Abstract of Proposed Collection

MyTravelGov is an electronic account creation and validation portal. U.S. citizens interested in submitting electronic applications for consular benefits vice submission of a paper application will need to create a unique account through MyTravelGov in order to ensure secure electronic transmission of personally identifiable information to the Department. The information collected will also be used by servers to validate subsequent logons to the account or attempts to reset the account password to ensure the security and integrity of accounts.

Methodology

Information is collected when an individual logs on to the MyTravelGov web portal and elects to create an account.

Abstract of Proposed Collection

The export, temporary import, and brokering of defense articles, including

technical data, and defense services are authorized by the Department of State, Directorate of Defense Trade Controls (DDTC) in accordance with the International Traffic in Arms Regulations (“ITAR,” 22 CFR parts 120-130) and section 38 of the Arms Export Control Act. Those who manufacture, broker, export, or temporarily import defense articles, including technical data, or defense services must register with the Department of State and obtain a decision from the Department as to whether it is in the interests of U.S. foreign policy and national security to approve covered transactions. Also, registered brokers must submit annual reports regarding all brokering activity that was transacted, and registered manufacturers and exporter must maintain records of defense trade activities for five years.

- *1405-0003, Application/License for Permanent Export of Unclassified Defense Articles and Related Unclassified Technical Data:* In accordance with part 123 of the ITAR, any person who intends to permanently export unclassified defense articles or unclassified technical data must obtain authorization from DDTC prior to export. “Application/License for Permanent Export of Unclassified Defense Articles and Related Unclassified Technical Data” (Form DSP-5) is the licensing vehicle typically used to obtain permission for the permanent export of unclassified defense articles, including unclassified technical data, enumerated on the USML. This form is an application that, when completed and approved by PM/DDTC, Department of State, constitutes the official record and authorization for the permanent commercial export of unclassified U.S. Munitions List articles, pursuant to the Arms Export Control Act and the International Traffic in Arms Regulations.

- *1405-0013, Application/License for Temporary Import of Unclassified Defense Articles:* In accordance with part 123 of the ITAR, any person who intends to temporarily import unclassified defense articles must obtain DDTC authorization prior to import. “Application/License for Temporary Import of Unclassified Defense Articles” (Form DSP-61) is the licensing vehicle typically used to obtain permission for the temporary import of unclassified defense articles covered by USML. This form is an application that, when completed and approved by PM/DDTC, Department of State, constitutes the official record and authorization for the temporary commercial import of unclassified U.S. Munitions List articles, pursuant to the Arms Export

Control Act and the International Traffic in Arms Regulations.

- *1405-0022, Application/License for Permanent/Temporary Export or Temporary Import of Classified Defense Articles and Related Classified Technical Data:* In accordance with part 123 of the ITAR, any person who intends to permanently export, temporarily export, or temporarily import classified defense articles, including classified technical data must first obtain DDTC authorization. “Application/License for Permanent/Temporary Export or Temporary Import of Classified Defense Articles and Related Classified Technical Data” (Form DSP-85) is used to obtain permission for the permanent export, temporary export, or temporary import of classified defense articles, including classified technical data, covered by the USML. This form is an application that, when completed and approved by PM/DDTC, Department of State, constitutes the official record and authorization for all classified commercial defense trade transactions, pursuant to the Arms Export Control Act and the International Traffic in Arms Regulations.

- *1405-0023, Application/License for Temporary Export of Unclassified Defense Articles:* In accordance with part 123 of the ITAR, any person who intends to temporarily export unclassified defense articles must DDTC authorization prior to export. “Application/License for Temporary Export of Unclassified Defense Articles” (Form DSP-73) is the licensing vehicle typically used to obtain permission for the temporary export of unclassified defense articles covered by the USML. This form is an application that, when completed and approved by PM/DDTC, Department of State, constitutes the official record and authorization for the temporary commercial export of unclassified U.S. Munitions List articles, pursuant to the Arms Export Control Act and the International Traffic in Arms Regulations.

- *1405-0092, Application for Amendment to License for Export or Import of Classified or Unclassified Defense Articles and Related Classified Technical Data:* In accordance with part 123 of the ITAR, any person who intends to permanently export, temporarily import, or temporarily export unclassified or classified defense articles or related technical data must obtain DDTC authorization. “Application for Amendment to License for Export or Import of Classified or Unclassified Defense Articles and Related Classified Technical Data” is used to obtain permission for certain changes to previously approved

licenses. This form is an application that, when completed and approved by PM/DDTC, Department of State, constitutes the official record and authorization for all requests to amend existing defense trade authorizations made pursuant to the Arms Export Control Act and the International Traffic in Arms Regulations.

- *1405-0021, Nontransfer and Use Certificate*: Pursuant to § 123.10 of the ITAR, a completed “Nontransfer and Use Certificate” (Form DSP-83) must accompany an export license application to export significant military equipment and classified articles and technical data. Pursuant to § 124.10 of the ITAR, a completed “Nontransfer and Use Certificate” must be submitted with any request for a manufacturing license agreement or technical assistance agreement that relates to significant military equipment or classified defense articles and technical data. The foreign consignee (if applicable), foreign end-user, and applicant execute this form. By signing the certificate the foreign end-user certifies that they will not, except as specifically authorized by prior written approval of the Department of State, re-export, resell or otherwise dispose of the defense articles enumerated in the application (1) outside the foreign country named as the country of ultimate destination; or (2) to any other person. With respect to agreements that involve classified articles or classified technical data, an authorized representative of the foreign government must also sign the form.

Methodology

This information collection may be sent to the Directorate of Defense Trade Controls via the following methods: Electronically or mail.

BILLING CODE 4710-25-P

SURFACE TRANSPORTATION BOARD

[Docket No. AB 1319X]

City Utilities of Springfield, Mo.— Abandonment Exemption—in Greene County, Mo.

City Utilities of Springfield, Mo. (City Utilities), has filed with the Surface Transportation Board (Board) a petition under 49 CFR 10502 for exemption from the prior approval requirements of 49 U.S.C. 10903 to abandon approximately 1.24 miles of rail line extending from approximately milepost 248.86 to

approximately milepost 250.1, in Greene County, Mo. (the Line).¹

City Utilities states that, based on information in its possession, the Line does not contain federally granted rights-of-way. Any documentation in City Utilities’ possession will be made available promptly to those requesting it.

The interest of railroad employees will be protected by the conditions set forth in *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979).

By issuing this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by January 28, 2022.

Any offer of financial assistance (OFA) under 49 CFR 1152.27(b)(2) will be due no later than 120 days after the filing of the petition for exemption, or 10 days after service of a decision granting the petition for exemption, whichever occurs sooner. Persons interested in submitting an OFA must first file a formal expression of intent to file an offer by November 12, 2021, indicating the type of financial assistance they wish to provide (*i.e.*, subsidy or purchase) and demonstrating that they are preliminarily financially responsible. See 49 CFR 1152.27(c)(1)(i).

Following abandonment, the Line may be suitable for other public use, including interim trail use. Any request for a public use condition under 49 CFR 1152.28 or for interim trail use/rail banking under 49 CFR 1152.29 will be due no later than November 22, 2021.² All pleadings, referring to Docket No. AB 1319X, should be filed with the Surface Transportation Board via e-filing on the Board’s website. In addition, a copy of each pleading must be served on City Utilities’ representative, Thomas W. Wilcox, Law

¹ City Utilities states that it acquired title to the Line and other track from the Burlington Northern Railroad Company (BN) through deeds dated January 15, 1986, and July 21, 1987, and that BN, and subsequently BNSF Railway Company, provided rail operations over the Line to deliver coal to City Utilities’ James River Power Station until that facility ceased burning coal in 2015. According to City Utilities, while recently performing due diligence in the process of converting the right-of-way into a multi-use recreational trail, it realized that it inadvertently neglected to seek acquisition authority for the Line from the ICC when City Utilities acquired the Line from BN. City Utilities obtained after-the-fact acquisition authority in October 2021. See *City Utils. of Springfield, Mo.—Acquis. Exemption—Line of BNSF Ry. in Greene Cnty., Mo.*, FD 36543 (STB served Oct. 15, 2021).

² Filing fees for OFAs and trail use requests can be found at 49 CFR 1002.2(f)(25) and (27), respectively.

Office of Thomas W. Wilcox, LLC, 1629 K Street NW, Suite 300, Washington, DC 20006. Replies to the petition are due on or before November 22, 2021.

Persons seeking further information concerning abandonment procedures may contact the Board’s Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245-0238 or refer to the full abandonment regulations at 49 CFR part 1152. Questions concerning environmental issues may be directed to the Board’s Office of Environmental Analysis (OEA) at (202) 245-0294. Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877-8339.

An environmental assessment (EA) (or environmental impact statement (EIS), if necessary) prepared by OEA will be served upon all parties of record and upon any other agencies or persons who comment during its preparation.³ Other interested persons may contact OEA to obtain a copy of the EA (or EIS). EAs in abandonment proceedings normally will be made available within 60 days of the filing of the petition. The deadline for submission of comments on the EA generally will be within 30 days of its service.

Board decisions and notices are available at www.stb.gov.

Decided: October 27, 2021.

By the Board, Scott M. Zimmerman, Acting Director, Office of Proceedings.

Aretha Laws-Byrum,
Clearance Clerk.
