This notice seeks comments concerning a list of hotels, motels, and similar places of public accommodations meeting minimum fire-safety requirements. The information collected is voluntary and if approved for listing, the lodging establishment may be used by Federal employees on government related travel and for Federal agency conferences. As the list is open to use by the public, non-government travelers may use the list to identify lodging meeting minimum life-safety criteria from fire.

SUPPLEMENTARY INFORMATION: The Hotel and Motel Fire Safety Act of 1990 (Pub. L. 101-391) requires FEMA to establish and maintain a list of hotels, motels, and similar places of public accommodation meeting minimum requirements for protection of life from fire. This list is known as the National Master List (NML). This law resulted from a series of deadly fires in hotels and motels, occurring in the late 70's and 80's, with high loss of life. The legislative intent of this public law is to provide all travelers the assurance of fire-safety in accommodations identified on the NML. The Act further stipulates that Federal employees on official travel stay in properties approved by the authority having jurisdiction and listed

on the current NML. For statutory reference see 15 U.S.C. 2224-26.
