Title: 7 CFR 1927—Common Forms Package for Real Estate Title Clearance and Loan Closing.

OMB Number: 0575–New.

Expiration Date of Approval: Three years from approval date.

Type of Request: New information collection.

Abstract: The information collection under OMB Number 0575–New will enable the Agencies to effectively extend financial assistance to construct, improve, alter, repair, replace or rehabilitate dwellings, farm buildings, and/or related facilities to provide decent, safe, and sanitary living conditions and adequate farm buildings and other structures in rural areas. Title clearance is required to assure the Agency (s) that the loan is legally secured and has the required lien priority.

RD will be collecting information to assure that those participating in this program remain eligible to proceed with loan closing and to ensure that loans are made with Federal funds are legally secured. The respondents are individuals or households, businesses and non-profit institutions. The information required is used by the USDA personnel to verify that the required lien position has been obtained. The information is collected at the field office responsible for processing a loan application through loan closing. The information is also used to ensure the program is administered in manner consistent with legislative and administrative requirements. If not collected, the Agency would be unable to determine if the loan is adequately and legally secure. RD continually strives to ensure that information collection burden is kept to a minimum.

Estimate of Burden: RD is requesting approval for one respondent and a one-hour place holder in order for OMB to issue a control number for these forms. The burden for each of the forms will be accounted for within the individual Rural Development program collection packages using the form(s).

Respondents: Individuals or Households, Businesses, Closing agents/ Attorneys and the field office staff.
