeting on December 2, 2020. Treasury considered and addressed in the Final EIS comments received on the Draft EIS during the comment period. A Notice of Availability of the Final EIS was published in the **Federal Register** on June 4, 2021 (86 FR 30040).

Treasury has taken into consideration information and analyses presented in the Final EIS, including potential environmental impacts and recommended mitigation measures; supporting studies; consultation with agencies and Native American Tribes; and the comments received from the public during formal review and comment periods. Treasury has also evaluated our national currency production needs, the BEP's mission requirements, and the purpose of and need for the Proposed Action. Based on these considerations, it is the decision of Treasury to implement the Preferred Alternative and the associated mitigation measures as outlined in the ROD.

Dated: October 15, 2021.

Charles C. Davis,

Project Manager, Bureau of Engraving and Printing.

BILLING CODE P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request for Form 4810

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service (IRS), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this

opportunity to comment on information collections, as required by the Paperwork Reduction Act of 1995. The IRS is soliciting comments concerning Request for Prompt Assessment Under Internal Revenue Code Section 6501(d).

DATES: Written comments should be received on or before December 20, 2021 to be assured of consideration.

ADDRESSES: Direct all written comments to Andres Garcia, Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the form and instructions should be directed to Martha R. Brinson, at (202) 317-5753, or at Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or through the internet at Martha.R.Brinson@irs.gov.

SUPPLEMENTARY INFORMATION:

Title: Request for Prompt Assessment Under Internal Revenue Code Section 6501(d).

OMB Number: 1545-0430.

Form Number: 4810.

Abstract: Fiduciaries representing a dissolving corporation or a decedent's estate may request a prompt assessment of tax under Internal Revenue Code section 6501(d). Form 4810 is used to help locate the return and expedite the processing of the taxpayer's request.

Current Actions: There are no changes being made to the form at this time.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals or households, business or other for-profit organizations, farms, and the Federal government.

Estimated Number of Respondents: 4,000.

Estimated Time per Respondent: 6 hours, 12 minutes.

Estimated Total Annual Burden Hours: 24,800.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments

will be of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information;

(c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation,

maintenance, and purchase of services to provide information.

Approved: October 15, 2021.

Martha R. Brinson,
Tax Analyst.
