DEPARTMENT OF AGRICULTURE

Foreign Agricultural Service

Fiscal Year 2021 Raw Cane Sugar Tariff-Rate Quota Extension of the Entry Period

AGENCY: Foreign Agricultural Service, U.S. Department of Agriculture.

ACTION: Notice.

SUMMARY: The Foreign Agricultural Service of the U.S. Department of Agriculture is providing notice of an extension of the tariff-rate quota (TRQ) entry period for the fiscal year (FY) 2021 raw cane sugar TRQ.

DATES: *Applicable:* October 29, 2021.

FOR FURTHER INFORMATION CONTACT: Souleymane Diaby, Multilateral Affairs Division, Trade Policy and Geographic Affairs, Foreign Agricultural Service, U.S. Department of Agriculture, Stop 1070, 1400 Independence Avenue SW, Washington, DC 20250–1070; by telephone (202) 720–2916; or by email Souleymane.Diaby@usda.gov.

SUPPLEMENTARY INFORMATION: The Foreign Agricultural Service announces that all sugar entering the United States under the FY 2021 raw sugar TRQ will be permitted to enter U.S. Customs territory through December 31, 2021, two months later than the previous extension of October 31. The Department previously announced on August 24, 2021, that sugar entering under the FY 2021 raw sugar TRQ will be permitted to enter U.S. Customs territory through October 31, 2021, a month later than the usual last entry date. Additional U.S. Note 5(a)(iv) of Chapter 17 of the U.S. Harmonized Tariff Schedule provides: “(iv) Sugar entering the United States during a quota period established under this note may be charged to the previous or subsequent quota period with the written approval of the Secretary.” The Secretary’s authority under paragraph

(a)(iv) of Additional U.S. Note 5 has been delegated to the Under Secretary for Trade and Foreign Agricultural Affairs (7 CFR 2.26). The Under Secretary has subsequently delegated this authority to the Administrator, Foreign Agricultural Service (7 CFR 2.601).

These actions are being taken after a determination that additional supplies of raw cane sugar are required in the U.S. market. USDA will closely monitor stocks, consumption, imports and all sugar market and program variables on an ongoing basis.

Daniel Whitley,

Administrator, Foreign Agricultural Service.

Forest Service

Final Record of Decision for the Helena-Lewis and Clark National Forest Land Management Plan

AGENCY: Forest Service, USDA.

ACTION: Notice of plan approval for the Helena-Lewis and Clark National Forest.

SUMMARY: William Avey, the Forest Supervisor for the Helena-Lewis and Clark National Forest (referred to as the Forest), Northern Region, signed the record of decision (ROD) for the Helena-Lewis and Clark National Forest Land Management Plan (Forest Plan). The final ROD documents the rationale for approving the Land Management Plan and is consistent with the reviewing officer’s responses to objections and instructions.

DATES: The revised Land Management Plan for the Helena-Lewis and Clark National Forest will become effective 30 days after the publication of this notice of approval in the **Federal Register**.

ADDRESSES: To view the final ROD, final environmental impact statement (FEIS), Land Management Plan, and other related documents, please visit the Helena-Lewis and Clark National Forest Plan Revision website at: www.fs.usda.gov/goto/hlc/forestplanrevision. A legal notice of approval is also being published in the

Helena-Lewis and Clark National Forest’s newspaper of record, Helena Independent Record. A copy of this legal notice will be posted on the website listed above.

FOR FURTHER INFORMATION CONTACT: Deborah Entwistle, weekdays, 8:30 a.m. to 3:00 p.m. Mountain Daylight Time, at 406–449–5201. Written requests for information may be sent to Helena-Lewis and Clark National Forest, Attn: Plan Revision, 2880 Skyway Drive, Helena, MT 59601.

Individuals who use telecommunication devices for the hearing-impaired (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern Daylight Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The Land Management Plan describes the Helena-Lewis and Clark National Forest’s distinctive roles and contributions within the broader landscape and details forest wide and geographic area desired conditions, objectives, standards, and guidelines. It identifies suitable uses of National Forest System lands and provides estimates of the planned timber sale quantity. The Land Management Plan identifies priority watersheds for restoration and includes recommended wilderness areas and eligible wild and scenic rivers. This Land Management Plan provides for efficient and effective management of the Helena-Lewis and Clark National Forest with desired conditions for coordination, partnerships, and shared stewardship with State, local, and Tribal governments, other federal agencies, adjacent landowners, and stakeholders. The development of the Land Management Plan was shaped by the best available scientific information, current laws, and public input.

The Helena-Lewis and Clark National Forest initiated plan revision in spring 2014 with open houses held at multiple locations across the planning area. The Forest invited State, local and Tribal governments, and other federal agencies from around the region to participate in the process to revise the Land Management Plan. An interagency working group met regularly throughout the plan revision effort. After two years of public engagement, the Forest

released the Proposed Action in December 2016. Comments received on the Proposed Action were used in development of the draft Land Management Plan and draft EIS which were released in June 2018. The Forest received over 1,000 public comments on the draft Land Management Plan. The Land Management Plan, final EIS, and draft Record of Decision were released in May 2020, initiating a 60-day opportunity to object. The Forest Service received 88 eligible objections. The Regional Forester, Reviewing Official, issued a written response to the objection issues on February 19, 2021. The final ROD documents the rationale for approving the Land Management Plan and is consistent with the Reviewing Officer's response to objections and instructions.

Responsible Official

The Responsible Official for approving the Land Management Plan is William Avey, Forest Supervisor, Helena-Lewis and Clark National Forest.

Dated: June 7, 2021.

Barnie Gyant,

Associate Deputy Chief, National Forest System.

Editorial note: This document was received for publication by the Office of the Federal Register on October 26, 2021.

BILLING CODE 3411-15-P

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; 2020 Census Count Question Resolution Operation

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on August 4, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Commerce.

Title: 2020 Census Count Question Resolution Operation.

OMB Control Number: 0607-0879.

Form Number(s): None.

Type of Request: Regular submission, Request for a Reinstatement, with Change, of a Previously Approved Collection.

Number of Respondents: 1,500.

Average Hours per Response: 5.2 (based on 40 records per case).

Burden Hours: 7,800.

Needs and Uses:

Introduction

The 2020 Census Count Question Resolution Operation (CQR) provides a mechanism for tribal, state, and local governmental units in the United States and Puerto Rico, or their designated representatives, to request that the Census Bureau review their boundaries and/or housing counts by block to correct any in-scope error(s) affecting the inclusion and/or geographic allocation of housing and population. The term "housing" refers to individual housing units and group quarters. Please note, the population counts for a census block or other geographic units below the state level may seem inaccurate due to disclosure avoidance measures the Census Bureau applies to the published data. Population counts at the block level have the most "noise" of any geographic level due to disclosure avoidance and differential privacy to protect against data disclosure. Additional information on both disclosure avoidance and differential privacy is available at the following URL: www.census.gov/programs-surveys/decennial-census/decade/2020/planning-management/process/disclosure-avoidance.html.

The Census Bureau will accept 2020 Census CQR cases from tribal, state, and local governmental units from January 3, 2022 through June 30, 2023. The eligible governmental units and geographies are the same as in previous decades for the 2020 Census CQR. The Census Bureau will conduct CQR case research by examining the census records for the 2020 tabulation block(s) identified in the CQR case. All boundaries in the published 2020 Census results are current as of January 1, 2020, and all housing and population counts are current as of April 1, 2020; therefore, any changes to boundaries or housing counts that occurred past those dates are out of scope. No new Census information products will be created by the 2020 Census CQR and no revisions will be made to 2020 Census information products, such as the

apportionment counts delivered to the President for apportionment to the 2020 Census Public Law 94-171 Redistricting Data Files and Geographic Products. Federal law requires data collection for the census to end, so the Census Bureau cannot continue collecting information for the census through the Count Question Resolution operation (CQR). CQR can correct only errors that occurred during the processing of information collected during the 2020 enumeration.

Once a resolution is determined for each CQR case, the Census Bureau will respond to the governmental unit in writing with an official determination letter, even if the case is determined to be out of scope or that no corrections are warranted. However, if research determines that changes are appropriate, the determination letter will be accompanied by certified housing and population count corrections, which governmental units can use for any purpose requiring their official Census counts. The Census Bureau will incorporate all CQR revisions into the intercensal population estimates and American Community Survey estimates starting in 2022 and will post the new counts on the CQR website. The Census Bureau will attempt to respond to each inquiry within 90 days of receipt and complete all case research and resolution by no later than September 30, 2023.

Eligible Participants

The Census Bureau will only accept cases from the eligible participants listed below or their designee. Details on how to designate someone else to submit on a government's behalf will be explained further in the guides that will be posted on the CQR website. The Census Bureau will not accept cases from any other type of statistical or legally defined areas, or any other individual, group, or organization not included in this list.

1. Tribal areas, including federally recognized American Indian tribes with reservation and/or off-reservation trust lands, Alaska Native Regional Corporations, and Alaska Native villages.

- A review of statistically defined boundaries (e.g., boundaries of the tribal designated statistical areas, Oklahoma tribal statistical areas, and Oklahoma tribal statistical area tribal subdivisions) is out of scope for 2020 Census CQR.

- A review of the statistically defined Alaska Native village statistical area boundaries is out of scope for 2020 Census CQR.

2. States and equivalent entities (e.g., District of Columbia and Puerto Rico).
