

ACTION: Notice of application.

SUMMARY: Rassini Energy Project, LLC (Applicant or REP) has applied for authorization to transmit electric energy from the United States to Mexico pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before December 6, 2021.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586–8008.

FOR FURTHER INFORMATION CONTACT: Matt Aronoff, (202) 586–5863, matthew.aronoff@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On October 22, 2021, REP filed an application with DOE (Application or App.) to renew its existing authorization to transmit electric energy from the United States to Mexico. *See* App. at 1. REP states that it “is a limited liability company organized and existing under the laws of the State of Delaware with its principal place of business located [in] Plymouth, Michigan.” *Id.* REP adds that it is a “subsidiary of Rassini International Investments, L.L.C., a Delaware limited liability company (Rassini).” *Id.* REP represents that, “[n]either [it] nor any of its affiliates owns, controls, or operates any electric generation, electric distribution or transmission facilities, or natural gas distribution or transmission facilities, . . . or generation sites in the United States.” *Id.* at 2. REP also states that, “neither [it] nor any of its affiliates has a franchise or service territory for the sale, distribution or transmission or electricity or natural gas in the United States.” *Id.* at 2.

REP contends that its proposed exports “would not negatively impact electric supply, nor would they impair the coordination of the electric grid under the DOE’s standards.” App. at 4. REP represents that “the export limits imposed by the Department on the international transmission facilities are sufficient to ensure that exports by Applicant would not impede or tend to impede the coordinated use of transmission facilities within the

meaning of FPA Section 202(e).” *Id.* at 6.

The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission’s (FERC) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning REP’s application to export electric energy to Mexico should be clearly marked with OE Docket No. EA–426–A. Additional copies are to be provided directly to Juan Pablo Rosas P., Pedregal 24—Piso 7, Col. Molino del Rey C.P., 11040, Ciudad de México, Mexico, jprosas@rassini.com; William D. DeGrandis, 2050 M Street NW, Washington, DC 20036, billdegrandis@paulhastings.com; and Jenna L. McGrath, 2050 M Street NW, Washington, DC 20036, jennamcgrath@paulhastings.com.

A final decision will be made on the requested authorization after the environmental impacts have been evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE evaluates whether the proposed action will have an adverse impact on the sufficiency of supply or the reliability of the U.S. electric power supply system.

Copies of the Application will be made available, upon request, by accessing the program website at <https://energy.gov/node/11845>, or by emailing Matt Aronoff at matthew.aronoff@hq.doe.gov.

Signed in Washington, DC, on November 1, 2021.

Christopher Lawrence,

Management and Program Analyst, Electricity Delivery Division, Office of Electricity.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Agency Information Collection Extension; Revision to Currently Approved Collection

AGENCY: Department of Energy.

ACTION: Submission for Office of Management and Budget (OMB) review; comment request.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years, an information collection request with the OMB.

DATES: Comments regarding this collection must be received on or before December 6, 2021. If you anticipate difficulty in submitting comments within that period, contact the person listed below as soon as possible.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed by phone to Jonathan Parthum at (202) 586–5120 or by email at jonathan.parthum@hq.doe.gov.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains: (1) *OMB No.:* 1910–0800; (2) *Information Collection Request Title:* Legal Collections; (3) *Type of Review:* Renewal and Revision; (4) *Purpose:* To continue to maintain DOE oversight of responsibilities relating to DOE and Contractor invention reporting and related matters; (5) *Annual Estimated Number of Respondents:* 1525; (6) *Annual Estimated Number of Total*

Responses: 1830; (7) Annual Estimated Number of Burden Hours: 4412.4; (8) Annual Estimated Reporting and Recordkeeping Cost Burden: \$199,087.49.

The revision consists of updates to two documents: DOE F 482.2 and DOE F 2050.11. For DOE F 482.2, the form is modified to add a Patents Rights-Waiver Clause Including U.S. Competitiveness terms and conditions acceptance to the beginning of the document. As for DOE F 2050.11, this form is modified to add the appropriate Paperwork Reduction Act statement that is currently included in each of the other documents within the collection.

Statutory Authority: 42 U.S.C. 5908(a) (b) and (c); 37 CFR part 404; 10 CFR part 784.

Signing Authority: This document of the Department of Energy was signed on November 2, 2021, by Brian Lally, Assistant General Counsel for Technology Transfer and Intellectual Property, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect on this document upon publication in the **Federal Register**.

Signed in Washington, DC, on November 2, 2021.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-184-D]

Application To Export Electric Energy; Morgan Stanley Capital Group Inc.

AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: Morgan Stanley Capital Group Inc. (Applicant or MSCG) has applied for authorization to transmit electric energy from the United States to Mexico pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before December 6, 2021.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586-8008.

FOR FURTHER INFORMATION CONTACT: Matt Aronoff, (202) 586-5863, matthew.aronoff@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On October 7, 2021, MSCG filed an application with DOE (Application or App.) to transmit electric energy from the United States to Mexico “for a five-year period, or such longer period as the Department may authorize for similarly situated power marketers.” App. at 1. MSCG states that it “is a Delaware corporation with its principal place of business in New York, New York” and that it “is an indirect, wholly-owned subsidiary of Morgan Stanley.” *Id.* at 2. MSCG represents that it “does not directly own or control any electric generation or transmission facilities, nor does it hold a franchise or service territory for the transmission, distribution, or sale of electric power.” *Id.* at 3.

MSCG states that it “has purchased, or will purchase, the power that may be exported to Mexico from wholesale generators, electric utilities, and federal power marketing agencies.” App. at 7. MSCG contends that its proposed export of electricity “will not impair the sufficiency of electric supply within the United States, nor does it or will it impede or tend to impede the coordination in the public interest of facilities subject to the jurisdiction of the Federal Energy Regulatory Commission.” *Id.* at 1-2.

The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission’s (FERC)

Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning MSCG’s application to export electric energy to Mexico should be clearly marked with OE Docket No. EA-184-D. Additional copies are to be provided directly to Edward Zabrocki, 1633 Broadway, 29th Floor, New York, NY 10019, Ed.Zabrocki@morganstanley.com; Daniel E. Frank, 700 Sixth St. NW, Suite 700, Washington, DC 20001-3980, danielfrank@eversheds-sutherland.com; and Martha M. Hopkins, 700 Sixth St. NW, Suite 700, Washington, DC 20001-3980, martyhopkins@eversheds-sutherland.com.

Copies of the Application will be made available, upon request, by accessing the program website at <https://energy.gov/node/11845>, or by emailing Matt Aronoff at matthew.aronoff@hq.doe.gov.

Signed in Washington, DC, on November 1, 2021.

Christopher Lawrence,

Management and Program Analyst, Electricity Delivery Division, Office of Electricity.
