

revised or eliminated certain licensing rules and modernized outdated radiated power and other technical rules applicable to the Cellular Service. As part of FCC 17–27, the Commission also released a Second Further Notice of Proposed Rulemaking in which it sought comment on deleting certain recordkeeping and administrative rules applicable to the Public Mobile Services (including the Cellular Service), which are governed by Part 22 of the Commission's rules.

On July 13, 2018, the Commission released a Third report and Order in the Cellular Reform proceeding (Cellular 3d R&O) (FCC 18–92), in which it deleted certain Part 22 rules that either imposed administrative and recordkeeping burdens that are outdated and no longer serve the public interest, or that are largely duplicative of later-adopted rules and are thus no longer necessary. Among the rule deletions and of relevance to this information collection, the Commission deleted rule section 22.303, resulting in discontinued information collection for that rule section.

The Commission is now seeking approval from the Office of Management and Budget (OMB) for a revision of this information collection.
