Rules 15Fb1-1 through 15Fb6-2 and Forms SBSE, SBSE-A, SBSE-BD, SBSE-C and SBSE-W

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rules 15Fb1-1 through 15Fb6-2 and Forms SBSE, SBSE-A, SBSE-BD, SBSE-C and SBSE-W (17 CFR 240.15Fb1-1 through 240.15Fb6-2, and 17 CFR 249.1600, 249.1600a, 249.1600b, 249.1600c and 249.1601), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

The Commission adopted Rules 15Fb1-1 through 15Fb6-2 and Forms

SBSE, SBSE-A, SBSE-BD, SBSE-C and SBSE-W on August 5, 2015 to create a process to register SBS Entities. Forms SBSE, SBSE-A, and SBSE-BD and SBSE-C were designed to elicit certain information from applicants. The Commission uses the information disclosed by applicants through the SBS Entity registration rules and forms to: (1) Determine whether an applicant meets the standards for registration set forth in the provisions of the Exchange Act; and (2) develop an information resource regarding SBS Entities where members of the public may obtain relevant, up-to-date information about SBS Entities, and where the Commission may obtain information for examination and enforcement purposes. Without the information provided through these SBS Entity registration rules and forms, the Commission could not effectively determine whether the applicant meets the standards for registration or implement policy objectives of the Exchange Act.

The information collected pursuant to Rule 15Fb3-2 and Form SBSE-W allows the Commission to determine whether it is appropriate to allow an SBS Entity to withdraw from registration and to facilitate that withdrawal. Without this information, the Commission would be unable to effectively determine whether it was appropriate to allow an SBS Entity to withdraw. In addition, it would be more difficult for the Commission to properly regulate SBS Entities if it were unable to quickly identify those that have withdrawn from the security-based swap business.

In 2017 there were approximately 55 entities that may need to register as SBS Entities. That number has not changed. The Commission estimates that these Entities likely would incur a total burden of 9,825 hours per year to comply with Rules 15Fb1-1 through 15Fb6-2 and Forms SBSE, SBSE-A, SBSE-BD, SBSE-C and SBSE-W.

In addition, Rules 15Fb1-1 through 15Fb6-2 and Forms SBSE, SBSE-A, SBSE-BD, SBSE-C and SBSE-W may impose certain costs on non-resident persons that apply to be registered with the Commission as SBS Entities, including an initial and ongoing costs associated with obtaining an opinion of counsel indicating that it can, as a matter of law, provide the Commission with access to its books and records and submit to Commission examinations, and an ongoing cost associated with establishing and maintaining a relationship with a U.S. agent for service of process.

The staff estimates, based on internet research,¹ that it would cost each nonresident SBS Entity approximately \$191 annually to appoint and maintain a relationship with a U.S. agent for service of process. Consequently, the total cost for all nonresident SBS Entities to appoint and maintain relationships with U.S. agents for service of process is approximately \$4,202 per year.

Non-resident SBS Entities also would incur outside legal costs associated with obtaining an opinion of counsel. The staff estimates that each of the estimated 22 non-resident persons that likely will apply to register as SBS Entities with the Commission would incur, on average, approximately \$25,000 in outside legal costs to obtain the opinion of counsel necessary to register, and that the total annualized cost for all nonresident SBS Entities to obtain this opinion of counsel would be approximately \$183,333. Nonresident SBS Entities would also need to obtain a revised opinion of counsel after any changes in the legal or regulatory framework that would impact the SBS Entity's ability to provide, or manner in which it provides, the Commission with prompt access to its books and records or that impacts the Commission's ability to inspect and examine the SBS Entity. We do not believe this would occur frequently, and therefore estimate that one non-resident entity may need to recertify annually. Thus, the total ongoing cost associated with obtaining a revised opinion of counsel regarding the new regulatory regime would be approximately \$25,000 annually. Consequently, the total annualized cost burden associated with Rules 15Fb1-1 through 15Fb6-2 and Forms SBSE, SBSE-A, SBSE-BD, SBSE-C and SBSE-W would be approximately \$212,205 per year.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity

Extension:
Rule 17f-2(a)

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 17f-2(a) (17 CFR 240.17f-2(a)), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 17f-2(a) (Fingerprinting Requirements for Securities Professionals) requires that securities professionals be fingerprinted. This requirement serves to identify security-risk personnel, to allow an employer to make fully informed employment decisions, and to deter possible wrongdoers from seeking employment in the securities industry. Partners, directors, officers, and employees of

exchanges, brokers, dealers, transfer agents, and clearing agencies are included.

The Commission staff estimates that approximately 4,480 respondents will submit an aggregate total of 289,780 new fingerprint cards each year or approximately 65 fingerprint cards per year per registrant. The staff estimates that the average number of hours necessary to complete a fingerprint card is one-half hour. Thus, the total estimated annual burden is 144,890 hours for all respondents (289,780 times one-half hour). The average internal cost of compliance per hour is approximately \$283. Therefore, the total estimated annual internal cost of compliance for all respondents is \$41,003,870 (144,890 times \$283).

This rule does not involve the collection of confidential information.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Regulation AC

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Regulation Analyst Certification (“Regulation AC”) (17 CFR 242.500-505, under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*)). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Regulation AC requires that research reports published, circulated, or provided by a broker or dealer or covered person contain a statement attesting that the views expressed in each research report accurately reflect the analyst’s personal views and whether or not the research analyst received or will receive any compensation in connection with the views or recommendations expressed in the research report. Regulation AC also requires broker-dealers to, on a quarterly basis, make, keep, and maintain records of research analyst statements regarding whether the views expressed in public appearances accurately reflected the analyst’s personal views, and whether any part of the analyst’s compensation is related to the specific recommendations or views expressed in the public appearance. Regulation AC also requires that research prepared by foreign persons be presented to U.S. persons pursuant to Securities Exchange Act Rule 15a-6 and that broker-dealers notify associated persons if they would be covered by the regulation. Regulation AC excludes the news media from its coverage.

The Commission estimates that Regulation AC imposes an aggregate annual time burden of approximately 40,806 hours. The Commission estimates that the total annual internal cost of compliance for the 40,806 hours is approximately \$20,923,582.

Written comments are invited on: (a) Whether the proposed collection of
