

we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a special local regulation lasting only 4 hours that will prohibit entry within a 2 mile segment of the American River and Sacramento River. It is categorically excluded from further review under paragraph [L61] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for Part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

■ 2. Add § 100.T1199–0697 to read as follows:

§ 100.T1199–0697 Special Local Regulation; Sacramento Ironman Triathlon; American River and Sacramento River, Sacramento, CA

(a) *Regulated area.* The regulations in this section apply to the following area: All waters of the American River and Sacramento River from Township 9 Park to Tower Bridge.

(b) *Regulations.* (1) All non-participants are prohibited from entering, transiting through, anchoring in, or remaining within the regulated

area described in paragraph (a) of this section unless authorized by the Captain of the Port Sector San Francisco or their designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative by VHF Channel 69 or phone at 1–415–399–3547. Those in the regulated area must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(3) The COTP will provide notice of the regulated area through advanced notice via broadcast notice to mariners.

(c) *Enforcement period.* This section will be enforced on October 24, 2021, from 6 a.m. to 10 a.m.

Dated: October 15, 2021.

Taylor Q. Lam,

Captain, U.S. Coast Guard, Captain of the Port, San Francisco.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG–2021–0761]

RIN 1625–AA08

Special Local Regulations; Perrysburg Regatta, Maumee River, Toledo, OH

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard will enforce a special local regulation for the Perrysburg Regatta from 7:30 a.m. through 3:30 p.m. on October 23, 2021 to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Ninth Coast Guard District identifies the regulated area for this event in Toledo, OH. During the enforcement period, the operator of any vessel in the regulated area must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

DATES: This regulation will be enforced from 7:30 a.m. through 3:30 p.m. on October 23, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2021–0761 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email MST3 John Angotti, Waterways Department, Marine Safety Unit Toledo, Coast Guard; telephone (419) 418–6056, email john.t.angotti@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because we must establish this special local regulation by October 23, 2021. Delaying the effective date of this regulation for a comment period to run would be contrary to the public interest and impractical because it would inhibit the Coast Guard's ability to protect spectators and vessels from the potential safety hazards associated with a marine regatta.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this regulation would be contrary to the rule's objectives of protecting the safety of the public and property on the navigable waters in the vicinity of the regatta.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Detroit (COTP) has determined that potential hazards associated with the Perrysburg Regatta starting October 23, 2021, would be a safety concern for anyone navigating within the Maumee River, Toledo, OH.

IV. Discussion of the Rule

This rule establishes a temporary special local regulation from 7:30 a.m.

through 3:30 p.m. on October 23, 2021. In light of the aforementioned hazards, the COTP has determined that a special local regulation is necessary to protect spectators, vessels, and participants. The special local regulation will encompass the following waterway: All waters of the Maumee River, Toledo OH between 200 feet off of the left descending bank and between the following two points: The first point is drawn from position 41°39'45.9" N, 083°30'37.9" W (NAD 83); the second point, to the south, is drawn from position 41°38'06.4" N, 083°31'60.0" W (NAD 83). During the period of enforcement, no vessels may enter, transit through, or anchor within the regulated area without the permission of the COTP or an on-scene representative. The COTP or a designated on-scene representative will notify the public of the enforcement of this rule by all appropriate means, including a Broadcast Notice to Mariners.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. Vessel traffic will be able to safely transit around this regulated area, which would impact a small designated area of the Maumee River for 6 hours in an area where vessel traffic is normally low. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small

businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the area may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order

13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This special local regulation lasts 6 hours and will limit entry within the navigable waters of the Maumee River, Toledo, OH. 200 feet off of the left descending bank and between the following two points: The first point is drawn from position 41°39'45.9" N, 083°30'37.9" W (NAD 83); the second point, to the south, is drawn from position 41°38'06.4" N, 083°31'60.0" W (NAD 83). It is categorically excluded from further review under paragraph L[61] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without

jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, waterways, Security measures.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR 100 as follows:

PART 100—SPECIAL LOCAL REGULATIONS; PERRYSBURG REGATTA, TOLEDO, OH

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C.70041; 33 CFR 1.05–1.

■ 2. Add § 100.T05–911 to read as follows:

§ 100.T05–911 Special Local Regulations; Perrysburg Regatta, Maumee River, Toledo, OH

(a) *Location.* This special local regulation lasts 6 hours and will limit entry within the navigable waters of the Maumee River, Toledo, OH. 200 feet off of the left descending bank and between the following two points: The first point is drawn from position 41°39'45.9" N, 083°30'37.9" W (NAD 83); the second point, to the south, is drawn from position 41°38'06.4" N, 083°31'60.0" W (NAD 83).

(b) *Enforcement period.* The regulation will be enforced from 7:30 a.m. through 3:30 p.m. on October 23, 2021. The Captain of the Port Detroit will announce specific enforcement periods by Broadcast Notice to Mariners (BNM).

(c) *Regulations.* (1) In accordance with the general regulations in § 100.911(b), no vessel may enter, transit through, or anchor within the regulated area without the permission of the COTP or a designated on-scene representative.

(2) Vessel operators desiring to enter or operate within the regulated area shall contact the Coast Guard Patrol Commander to obtain permission to do so. Vessel operators given permission to enter or operate within the regulated area must comply with all directions given to them by the Coast Guard Patrol Commander.

Dated: October 18, 2021.

Brad W. Kelly,

Captain, U.S. Coast Guard, Captain of the Port Detroit.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R05–OAR–2021–0256; FRL–8692–02–R5]

Air Plan Approval; Wisconsin; Attainment Plan for the Rhinelander SO₂ Nonattainment Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving the State Implementation Plan (SIP) revision submitted by Wisconsin on March 29, 2021, which amends a SIP submission previously submitted to EPA on January 22, 2016, and supplemented on July 18, 2016 and November 29, 2016, for attaining the 1-hour sulfur dioxide (SO₂) primary national ambient air quality standard (NAAQS) for the Rhinelander SO₂ nonattainment area. This plan (herein referred to as Wisconsin's Rhinelander SO₂ plan or plan) includes Wisconsin's attainment demonstration and other elements required under the Clean Air Act (CAA). In addition to an attainment demonstration, the plan addresses the requirement for meeting reasonable further progress (RFP) toward attainment of the NAAQS, reasonably available control measures and reasonably available control technology (RACM/RACT), and contingency measures. This action supplements a prior action which found that Wisconsin had satisfied emission inventory and new source review (NSR) requirements for this area, but had not met requirements for the elements approved here. In this action, EPA concludes that Wisconsin has appropriately demonstrated that the plan provisions provide for attainment of the 2010 1-hour primary SO₂ NAAQS in the Rhinelander SO₂ nonattainment area and that the plan meets the other applicable requirements under the CAA. EPA proposed to approve this action on July 22, 2021, and received no adverse comments.

DATES: This final rule is effective on December 31, 2021.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2021–0256. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as

copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through www.regulations.gov or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID–19. We recommend that you telephone Abigail Teener, Environmental Engineer, at (312) 353–7314 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT:

Abigail Teener, Environmental Engineer, Attainment Planning and Maintenance Section, Air Programs Branch (AR–18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353–7314, teener.abigail@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

I. Background Information

Following the promulgation in 2010 of a 1-hour primary SO₂ NAAQS, on August 5, 2013, EPA designated the Rhinelander area within the State of Wisconsin as nonattainment for this NAAQS, in conjunction with designating multiple areas in other states as nonattainment (78 FR 47191). Wisconsin submitted a nonattainment plan for the Rhinelander area on January 22, 2016, and supplemented it on July 18, 2016, and November 29, 2016. On March 23, 2021, EPA partially approved and partially disapproved Wisconsin's Rhinelander SO₂ plan as submitted and supplemented in 2016 (86 FR 15418). EPA approved the base-year emissions inventory and affirmed that the new source review requirements for the area had previously been met (79 FR 60064, October 6, 2014). EPA also approved the SO₂ emission limit for Ahlstrom-Munksjö's Rhinelander facility (Ahlstrom-Munksjö) (formerly Expera Specialty Solutions LLC (Expera)) as SIP-strengthening. At that time, EPA disapproved the attainment demonstration for failing to comply with EPA's stack height regulations. Additionally, EPA disapproved the plan for failing to meet the requirements for RFP toward attainment of the NAAQS, RACM/RACT, emission limitations and control measures, as necessary to attain the NAAQS, and contingency measures. On March 29, 2021, Wisconsin
