Number of Respondents and Responses: 645 respondents; 645 responses.

Estimated Time per Response: 8 hours.

Frequency of Response: Recordkeeping requirement, third party disclosure requirement and on occasion reporting requirement.

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit or disclose confidential information. However, in certain circumstances, respondents may voluntarily choose to submit confidential information pursuant to applicable confidentiality rules.

Needs and Uses: In the Order on Remand, the Commission imposed unbundling obligations in a more targeted manner where requesting carriers have undertaken their own facilities-based investments and will be using UNEs (unbundled network elements) in conjunction with self-provisioned facilities. The Commission also eliminated the subdelegation of authority to state commissions adopted in the previous order. Prior to the issuance of the Order, the Commission sought comment on issues relating to combinations of UNEs, called “enhanced extended links” (EELs), in order to effectively tailor access to EELs to those carriers seeking to provide significant local usage to end users. In the Order, the Commission adopted three specific service eligibility criteria for access to EELs in accordance with Commission rules.
