

at bridget.faust@noaa.gov, phone at (651) 983-0235, or mail at: 1735 Lake Drive West, Chanhassen, MN 55317-8582. For the Mission-Aransas revised management plan—Matt Chasse of NOAA's Office for Coastal Management, by email at matt.chasse@noaa.gov, phone at 410-570-1020.

SUPPLEMENTARY INFORMATION: Pursuant to 15 CFR 921.33(c), a state must revise the management plan for a research reserve at least every five years. Changes to a reserve's management plan may be made only after receiving written approval from NOAA. NOAA approves changes to management plans via notice in the **Federal Register**. On November 02, 2020, NOAA issued a notice in the **Federal Register** announcing a thirty-day public comment period for the proposed revision of the management plan for the Lake Superior National Estuarine Research Reserve (81 FR 69320). On July 1, 2021, NOAA issued a notice in the **Federal Register** announcing a thirty-day public comment period for the proposed revision of the management plan for the Mission-Aransas National Estuarine Research Reserve (86 FR 35072). Responses to written and oral comments received, and an explanation of how comments were incorporated into the final versions of the revised management plans, are available in appendix B of the Lake Superior plan and appendix 8 of the Mission-Aransas plan.

The revised management plans outline each reserve's: Strategic goals and objectives; administrative structure; programs for conducting research and monitoring, education, and training; resource protection, restoration, and manipulation plans; public access and visitor use plans; consideration for future land acquisition; and facility development to support reserve operations.

The Lake Superior revised management plan focuses on changes to facilities through acquiring permanent housing for visiting students and researchers; growing the sectors by structurally supporting additional staff; advancing geographic information systems (GIS) and data management priorities; and developing a formal advisory board and strategic relationships with the private sector in the region. Since September 2010, the reserve has acquired permanent facilities for the reserve's operations; hired core sector leads and support staff; opened a public interpretive center and classroom; and expanded formal partnerships in research and education across the region. The revised

management plan will serve as the guiding document for the 16,697-acre research reserve for the next five years.

The Mission-Aransas revised management plan builds upon past successes and accomplishments and is designed to address specific priority coastal management issues. The priority issues for research and monitoring include marine debris, industrial growth impacts, eDNA, freshwater inflow, biological monitoring, and sea level rise and coastal subsidence. For education and training, priorities to be addressed include connecting children and nature; outdoor education programming, climate change and its effects on coastal environments; coastal ecology and habitat diversity; marine debris and its impacts on the coastal environment; and stewardship of estuarine and coastal resources.

Since its inception, this reserve has engaged in strategic partnerships with its land managing partners and others based on mutual interests. These partnerships are expected to be maintained or expanded through the revised management plan including reserve administration of the Amos Rehabilitation Keep (ARK), providing animal rehabilitation services for species endemic to the estuary. The reserve is also planning to maintain and improve reserve facilities including Fennessey Ranch, the Bay Education Center, the ARK, and the Patton Marine Science Education Center.

Neither the Lake Superior or Mission-Aransas revised management plans change the total acreage of either reserve.

NOAA reviewed the environmental impacts of the Lake Superior and Mission-Aransas revised management plans and determined that these actions are categorically-excluded from further analysis under the National Environmental Policy Act, consistent with NOAA Administrative Order 216-6.]

Authority: 16 U.S.C. 1451 *et seq.*; 15 CFR 921.33.

Keelin S. Kuipers,

Deputy Director, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration.

BILLING CODE 3510-NK-P

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID USA-2021-HQ-0023]

Proposed Collection; Comment Request

AGENCY: Department of the Army, Department of Defense (DoD).

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Program Executive Officer, Enterprise Information Systems (PEO EIS) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by January 3, 2022.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to PEO EIS, Project Manager (PM) Army Data and Analytics Platforms (ARDAP), 9351 Hall Drive, Bldg 1456, ATTN: Linda O. Jones, or call 571-595-9291.

SUPPLEMENTARY INFORMATION: *Title; Associated Form; and OMB Number:* Project Manager Army Data Analytics Platforms Climate Survey, OMB Control Number 0702–RDAP.

Needs and Uses: The PM ARDAP Climate Survey is seeking feedback from its civilian, military, and contractor personnel to assess how they feel about the organization and their work environment. The responses will enable PM ARDAP leadership to assess and determine where changes are required. Though the survey is intended to reach all personnel, this proposed collection request only covers public respondents (contractor personnel) as required by the Paperwork Reduction Act. PM ARDAP will distribute this Climate Survey using the MilSuite survey feature, which enables PM ARDAP to create a custom survey for organization-wide distribution with advanced survey statistics to capture, review, and share the responses. Respondents will access and provide their responses to the collection instrument online. They will receive a link that takes them directly to the PM ARDAP Climate Survey in MilSuite. The PM ARDAP Operations Team will review the survey responses and provide data and subsequent analysis to PM ARDAP leadership. The results will enable PM ARDAP leadership to communicate areas for improvement, actions they plan to take or have been taken, and if the changes address the area in need of improvement with its personnel. Additionally, since the survey is annual, PM ARDAP will be able to review and analyze data year to year to identify trends.

Affected Public: Individuals or households.

Annual Burden Hours: 267.5.

Number of Respondents: 535.

Responses per Respondent: 1.

Annual Responses: 535.

Average Burden per Response: 30 minutes.

Frequency: Annually.

Dated: October 29, 2021.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID DoD–2021–OS–0114]

Proposed Collection; Comment Request

AGENCY: The Office of the Under Secretary of Defense for Personnel and Readiness, Department of Defense (DoD).

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of the Under Secretary of Defense for Personnel and Readiness announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by January 3, 2022.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: DoD cannot receive written comments at this time due to the COVID–19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Defense Human Resources Activity, 4800 Mark Center

Drive, Suite 08F05, Alexandria, VA 22350, LaTarsha Yeargins, 571–372–2089.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: On-Site Installation Evaluations; OMB Control Number 0704–0610.

Needs and Uses: These information collections continue to support a high-visibility requirement directed in Secretary of Defense Memorandum, “Immediate Actions to Counter Sexual Assault and Harassment and the Establishment of a 90-Day Independent Review Commission on Sexual Assault in the Military,” February 26, 2021. Immediate Action 2 directs the Under Secretary of Defense for Personnel and Readiness (USD(P&R)) to develop a plan of action and milestones to conduct high risk installation evaluations. Memorandum “Plan of Action and Milestones for High Risk Installation Evaluations,” March 30, 2021 USD(P&R) approved the plan of action and milestones. The end result of the data collection will be a series of ratings for each installation to characterize the maturity of prevention at each installation (*i.e.*, how consistently prevention is prioritized, how consistently people are prepared to conduct needed prevention, and how consistently prevention is done well).

Affected Public: Individuals or households.

Annual Burden Hours: 2,938 hours.

Number of Respondents: 4,100.

Responses per Respondent: 1.

Annual Responses: 4,100.

Average Burden per Response: 43 minutes.

Frequency: On occasion.

Dated: October 29, 2021.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
