

shall assess, antidumping duties on all appropriate entries covered by this review.³⁰ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

As discussed above, we are rescinding the review with respect to eleven companies, including the mandatory respondents. For the companies that were not selected for individual examination but did not file no shipment certifications, upon issuance of the final results, we will instruct CBP to assess antidumping duties at an *ad valorem* rate equal to the non-selected rate, which we preliminarily determine to be 7.89 percent, as described above.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by each respondent which did not know that its merchandise was destined for the United States, and for all the companies for which we reach final findings of no shipments, we will instruct CBP to liquidate entries not reviewed at the all-others rate established in the original less-than-fair value (LTFV) investigation (*i.e.*, 19.50 percent) if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following cash deposit requirements will be in effect for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies receiving the non-selected rate will be the rate established in the final results of this review, (except if the rate is de minimis within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero); (2) For merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment; (3) if the exporter is not a firm covered in a prior review, or the original investigation, but the

manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 19.50 percent, the all-others cash deposit rate established in the *Final Determination* of the less than fair value investigation of solar products from Taiwan.³¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(1) and 351.221(b)(4).

Uncovered Innerspring Units From the People's Republic of China: Preliminary Determination of No Shipments; 2020-2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Comfort Coil Technology Sdn. Bhd. (Comfort Coil), the only company subject to review, had no shipments of subject merchandise during the period of review (POR), February 1, 2020,

through January 31, 2021. We invite interested parties to comment on these preliminary results.

DATES: Applicable November 5, 2021.

FOR FURTHER INFORMATION CONTACT: Christopher Maciuba, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0413.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2021, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on uncovered innerspring units (innersprings) from the People's Republic of China (China) for the POR.¹ On April 1, 2021, in response to a timely request from Leggett & Platt, Incorporated (the petitioner),² and in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the *Order* with respect to Comfort Coil.³

Scope of the Order

The merchandise subject to the *Order* is uncovered innerspring units composed of a series of individual metal springs joined together in sizes corresponding to the sizes of adult mattresses (*e.g.*, twin, twin long, full, full long, queen, California king and king) and units used in smaller constructions, such as crib and youth mattresses. All uncovered innerspring units are included in the scope regardless of width and length. Included within this definition are innersprings typically ranging from 30.5 inches to 76 inches in width and 68 inches to 84 inches in length. Innersprings for crib mattresses typically range from 25 inches to 27 inches in width and 50 inches to 52 inches in length.

Uncovered innerspring units are suitable for use as the innerspring component in the manufacture of innerspring mattresses, including

mattresses that incorporate a foam encasement around the innerspring.

Pocketed and non-pocketed innerspring units are included in this definition. Non-pocketed innersprings are typically joined together with helical wire and border rods. Non-pocketed innersprings are included in this definition regardless of whether they have border rods attached to the perimeter of the innerspring. Pocketed innersprings are individual coils covered by a “pocket” or “sock” of a nonwoven synthetic material or woven material and then glued together in a linear fashion.

Uncovered innersprings are classified under subheading 9404.29.9010 and have also been classified under subheadings 9404.10.0000, 9404.29.9005, 9404.29.9011, 7326.20.0070, 7326.20.0090, 7320.20.5010, 7320.90.5010, or 7326.20.0071 of the Harmonized Tariff Schedule of the United States (HTSUS).⁴ The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope of the *Order* is dispositive.

Preliminary Determination of No Shipments

On April 23, 2021, we released the U.S. Customs and Border Protection (CBP) entry data of subject merchandise exported to the United States by Comfort Coil during the POR.⁵ This query returned no entries during the POR.⁶ Thereafter, we received a timely submission from Comfort Coil certifying that it did not have sales, shipments, or exports of subject merchandise to the United States during the POR.⁷ We submitted a no-shipments inquiry to CBP with regard to Comfort Coil, to which CBP responded that it found no shipments of subject merchandise by Comfort Coil during the POR.⁸

⁴ Based on a recommendation by CBP, on September 6, 2017, Commerce added HTS 7326.20.0090 to the scope. See Memorandum, “Request from Customs and Border Protection to Update the ACE AD/CVD Case Reference File, Uncovered Innersprings from the People’s Republic of China (A–570–928) and South Africa (A–791–821),” dated September 6, 2017.

⁵ See Memorandum, “U.S. Customs and Border Protection Data Query,” dated April 23, 2021.

⁶ *Id.* at Attachment 1.

⁷ See Comfort Coil’s Letter, “Uncovered Innerspring Units from the People’s Republic of China—No Sales Certification,” dated April 27, 2021.

⁸ See Memorandum, “Uncovered Innerspring Units from the People’s Republic of China (A–570–928); No shipment inquiry with respect to Comfort Coil Technology Sdn. Bhd., during the period 02/01/2020 through 01/31/2021,” dated August 10, 2021. After the initial release of the CBP data, the petitioner requested that Commerce issue its standard questionnaire to Comfort Coil, despite the CBP data revealing no POR shipments of subject

merchandise. Accordingly, and consistent with our practice, we preliminarily determine that Comfort Coil had no shipments and, therefore, no reviewable entries, of subject merchandise during the POR. In addition, we find it is not appropriate to rescind the review with respect to this company, but rather, to complete the review with respect to Comfort Coil and issue appropriate instructions to CBP based on the final results of the review, consistent with our practice in non-market economy (NME) cases.⁹

China-Wide Entity

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative review.¹⁰ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity, and we did not self-initiate a review, the China-wide entity rate (*i.e.*, 234.51 percent) is not subject to change as a result of this review.¹¹ Aside from Comfort Coil, we did not receive a review request for any other company.

Public Comment

Interested parties are invited to comment on the preliminary results and may submit case briefs and/or written comments, filed electronically via Enforcement and Compliance’s Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS), within 30 days after the date of publication of these preliminary results of review.¹² ACCESS is available to registered users at <https://access.trade.gov>. Rebuttal briefs, limited to issues raised in the case briefs, must be filed within seven days after the time limit for filing case

merchandise. See Petitioner’s Letter, “Uncovered Innerspring Units from the People’s Republic of China: Comments on US Customs and Border Protection Entry Data Results,” dated April 30, 2021. However, absent record evidence from CBP (or any other source) calling into question the initial entry data, or the results of the subsequent no-shipment inquiry to CBP, there is no basis to issue the antidumping duty questionnaire to Comfort Coil here. Moreover, and as noted below, Commerce will complete the review with respect to Comfort Coil.

briefs.¹³ Parties who submit case or rebuttal briefs in this proceeding are requested to submit with each argument a statement of the issue, a brief summary of the argument, and a table of authorities.¹⁴ Note that Commerce has temporarily modified certain portions of its requirements for serving documents containing business proprietary information, until further notice.¹⁵

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to Commerce within 30 days of the date of publication of this notice.¹⁶ Requests should contain: (1) The party’s name, address, the telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held.¹⁷ Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Commerce intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, unless extended, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and CBP will assess, antidumping duties on all appropriate entries covered by this review.¹⁸ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication). Pursuant to Commerce’s practice in NME cases, if we continue to determine in the final results that Comfort Coil had no

shipments of subject merchandise, any suspended entries of subject merchandise during the POR from Comfort Coil will be liquidated at the China-wide rate, 234.51 percent.¹⁹

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed Chinese and non-Chinese exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be China-wide rate of 234.51 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Certain Walk-Behind Snow Throwers and Parts Thereof From the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain walk-behind snow throwers and parts thereof (snow throwers) from the People's Republic of China (China) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is July 1, 2020, through December 31, 2020. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable November 5, 2021.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita or Brendan Quinn, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4243 or (202) 482-5848, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 26, 2021.¹ On August 20, 2021, Commerce postponed the preliminary determination of this investigation, and the revised deadline is now October 26, 2021.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics

included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are snow throwers from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ MTD Products Inc. (the petitioner) commented on the scope of the investigation, requesting the addition of exclusion language to the scope as it appeared in the *Initiation Notice*.⁶ Thus, Commerce preliminarily modified the scope language as it appeared in the *Initiation Notice* to include the requested language in the companion countervailing duty (CVD) preliminary determination.⁷ See the revised scope in Appendix I to this notice and accompanying Preliminary Decision Memorandum for further discussion.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Because China is a non-market economy, within the meaning of section 771(18) of the Act, Commerce has calculated normal value in accordance with section 773(c) of the Act. In addition, pursuant to sections 776(a) and (b) of the Act,
