[RTID 0648-XB502]

Fisheries of the U.S. Caribbean; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 80 workshop webinars for U.S. Caribbean Queen Triggerfish Fishery Topical Working Group.

SUMMARY: The SEDAR 80 assessment process of U.S. Caribbean Queen Triggerfish will consist of a series of webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 80 U.S. Caribbean Queen Triggerfish Fishery Topical Working Group workshop will be held via webinar from 9 a.m. to 1 p.m. eastern each day November 16-18, 2021. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data,

Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species (HMS) Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-government organizational representatives (NGOs); International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the workshop are as follows:

Working Group members will discuss factors that may impact the fishery for U.S. Caribbean Queen Triggerfish. Potential assessment data may also be reviewed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 25, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[RTID 0648-XB550]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Scallop Survey Working Group via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This webinar will be held on Wednesday, November 17, 2021 at 9 a.m. Webinar registration URL information <https://attendee.gototraining.com/r/1548650451610382849>.

ADDRESSES: *Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Scallop Survey Working Group (SSWG) will meet to review progress updates to address the Terms of Reference (TORs); Methods and analyses identified to address TORs, including timelines for completion, and SSWG sub-groups activities. Other business may be discussed, as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues

arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 25, 2021.

National Oceanic and Atmospheric Administration

Request for Information on NOAA Actions To Advance the Goals and Recommendations in the Report on Conserving and Restoring America The Beautiful, Including Conserving At Least 30 Percent of U.S. Lands and Waters By 2030

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice; request for information.

SUMMARY: On May 6, 2021, the U.S. Departments of the Interior, Agriculture, Commerce, and the White House Council on Environmental Quality released a preliminary report on *Conserving and Restoring America the Beautiful* (Report). The Report recommends a decade-long national initiative to advance locally led conservation and restoration in public, private, and tribal lands and waters toward addressing three threats: Disappearance of nature, climate change, and inequitable access to the outdoors. Guided by eight core principles and six focus areas for early action and progress in the Report, NOAA is seeking public input on how NOAA should, using its existing authorities and associated measures,

conserve and restore America's ocean, coasts, and Great Lakes.

DATES: Interested persons are invited to submit comments on or before December 28, 2021.

NOAA will host virtual public listening sessions at the following dates and times:

- Monday, November 8, 2021, 2:00–4:00 p.m. Eastern Time
- Tuesday, November 16, 2021, 4:00–6:00 p.m. Eastern Time

NOAA may end a meeting before the time noted above if all those participating have completed their oral comments.

ADDRESSES: You may submit comments by any of the following methods:

Federal eRulemaking Portal: Responses can be submitted electronically to the Federal e-Rulemaking Portal at <https://www.regulations.gov/docket/NOAA-HQ-2021-0109>. Click the "Comment Now!" button, complete the required fields, and enter or attach your comments.

Public Listening Sessions: Provide oral comments during virtual public listening sessions, as described under **DATES**. Registration details and additional information about how to participate in these public listening sessions is available at www.noaa.gov/america-the-beautiful.

Instructions: Response to this request for information (RFI) is voluntary. Attachments will be accepted in plain text, Microsoft Word, or Adobe PDF formats only. Each individual or institution is requested to submit only one response. NOAA requests that all letter writing campaigns submit one letter with an attachment that includes signatures to your letter, which will aid in review. The number of signatures will be taken into account in the summary of comments. DOC may post responses to this RFI, without change, on a Federal website. NOAA, therefore, requests that no business proprietary information, copyrighted information, or personally identifiable information be submitted in response to this RFI. Please note that the U.S. Government will not pay for response preparation, or for the use of any information contained in the response.

FOR FURTHER INFORMATION CONTACT: Visit www.noaa.gov/america-the-beautiful. For technical questions about this notice, email americathebeautiful@noaa.gov (please do not submit public comments directly to this email address).

SUPPLEMENTARY INFORMATION: On January 27, 2021, the White House issued *Executive Order 14008* on

Tackling the Climate Crisis at Home and Abroad (Executive Order). 86 FR 7619 Section 216(a) of the Executive Order directs the Secretary of the Interior, in consultation with the Secretary of Agriculture, the Secretary of Commerce, the Chair of the Council on Environmental Quality, and the heads of other relevant agencies, to submit a report to the National Climate Task Force within 90 days of the date of the order recommending steps that the United States should take, working with state, local, tribal, and territorial governments, agricultural and forest landowners, fishermen, and other key stakeholders, to achieve the goal of conserving at least 30 percent of U.S. lands and waters by 2030.

In accordance with Section 216(a) of the Executive Order, on May 6, 2021, the U.S. Departments of the Interior, Agriculture, Commerce, and the White House Council on Environmental Quality released a preliminary report on *Conserving and Restoring America the Beautiful*: www.doi.gov/sites/doi.gov/files/report-conserving-and-restoring-america-the-beautiful-2021.pdf. The Report calls for a decade-long national initiative to advance locally led conservation and restoration in public, private, and tribal lands and waters. The Report recommends eight core principles:

- Principle 1: Pursue a Collaborative and Inclusive Approach to Conservation.
- Principle 2: Conserve America's Lands and Waters for the Benefit of All People.
- Principle 3: Support Locally Led and Locally Designed Conservation Efforts.
- Principle 4: Honor Tribal Sovereignty and Support the Priorities of Tribal Nations.
- Principle 5: Pursue Conservation and Restoration Approaches that Create Jobs and Support Healthy Communities.
- Principle 6: Honor Private Property Rights and Support the Voluntary Stewardship Efforts of Private Landowners and Fishers.
- Principle 7: Use Science as a Guide.
- Principle 8: Build on Existing Tools and Strategies with an Emphasis on Flexibility and Adaptive Approaches.

The Report also recommends six areas of early focus and progress:

- Create More Parks and Safe Outdoor Opportunities in Nature-Deprived Communities.
- Support Tribally Led Conservation and Restoration Priorities.
- Expand Collaborative Conservation of Fish and Wildlife Habitats and Corridors.
