**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission**

[Docket No. CP20–513–000]

**WBI Energy Transmission, Inc.; Notice of Request for Extension of Time**

Take notice that on October 19, 2021, WBI Energy Transmission, Inc. (WBI) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until November 1, 2022, to complete the 2020 Baker Storage Well Abandonment Project (Project), as authorized after the 60-day deadline of WBI's prior notice issued by the Commission on September 3, 2020. By that process, WBI was initially required to abandon the facilities in one year, by November 2, 2021.

WBI states that on October 12, 2021, the Project area received a measurable amount of rain and snow delaying the removal of the remaining 17 drip lines over concerns of excessive rutting along the right-of-way and within the approved workspace areas. WBI is requesting an extension of time due to the uncertainty in the workplace conditions over the next few weeks, that may prevent WBI from completing abandonment activities ahead of the original deadline.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on WBI's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211)
